The Life-Course of Serious and Violent Youth Grown Up addresses significant gaps in the literature on youth involved in chronic, serious, and violent offending. Through longitudinal research and a long follow-up into adulthood, it challenges common perceptions about offending outcomes. Using theoretically grounded, methodologically sophisticated

involvement, from onset to persistence to desistance. Most participants experienced continued involvement in the justice system in adulthood. However, contrary to past literature, ISVYOS findings challenge static descriptions of chronic offending and notions of the youth "super predator". ISVYOS findings also challenge assertions that experiences and risk factors in childhood and adolescence are not informative of adult justice system involvement. Together, the findings call for a more humanistic approach that recognizes that the complex lives of individuals formerly

Stress is part of the job, but when 70 percent of teachers quit within their first five years because the stress is making them physically and mentally ill, things have gone too far. Unsurprisingly, these effects are highest in difficult-to-fill positions such as math, science, and foreign languages, and in urban areas and secondary classrooms—places where we need our teachers to be especially motivated and

In 1925 Harold Ross hired Katharine Sergeant Angell as a manuscript reader for The New Yorker. Within months she became the magazine's first fiction editor, discovering and championing the work of Vladimir Nabokov, John Updike, James Thurber, Marianne Moore, and her husband-to-be, E. B. White, among others. After years

of cultivating fiction, White set her sights on a new genre: garden writing. On March 1, 1958, The New Yorker ran a column entitled "Onward and Upward in the Garden," a critical review of garden catalogs, in which White extolled the writings of "seedmen and nurserymen," those unsung authors who produced her "favorite reading matter." Thirteen more columns followed, exploring the history and literature of gardens, flower arranging, herbalists, and developments in gardening.

Reflections of a Joyful Life

**Keep Christianity Strange.
As the culture changes all
around us, it is no longer
possible to pretend that
we are a Moral Majority.
That may be bad news for
America, but it can be
good news for the church.
What's needed now, in
shifting times, is neither
a doubling-down on the
status quo nor a pullback
into isolation. Instead,
we need a church that
speaks to social and
political issues with a
bigger vision in mind:**

that of the gospel of
Jesus Christ. As
Christianity seems
increasingly strange, and
even subversive, to our
culture, we have the
opportunity to reclaim the
freakishness of the
gospel, which is what
gives it its power in the
first place. We seek the
kingdom of God, before
everything else. We
connect that kingdom
agenda to the culture
around us, both by
speaking it to the world
and by showing it in our
churches. As we do so, we

oppose demons, not to
demonize opponents. As we
advocate for human
dignity, for religious
liberty, for family

those with a prophetic
word that turns everything
upside down. The signs of
the times tell us we are
in for days our parents
and grandparents never
knew. But that's no call
for panic or surrender or
outrage. Jesus is alive.
Let's act like it. Let's
