If you have any knowledge of Olivia Shaw's whereabouts or any relevant information, please contact... I've spent a long time peering into the faces of girls on missing posters, wondering which one replaced me in that basement. But they were never quite the right age, the right look, the right circumstances. Until Olivia Shaw, missing for one week tomorrow. Whoever stole me was never found. But since I was taken, there hasn't been another girl. And now there is.

9 Days and 9 Nights

Come Back to Me

This book, about real vampires and the communities they have formed, explores the modern world of vampirism in all its amazing variety. Long before Dracula, people were fascinated by vampires. The interest has continued in more recent times with Anne Rice's Lestat novels, Buffy the Vampire Slayer, the HBO series True Blood, and the immensely popular Twilight. But vampires are not just the stuff of folklore and fiction. Based upon extensive interviews with members of the Atlanta Vampire Alliance and others within vampire communities throughout the United States, this fascinating book looks at the details of real vampire life and the many expressions of vampirism as it now exists. In Vampires Today: The Truth about Modern Vampirism, Joseph Laycock argues that today's vampires are best understood as an identity group, and that vampirism has caused a profound change in how individuals choose to define themselves. As vampires come "out of the coffin," as followers of a "religion" or "lifestyle" or as people biologically distinct from other humans, their confrontation with mainstream society will raise questions, as it does here, about how we define "normal" and what it means to be human.

"As Potter leaves Kiera and his friends to go in search of Luke, he makes a lonely journey across the snow-capped mountains of Cumbria. Haunted by the death of Murphy, the capture of Luke and the love that he feels for Kiera, Potter reflects on his past life and the disturbing events that took place at the Wolf House. He remembers his first encounter with the werewolves, how he had to save Murphy and Luke, and capture the serial killer who was murdering the children from the town of Little Hope"--Back cover.

In the highly anticipated finale to the New York Times bestselling trilogy, dictators, prophets, and tensions rise. In a world that's conquered death, will humanity finally be torn asunder by the immortal beings it created? Citra and Rowan have disappeared. Endura is gone. It seems like nothing stands between Scythe Goddard and absolute dominion over the world scythedom. With the silence of the Thunderhead and the reverberations of the Great Resonance still shaking the earth to its core, the question remains: Is there anyone left who can stop him? The answer lies in the Tone, the Toll, and the Thunder.

With nowhere else to run but The Hollows, Kiera Hudson finds herself in a world like no other. Entrusted with a secret, she has to make her way to the mysterious Lighthouse set hundreds of miles beneath the Earth. As she makes her journey, Kiera's companions are being murdered one by one. Is the killer amongst them - and it is the illustrious Elias Munn? Not knowing who to trust, who to love, or who to believe, Kiera makes the most dangerous journey of her life in search of the Elders hidden within the walls of the Dust Palace. With time running out, Kiera knows she must finally make the impossible choice of which race will live and which will die.

Deluxe edition with special embellishments on first printing only. From New York Times bestselling author of The Wicked Deep comes a haunting romance perfect for fans of Practical Magic, where dark fairy tales and enchanted folklore collide after a boy, believed to be missing, emerges from the magical woods—and falls in love with the witch determined to unravel his secrets. Be careful of the dark, dark wood... Especially the woods surrounding the town of Fir Haven. Some say these woods are magical. Haunted, even. Rumored to be a witch, only Nora Walker knows the truth. She and the Walker women before her have always shared a special connection with the woods. And it's this special connection that leads Nora to Oliver Huntsman—the same boy who disappeared from the Camp for Wayward Boys weeks ago—and in the middle of the worst snowstorm in years. He should be dead, but here he is alive, and left in the woods with no memory of the time he'd been missing. But Nora can feel an uneasy shift in the woods at Oliver's presence. And it's not too long after that Nora realizes she has no choice but to unearth the truth behind how the boy she has come to care so deeply about survived his time in the forest, and what led him there in the first place. What Nora doesn't know, though, is that Oliver has secrets of his own—secrets he'll do anything to keep buried, because as it turns out, he wasn't the only one to have gone missing on that fateful night all those weeks ago. For as long as there have been fairy tales, we have been warned to fear what lies within the dark, dark woods and in Winterwood, New York Times bestselling author Shea Ernshaw, shows us why.
