Discover the heartwarming true story of a life-changing friendship between a man and his rescue cat, Nala, as they adventure together on a bike journey around the world -- from the Instagram phenomenon @lbikelworld. When 30-year-old Dean Nicholson set off from Scotland to cycle around the world, his aim was to learn as much as he could about our troubled planet. But he hadn't bargained on the lessons he'd learn from his unlikely companion. Three months after leaving home, on a remote road in the mountains between Montenegro and Bosnia, he came across an abandoned kitten. Something about the piercing eyes and plaintive meowing of the bedraggled little cat proved irresistible. He couldn't leave her to her fate, so he put her on his bike and then, with the help of local vets, nursed her back to health. Soon on his travels with the cat he named Nala, they forged an unbreakable bond -- both curious, independent, resilient and adventurous. The video of how they met has had 20 million views and their Instagram has grown to almost 750k followers -- and still counting! Experiencing the kindness of strangers, visiting refugee camps, rescuing animals through Europe and Asia, Dean and Nala have already learned that the unexpected can be pretty amazing. Together with Garry Jenkins, writer with James Bowen of the bestselling A Street Cat Named Bob, Dean shares the extraordinary tale of his and Nala's inspiring and heart-warming adventure together.

In the fourth installment of the delightful Honeycake series, Nala goes into her papa's office without permission and breaks his favourite mug. Nala panics and hides in her bedroom. With the help of her parents, Nala learns a valuable lesson of trust and how to have an open and honest communication in a safe space. Nala also learns that trust takes a long to build and can easily be destroyed in a split second! With A Circle of Trust there is no beginning and no end, which signifies that your love for one another is endless and will last forever.

The True Story of a Stolen Dog and the Humans He Brought Together

Growing Sustainable Together

Damayanti

The tale of Nala and Damayanti is a complex mythological romance that predates the epic Mahabharata. Narrated by the sage Vrihadaswa in the Vana Parva (Book of the Forest) of this epic, it has woven a magical spell on readers down the ages with its narration of: Golden-winged, celestial swans... Shape-shifting gods vying with humans to wed the most beautiful woman ever... Demons loading the dice to wreck a union blessed by the very gods... A serpent's venom transforming a king into a misshapen dwarf... Two lovers driven apart, and later reunited, through an unheard of second swayamvar (self-choice of a husband) by a renowned princess, in Indian history. It's regarded as the greatest love story ever told and retold down the ages in almost every regional language of India. Historians, Poets and Dramatists the world over have waxed eloquent about the love of Nala and Damayanti: "His thoughts were with a face his dreams had seen Diviner than the jasmine's moon-flaked glow. He listened to a name his dreams had learned Sweeter than the passion of a crooning bird." - Sri Aurobindo, The Tale of Nala (incomplete) "Suddenly, in human language, the swan spoke: "Damayanti, in Nishadha, dwells the noble king - like the Ashwins in beauty, peerless among men is he...". Reverend Henry Hart Milman - Historian, Poet and Dramatist "The story of Nala and Damayanti is without doubt one of the most beautiful stories in the world..." - Norman N. Penzer, Fellow of the Royal Geographic Society, London

I'm the new kid. I am turf. This morning I beat up a kid. It's only the first day of school for Dexter, but he's already mad at the principal, and the secretary, and the janitor, and the kids who laugh at him. When his teacher tells the class to write a story, Dexter writes about how tough he is--and how he's already gotten into a fight. Is any of Dexter's story true? Why was the other boy crying before Dexter hit him? And why would the other boy still want to be Dexter's friend? Even Dexter doesn't know the answers to some of those questions. But as he deals with family problems, a persistent teacher, and a boy who's strangely interested in floor wax, he discovers many surprises hidden in his own tale.

A NEW YORK TIMES NOTABLE BOOK • The dramatic story of the Flint water crisis, by a relentless physician who stood up to power. “Stirring . . . [a] blueprint for all those who believe . . . that ‘the world . . . should be full of people raising their voices.’”–The New York Times “Revealing, with the gripping intrigue of a Grisham thriller.” –O: The Oprah Magazine Here is the inspiring story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world. Paced like a scientific thriller, What the Eyes Don’t See reveals how misguided austerity policies, broken democracy, and callous bureaucratic indifference placed an entire city at risk. And at the center of the story is Dr. Mona herself—an immigrant, doctor, scientist, and mother whose family’s activist roots inspired her pursuit of justice. What the Eyes Don’t See is a riveting account of a shameful disaster that became a tale of hope, the story of a city on the ropes that came together to fight for justice, self-determination, and the right to build a better world for their—and all of our—children. Praise for What the Eyes Don’t See “It is one thing to point out a problem. It is another thing altogether to step up and work to fix it. Mona Hanna-Attisha is a true American hero.”–Krin Brockovich “A clarion call to live a life of purpose.”–The Washington Post “Gripping . . . entertaining . . . Her book has power precisely because she takes the events she recounts so personally. . . . Moral outrage present on every page.”–The New York Times Review “Personal and emotional. . . She vividly describes the effects of lead poisoning on her young patients. . . . She is at her best when recounting the protective work she undertook after a tip-off about lead levels from a friend. . . . ?flint will not be defined by this crisis,” vows Ms. Hanna-Attisha. “–The Economist “Flint is a public health disaster. But it was Dr. Mona, this caring, tough pediatrician turned detective, who cracked the case.”–Rachel Maddow

Honeycake: Special Magical Powers - A Children's Picture Book About Kindness, Compassion and Empathy Literary Titan Gold Winning Book Kindness is a gift we can all afford to give. Though it doesn't cost a thing, your kindness can mean everything to another person. Could you imagine how much nicer the world would be if everyone smiled at each other or did a random act of kindness every day? We are kind when we use our manners by saying please and thank you, or by opening a door, or by giving our seat on a bus or train to a stranger in need. HAPPY, CARING CHILDREN The good feelings that we experience when being kind are produced by endorphins. They activate areas of the brain that are associated with pleasure, social connection, and trust. These feelings of joyfulness are proven to be contagious, encouraging more kind behavior (also known as altruism) by the giver and recipient. Acts of kindness help us form connections with others which are reported to be a strong factor in increasing happiness. Kindness is a key ingredient that enhances positivity and helps children feel good about themselves as it increases serotonin levels. This important chemical affects learning, memory, mood, sleep, health, and digestion. Children with a positive outlook have greater attention spans, more willingness to learn, and better creative thinking to improve results at school. In the third installment in the charming Honeycake Series, Nala brings her outgrown toys and clothes to Rainbow Hall, and spends the day with her Grandma and Uncle JD discovering a special magical power we all have called ?KINDNESS? Nala, learns the value of kindness and giving to others in this sweetheart of a story! As Nala states "being kind is like sprinkling a little bit of magic everywhere you go!" This sweet, cheerful book uplifts this message, and even better, it shows kids that they have power in their lives and they can be a positive force in their communities. Readers give this book and series a 5.0 out of 5 stars! A MUST HAVE IN EVERY CHILD'S BOOK COLLECTION "Honeycake: Special Magical Powers is a wonderful children's book by Medea Kalantar. This book follows the journey of Nala and how she learns about the magical powers she and everyone else has. She learns a valuable lesson from her family about kindness and how much it can mean to another person. I absolutely love this book. It is adorable and teaches children such an imperative lesson. It also presents the idea of kindness in such an understandable way, for young children. Nala learns about small things, like smiles, but then the story moves on to a much more serious topic. She is donating her old clothes and toys to a shelter for families; she learns about families who have lost everything. Her kindness of donating her old stuff that she has outgrown shows just how important it is because donating her old things cost her nothing, but it meant everything to those families to have clothing and toys. I love how this book can spark important conversations with children about how some people are less fortunate, and how sometimes you need help and it is okay to ask for it. Bravo Medea! This is another must have in every child's book collection!" LOVELY STORY "This is a lovely and heartfelt story about showing Nala how such a small gesture can significantly impact. This story helps explain his being kind to others go far beyond that person. It's an excellent lesson to teach kids, and this sweet story will help show them why and how the act of kindness is so important." KINDNESS IS SO IMPORTANT "After reading 'Honeycake: Special Magical Powers', me and my 5 year old son took the time to reflect on our most memorable acts of kindness. My son was so happy to learn that he had been using his magical powers all along. The story was so well written with an easy to follow storyline that kept my son intrigued from start to finish. He usually falls asleep mid-story but tonight, he wanted to know how this story ended. I asked him what he liked most about the book, and he said, "when Nala shared her toys with the kids that lost theirs in the fire." He loved the book and promises to use more of his magical powers to put a smile on other kids faces. I highly recommended this book to all families as it teaches our children the importance of caring, sharing and of course, kindness." It's the perfect gift for all teachers and children, preschool through grade 3. It helps caregivers and educators start an age-appropriate conversation on how kindness is caring about others and doing things to help make their lives better. Which allows us to connect with other people and build meaningful relationships. Sometimes we just need a little inspiration to spread some love and kindness in the world and Honeycake: Special Magical Powers does that perfectly!

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong'o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Times, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a resilient young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during his being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.
