Suppose you could communicate with a visitor who was not from this place, time-space or even this dimension? What would you want to ask them? The answers probably lie in what our own response would be if

Online Library Visitors Book (Visitors Record Book)

we were them. This book is based on a collection of interviews I have had with a few individuals who may have actually had such an experience. The idea is that if enough of us are ready to ask the questions and gain the answers, then our collective knowledge and understanding of the "multiverse" about us can only continue to be enhanced. Sometimes the responses that you will read here are similar; often they are diametrically opposed to each other. An open but highly skeptical mind is extremely necessary if you are going to sift through the data that is presented in this book. The intent is that it should peak your curiosity to learn more about "visitors." In this way, we may be better informed and prepared, and thus in some sort of coherent shape to deal with their arrival. If you read this book, you must be well prepared to choose for yourself what you will or will not believe.

The island has always seemed such a safe place, such a friendly community. Now the possibility of a killer on Bancree is dangerously close to home. Nobody moves to the remote Scottish island of Bancree, and few leave - but leaving is exactly what seventeen-year-old Flora intends to do. So when a mysterious man and his daughter

Online Library Visitors Book (Visitors Record Book)

move into isolated Dog Cottage, Flo is curious. What could have brought these strangers to the island? The man is seductively handsome but radiates menace; and there's something about his daughter Ailsa that Flo can't help but feel drawn towards. People aren't only arriving on Bancree - they are disappearing too. Reports of missing islanders fill the press and unnerve the community. When a body washes ashore, suspicion turns to the strange newcomers on Dog Rock. Convinced of their innocence, Flo is fiercely determined to protect her friend Ailsa. Could the answer to the disappearances, and to the pull of her own heart, lie out there, beyond the waves? Like his father before him, Orlando chooses a bride whose sudden arrival totally disrupts the lives of those closest to him; he marries Lindy on a whim and brings her to the house where he spent his childhood. She is obsessed with her career and is quite different from the other women who feel they have a claim to him - his godmother Victoria, who brought him up, and his childhood friend Rose, who has always worshipped him. But Lindy must contend with the ghost of Orlando's mother, whose hold over them all is hidden in the pages of the visitor's book...

When living abroad, there are two rules to be followed: 1-If you are lucky enough to find a place you belong, you should never actually live there. And 2-Never live with a man you think you could never live

without. But then, what fun would that be? In this funny, forthright, and charming memoir, Helen Stevenson chronicles her experiences as a young British expatriate living in the countryside of France. With emotional depth and lyrical sensitivity, Stevenson introduces readers to the myriad residents of the quaint hamlet known only as "le village." There's Stefan, the Maoist tennis buff, who has his own unique way of showing empathy for the masses; Gigi, the chic Parisian who uses her boutique to dress her ex-lovers' girlfriends; and Luc, the cowboy painter and part-time dentist, who, overcoming his aversion to blondes, becomes enamored of the Englishwoman who has been warmly embraced by the rural community. But her troubled love affair with this local lothario comes to represent the poignant truth: she is still, somehow, an outsider. Luc reminds her: "Le village, c'est moi," and she can never say the same. Evoking the languid, sensual essence of Mediterranean France, Instructions for Visitors is a very personal revelation of the wonders and the difficulties of relocating one's home—and one's heart.

Visitor Experiences of the Nazi and GDR Past

A rollicking mystery with an unexpected hero, this fully-illustrated chapter book continues the adventures of Ghoulia, a lovable, not-so-scary zombie. One dark and stormy night, Ghoulia's cousin Dilbert comes to visit her at Crumbling Manor. She's confused—she didn't invite him, and it turns out that Dilbert's a real grouch. He complains about everything! When Ghoulia tries to track down Auntie Departed to find out why she invited Dilbert, she finds that Auntie has vanished. Ghoulia can't find her. And the doorbell won't stop ringing. One after another, Ghoulia's friends arrive—all with the same mysterious invitation in hand. As the gang searches Crumbling Manor for Auntie Departed, one of their own goes missing. Finally, Dilbert inadvertently solves the mystery in the greenhouse when he finds himself face-to-face with the sinister Chatterbox Ivy. Clue meets Little Shop of Horrors in this fun romp, which includes

full-color illustrations and kid-friendly activities. This book considers tourism to memorial sites from a visitor's point of view, challenging established theories in tourism and memory studies by critically appraising Germany's often celebrated memory culture. Based on visitor observations and exit interviews, this book examines how domestic and international visitors negotiate their visits to the concentration camp memorials Ravensbrück and Flossenbürg, the House of the Wannsee Conference and the former Stasi prison Bautzen II. It argues that memorial sites are melting pots where family, national and global narratives meet. For German visitors, the visit to memorial sites is a confrontation with Germany's responsibility for the two dictatorships while for international visitors it can be a form of 'seeing is believing'. Ultimately, it is the immediacy of the space that is the most important part of the visit. Rooted in an interdisciplinary approach, this book will be of interest to academics and students in German Studies, Tourism and Heritage Studies, Museum Studies, Public History, and Memory Studies. This visitor record book / visitor entry register book is

In this sensational collection of supernatural short stories, Sophie Hannah takes the comforting scenes of everyday life and imbues them with a frisson of fear, then a gust of terror. Why is a young woman so unnerved by the presence of a visitors book in her boyfriend's inner-city home? And whose spidery handwriting is it that fills the pages? Who is the strangely courteous boy still lingering at a child's tenth birthday party when all the parents have gathered their children and

left? And why does the presence of a perfectly ordinary woman in a post office line leave another customer sweating with fear? Read on to find out—but beware . . .
