This ebook includes audio narration. A deliciously imaginative story about friendship—from the author / illustrator of The Scrambled States of America. Arnie was fascinated as he watched the customers stream into the bakery. One by one, doughnuts were chosen, placed in paper bags, and whisked away with their new owners. Some went by the dozen in giant boxes. "Good-bye!" Arnie yelled to each doughnut. "Have a good trip!" "This is so exciting!" Arnie beamed. "I wonder who will choose ME?" At first glance, Arnie looks like an average doughnut—round, cakey, with a hole in the middle, iced and sprinkled. He was made by one of the best bakeries in town, and admittedly his sprinkles are candy-colored. Still, a doughnut is just a doughnut, right? WRONG! Not if Arnie has anything to say about it. And, for a doughnut, he sure seems to have an awful lot to say. Can Arnie change the fate of all doughnuts—or at least have a hand in his own future? Well, you'll just have to read this funny story and find out for yourself. This title has Common Core connections Arnie, the Doughnut is a 2004 Bank Street - Best Children's Book of the Year.

Once you see your gifts from God's perspective, your giving will never be the same. When she was a toddler, Jeff Anderson's daughter opened his eyes to how delighted God is with our gifts. She brought him a plastic donut from her play kitchen, and he was surprised by the intensity of his reaction. His delight in receiving this simple gift—and his daughter's joy in giving it—led him to dig deeper. Anderson would not rest until he found the scriptural connection between our gifts and God's heart. Plastic Donuts removes the awkwardness and uncertainty that often accompany discussions about giving. Now you can think differently—and biblically—about what and how you give. Your gifts can capture God's attention and connect you more intimately with His heart. Plastic Donuts brings everyone—leaders and followers, teachers and learners—onto the same page.

A generous but increasingly put-upon bear makes batch after batch of doughnuts for her woodland friends without saving any for herself in this delightful debut picture book about counting, sharing, and being a good friend. LouAnn (a bear) is making a doughnut feast in preparation for her long winter's nap. But just before she takes the first bite, DING DONG! Her friend Woodrow (a woodchuck) drops by. LouAnn is happy to share her doughnuts, but as soon as she and Woodrow sit down to eat, DING DING! Clyde (a raccoon) is at the door. One by one, LouAnn's friends come over--Topsy (an opossum) and then Moufette (a skunk) and then Chip and Chomp (chipmunks)--until it's one big party. LouAnn welcomes her surprise guests and makes batch after batch of doughnuts, always dividing them equally among her friends. But she makes one BIG miscalculation. Soon LouAnn's kitchen is bare, winter is near, and she's had nothing to eat at all!

*Julie Tieu sparkles in this debut romantic comedy, which is charmingly reminiscent of the TV show Kim's Convenience and Frankly in Love by David Yoon, about a young woman who feels caught in the life her parents have made for her until she falls in love and finds a way out of the donut trap. Jasmine Tran has landed herself behind bars—maple bars that is. With no boyfriend or job prospects, Jasmine returns home to work at her parents' donut shop. Jasmine quickly loses herself in a cyclical routine of donuts, Netflix, and sleep. She wants to break free from her daily grind, but when a hike in rent threatens the survival of their shop, her parents rely on her more than ever. Help comes in the form of an old college crush, Alex Lai. Not only is he successful and easy on the eyes, to her parents' delight, he's also Chinese. He's everything she should wish for, until a disastrous dinner reveals Alex isn't as perfect as she thinks. Worse, he doesn't think she's perfect either. With both sets of parents against their relationship, a family legacy about to shut down, and the reappearance of an old high school flame, Jasmine must scheme to find a solution that satisfies her family's expectations and can get her out of the donut trap once and for all.*

An American Passion

Donut-Book

The Atkins Diet? Phooey! The South Beach Diet? Feh! What Americans really want to eat is something deep-fried and sugar-packed . . . hence our undying love affair with the beloved donut. And if anybody knows donuts, it's Sally Levitt Steinberg, America's Donut Princess. As a member of America's royal donut dynasty (her grandfather, Adolph Levitt, invented the donut-making machine), she knows more about this sweet indulgence than anyone else. The Donut Book is the product of Sally's personal charm and life-long, in-depth donut scholarship. She covers high points in donut history: the arrival of the first donuts in America with the Dutch settlers in the 17th century, and the donut in World War I, when it became the favorite nosh of the boys in the trenches. She celebrates donut-loving celebrities, from Admiral Byrd to Bill Clinton, as well as some of the most gifted donut bakers on the planet. She visits the campus of Dunkin' Donuts University and reveals the secret that makes Krispy Kreme donuts irresistible. And she identifies the most popular donut in America (glazed) and the runner-up (chocolate). Then there are the recipes: 29 mouth-watering, soul-satisfying ways to achieve the ultimate sugar rush, from New Orleans beignets to Portuguese malasadas, from Boston crèmes to Alain Ducasse's upscale Donut. And for donut lovers who are willing to hit the road to find their favorite confection, the book comes with an illustrated Donut Lover's Guide to bakeries that serve up the lightest, fluffiest, best dressed, and tastiest donuts.

When Tris tries to save his doughnut business and town by competing on a cooking show, will he have what it takes to win, or will he lose it all? Tris Levin thought moving from New York City to middle-of-nowhere Petersville meant life would definitely get worse...only it actually got better. But just when things are looking up, problems start rolling in. His doughnut business has a major supply issue. And that's not the worst part, Petersville has its own supply problem—it doesn't have enough people. Folks keep moving away and if they can't get people to stay, Petersville may disappear. Petersville needs to become a tourist destination, and his shop could be a big part of it, if Tris can keep up with demand. There's only one solution: The Belshaw Donut Robot. If Tris can win "Can You Cut It," the cutthroat competitive kids' cooking show, he can get the cash to buy the machine. But even with the whole town training and supporting him, Tris isn't sure he can live with what it takes to win. This sequel to The Doughnut Fix is about growing up, family, change, and as always, doughnuts. Kids with the spirit of an entrepreneur will relate to the ups and downs Tris experiences in this book. In fact, you don't even need to like accounting. However, most aspiring business leaders, managers, and owners must have a basic foundation in accounting principles to make decisions. Instead of teaching accounting concepts with numbers, math, or debits and credits, "How Much Does It Cost To Make a Donut?" delivers accounting knowledge in a series of entrepreneurial stories. Using a start-up, donut shop as a case study, this book incorporates general accounting concepts and reinforces them with a myriad of real-world examples. These exercises deal with the issues, personalities, and questions decision makers encounter every day, and connect them to the accounting concepts that make a difference. Follow a donut shop owner and her partner as they use basic accounting foundations to build a donut company. From concept through five years of operation, find out how an aspiring business owner learned how to make decisions using accounting without actually doing any accounting.

The future is anything but certain in this alternately funny and heartbreaking contemporary story about food trucks, festivals, and first loves. It's easy to look at high school senior Oscar Olsson and think: lost. He hates school, struggles to read, and wants nothing to do with college. But Oscar is anything but lost---he knows exactly what he wants and exactly how to get it. Oscar and Farfar, the Swedish grandfather who's raised him, run a food truck together selling rullekebab and munkar, and Oscar wants to finish school so he can focus on the food truck full-time. It's easy to look at Mary Louise (Lou for short) Messinger and think: driven. AP everything, valedictorian in her sights, and Ivy league college aspirations. When Lou hijacks Oscar's carefully crafted schedule of independent studies and blocks of time in the Culinary Lab, Oscar is roped into helping Lou complete her over-ambitious, resume-building service project-reducing food waste in Central Adams High School. While Lou stands to gain her Girl Scout Gold Award, Oscar will be faced with a mountain of uneaten school apples and countless hours with a girl he can't stand. With the finish line in sight, a relationship he never expected, and festival season about to begin (for good), the unthinkable happens, and Oscar's future is anything but certain.

Acclaimed food writer and cultural historian John T. Edge conjures nostalgia by revealing portions of our history through our most cherished foods. Donuts is the cap on a scrumptious series toting comfort food, belying calorie-counting, and embracing those cornerstone, iconic dishes that have come to define American cuisine and customs over the years. In Donuts, Edge walks us through the donut's inception as Dutch fare, the Salvation Army's wartime donuts, the invention of the donut machine, the 1950s donut-shop craze, the Krispy Kreme revolution, the appropriation by other ethnicities, and the fanatical chefs that take donuts to a new art form. Nothing encourages our sweet-tooth cravings like the donut. It is honest. It is satisfying. It is a national symbol that has survived the low carb-diet dogma and the death of the local donut shop, and it is making a comeback into the hearts of Americans.

'Tis the season for the delectable desserts Emily Westhill and her cuddly cat serve up at Deputy Donut—but someone naughty on Santa's list has come to town . . . It's Christmastime again in Fallingbrook, Wisconsin. Emily has truly decked the halls of her donut shop and decorated her donuts with festive designs from green and red frosting to snowflake sprinkles. For the annual Ice and Lights Festival, she's commissioned a sculpture with three ice-carved donut shapes to form a holey snowman, Frosty the Donut. She has one Christmas wish this year—to spend some time under the mistletoe with a certain detective. But the holidays just aren't the same without an unexpected disaster or two. A tour bus on its way to the festival has crashed and a snowstorm has left all the shaken passengers stranded and shivering. Emily and her friends open their homes to shelter the traveling families, while the bus driver is admitted to the hospital for his injuries. But the following morning, Emily discovers his body—buried beneath Frosty the

Donut. The bus passengers show little sympathy for the man who dashed through the snow so badly, some claiming he was under the influence while behind the wheel. Emily also discovers that the driver had a history with folks in Fallingbrook. With multiple motives for murder piling up, it will take a Christmas miracle for Emily to solve this crime . . . Praise for Boston Scream Murder "Spooky delights don't discourage a murderer in small town Wisconsin. . . . Cozy fare with a dollop of moonlight mist." -Kirkus Reviews Includes delicious recipes!
