“A kind of apocalyptic Super Size Me” (The Guardian) that is both “page turning and thoughtful” (Financial Times) about “prepper” communities around the world that are building fortresses against an array of threats. Currently, 3.7 million Americans call themselves preppers. Millions more prep without knowing it. Bradley Garrett, who began writing this book years before the 2020 Covid-19 pandemic, argues that prepping is a rational response to global, social, and political systems that are failing to produce credible narratives of continued stability. Left with a sense of foreboding fueled by disease outbreaks, increasing government dysfunctionality, eroding critical infrastructure, nuclear brinkmanship, and an accelerating climate crisis, people all over the world are

responding predictably—by hunkering down. Garrett traveled across four continents to meet those who are constructing panic rooms, building underground backyard survival chambers, stockpiling supplies, preparing go bags, hiding inflatable rafts, rigging mobile “bugout” vehicles, and burrowing deep into the earth. He has returned with “a big-thinking, deep-diving, page-turning study of fear, privilege, and apocalypse” (Robert Macfarlane, author of *Underland*) from the frontlines of the way we live now: an illuminating reflection on our age of disquiet and dread that brings our times into new and sharper focus. With scenes that are “fascinating, amusing, crazy, chilling, and surreally topical” (Douglas Preston, author of *Lost City of the Monkey God*), Garrett shows that the bunker is all around us: in malls,

Look who just dragged himself out of Hell... Yancy Lazarus-mage, bluesman, and Hand of Fate-is back from Hell, and the world of the living ain't what it used to be. The Guild of the Staff is broken, his friends are being hunted down, and the pact between the supernatural nations is on the brink of collapse. Someone needs to shoot some sense into people, and if there's one thing Yancy knows about a job well done, it's that you have to do it yourself. But the ringmaster at the center of this evil clown circus is the Morrigan, the Irish War Walker of Old, and she's cooked up a nasty new ritual that could be the end of humanity. This isn't like the last time she faced Yancy, however. Fueled by both cleansing magic and

The author of the Yancy Lazarus series introduces a golem forged from the ashes of WWII in “a dark tale of vengeance and redemption” (Domino Finn, author of the Black Magic Outlaw series). Levi Adams is a soft-spoken, middle-aged Mennonite man—at least he tries to be when he’s not murdering people. Levi’s a golem, a Mudman, crafted from the muck, mire, and corpses of a World War II concentration camp and saddled with a divine commission to dole out judgment on those who shed innocent blood. But now, after seventy years as a cold-blooded murder machine, he’s turned to AA meetings and church services to help change his grisly

as a hippie-leader at Columbia University. The book opens two generations before the main events, spans the lives of two characters, and closes in an unearthly (although unnamable, non-referent, and unmistakably fictional) dimension. It is gripping, funny, and not autobiographical, traditional in sentence structure but metaphysical and told almost like a fable. Several forms comprise the text: omniscient narrative, letters, journal entries, fictitious NY Times articles, aphorisms, quotations, definitions, dreams, and dialogue.
