Why My Hero Had to Go

A young widow embraces a second chance at life when she reconnects with those who understand the sacrifices made by American soldiers and their families in award-winning author Laura Trentham's *The Military Wife*. Harper Lee Wilcox has been marking time in her hometown of Kitty Hawk, North Carolina since her husband, Noah Wilcox's death, nearly five years earlier. With her son Ben turning five and living at home with her mother, Harper fights a growing restlessness, worried that moving on means leaving the memory of her husband behind. Her best friend, Allison Teague, is dealing with struggles of her own. Her husband, a former SEAL that served with Noah, was injured while deployed and has come home physically healed but fighting PTSD. With three children underfoot and unable to help her husband, Allison is at her wit's end. In an effort to reenergize her own life, Harper sees an opportunity to help not only Allison but a network of other military wives eager to support her idea of starting a string of coffee houses close to military bases around the country. In her pursuit of her dream, Harper crosses paths with Bennett Caldwell, Noah's best friend and SEAL brother. A man who has a promise to keep, entangling their lives in ways neither of them can foresee. As her business grows so does an unexpected relationship with Bennett. Can Harper let go of her grief and build a future with Bennett even as the man they both loved haunts their pasts?

Extraordinary People on the Heroes Who Inspire Them

Many clinicians recognize that denying or ignoring grief issues in children leaves them feeling alone and that acknowledging loss is crucial part of a child's healthy development. Really dealing with loss in productive ways, however, is sometimes easier said than done. For decades, Life and Loss has been the book clinicians have relied on for a full and nuanced presentation of the many issues with which grieving children grapple as well as an honest exploration of the interrelationship between unresolved grief, educational success, and responsible citizenry. The third edition of Life and Loss brings this exploration firmly into the twenty-first century and makes a convincing case that children's grief is no longer restricted only to loss-identified children. Children's grief is now endemic; it is global. Life and Loss is not just the book clinicians need to understand grief in the twenty-first century—it's the book they need to work with it in constructive ways.

An authoritative compilation of military history quotes from 2000 BC to the present day. 'A massive compilation casting light not only upon the pain, suffering and sheer insanity of war, but also upon the unique comradeship and exhilaration of battle... this is a valuable addition to the literature of reference.' - The Spectator Peter Tsouras brings 4,000 years of military history to life through the words of more than 800 soldiers, commanders, military theorists and commentators on war. Quotes by diverse personalities - Napoleon, Machiavelli, Atatürk, 'Che' Guevara, Rommel, Julius Caesar, Wellington, Xenophon, Crazy Horse,

Broken down into more than 480 categories, covering courage, danger, failure, leadership, luck, military intelligence, tactics, training, guerrilla warfare and victory, this definitive guide draws on the collected wisdom of those who have experienced war at every level. From the brutality and suffering of war, to the courage and camaraderie of soldiers, to the glory and exhilaration of battle, these quotes offer an insight into the turbulent history of warfare and the lives and deeds of great warriors.

In My Hero, some of the brightest lights from around the globe share -- in their own words -- stories about the people who have been the greatest source of strength and inspiration to them. With essays by military heroes, political leaders, and Nobel Prize winners, sports heroes, firefighters, scientists, and schoolteachers -- and with an introduction by basketball legend, businessman, and philanthropist Earvin "Magic" Johnson -- this collection gathers individuals who themselves are shining examples to tell us about the people who have illuminated their own lives. • How did Dana Reeve come to find such grit and grace when her fairy-tale prince was thrown from his real-life steed, paralyzed from the neck down? • What traits of baseball great Ted Williams have inspired war hero Senator John McCain since childhood? • What impact did Nelson Mandela have on boxing legend Muhammad Ali? • Why does one of the all-time greats of baseball, Yogi Berra, believe that he owes each of his legendary home runs to his brothers? • How did Michael J. Fox find a woman who would walk away from a spectacular career in finance in order to fight for a cure for Parkinson's disease at the helm of his nonprofit foundation? • Why does John Glenn, a man who flew into space twice and served a quarter century on the Senate floor, look up to his own wife, Annie Glenn, as the true hero in the family? In a world hungry for good examples, My Hero reminds us that heroes come in all shapes and sizes. It also teaches us that the words and deeds of those who inspire us are as varied as the stars that illuminate the night. The editors of My Hero and the contributors are donating all royalties from this book to the nonprofit My Hero Project.

Building Positive Thinking Skills During Your Hero's Deployment

"Why My Hero Had to Go" is a children's picture book that brings to life the parallel experiences of a parent and a child separated by the call of duty. Journey through the pages as the curtain is pulled back to show the heartfelt voice of a parent leaving for deployment or as a front line worker. Children gain a better sense of understanding and responsibility as they tag along with the main character Jared who is on a special mission with pet Baily and his cuddly bear. With heartfelt poetic words "Why My Hero Had to Go" offers a different perspective for children to know that they are not alone. Creating a book that speaks to the voice of the untold stories was critical to author Talitha Vickers. Drawing from

her own personal experience Vickers puts words to emotions that there are often no words for and that is what makes "Why My Hero Had to Go" resonate with all readers. The imagination of Illustrator Keith Hobgood opens the door to a world that a child would otherwise never see though each hand drawn page. The nontraditional layout of Hobgood's illustrations shows how much a child and parent have in common on a daily basis. This book serves as critical resource for all front line workers, military families, their neighbors, teachers and fellow students to have a first-hand look at a different perspective of families that have a unique dynamic.

My Men Are My Heroes introduces its readers to a living standard of Marine Corps esprit de corps and military decorum. Sergeant Major Bradley Kasal, the pride of Iowa, is a small town boy who wanted to be a United States Marine even before a poster perfect Marine recruiter marched into his high school gym and offered him a challenge Kasal couldn't resist. Two decades later Kasal stood stiffly at attention, one leg literally shot in half, while the Navy Cross was pinned to his chest. Kasal is currently the Sergeant Major of the Infantry School at Camp Pendleton, CA until he retires in May, 2012. After a brief visit to his childhood Kasal's story quickly gathers steam, introducing the reader to his early Marine career; adventure filled years that earned him the name "Robo-Grunt" from men who don't offer accolades easily. Kasal uses his experience climbing the ranks to illustrate how Marines grow, and how they are shaped by the uncompromising attitudes of the officers and non-coms charged with turning young Marines into tigers. Kasal's adventures culminate in Iraq. By now he is 1st Sergeant Kasal, ramrodding Kilo Company, 3/1, a rifle company in 3rd Battalion, 1st Marines, the mighty "Thunder Third" that would cover itself with glory in 2004. Two days into Operation Iraqi Freedom in March 2003 Kilo is ordered to hold open a critical road between two bridges that Saddam's fierce Fedayeen Saddam were just as determined to take away. Kasal makes in his stand on that road, literally standing tall amidst fierce gunfire, demonstrating the kind of leadership Kilo Company needed to get the job done. Kilo's fight was part of the first big test of Marine Corps combat capabilities in the second Iraqi War and the only major engagement the Marine Corps fought during the heady days of the "Drive Up" to Baghdad. When it was over the so-called "Ninjas" of the Fedayeen Saddam were smashed. A week later Kasal was in Baghdad, welcomed with open arms by the exuberant population. A year later 3/1 was back to Iraq, in Anbar Province, the epicenter of the brutal war now raging in the former tribal stronghold of Saddam and his henchmen. The smiling faces that had greeted 3/1 the year before were gone. Kasal is the 1st Sergeant of Weapons Company, 3/1, the armored fist of a light infantry battalion. After four months of ambushes, IEDs, and deadly skirmishes 3/1 is ordered into Fallujah, to take the ancient city back from Al Qaeda and the foreign fighters who had turned the ancient "City of Mosques" into a fortress. It is there, in November, 2004 that the "Thundering Third" entered into Marine Corps legend and Kasal into the Pantheon of Heroes for his actions during the most savage battle the Marines fought in the Iraq War. At a non-descript house in a walled neighborhood in Fallujah Kasal, at the time accompanying a squad of Kilo's riflemen into a contested house, becomes involved in a close-quarter duel with fanatical Chechen fighters. The fight rages throughout the house, at times Marines and the foreign fighters were exchanging rifle fire and grenades at ranges of less than 10 feet. For almost two hours the squad is trapped inside the house. During the brawl Kasal is shot seven times, almost loses his leg when it is nearly severed from his body, and sustains 47 shrapnel wounds when he used his body to shield a wounded Marine laying next to him from an enemy grenade. In the skirmish, forever known as the "Hell House" fight, Kasal was awarded the Navy Cross, the nation's second highest award for heroism.

In a world filled with people who have super human abilities, three people find themselves wrapped up in a war between good and evil. Marty, a family man down on his luck, Rachel, a talented police officer, and Jeff, a regular office worker, try to do what they believe is right in the world. Using their skills and powers to manipulate blood, each follows a different path to do what they believe is right. Is it okay to be a criminal if it means protecting your family? Is it okay to kill criminals to clean up the streets? Which side are you on?

From USA Today Bestselling Author Amy Lamont comes a sexy new standalone novel about a hard-hearted Marine and the woman he vowed to hate before he ever set eyes on her. Losing her fiancé in Army combat nearly killed her, but a cocky Marine could save her... Pastry chef Mandy Palmer is living on autopilot after the death of her fiancé. Her grandmother's plea for help offers the sense of purpose she desperately needs. Still, rejoining the living doesn't mean she's ready to give her heart to the hunky Marine working by her side to repair her grandmother's house. She knows better than to risk loving a military man again. According to helicopter pilot Mitch Taylor, military life and marriage don't mix. He watched too many of his buddies' relationships crash and burn to ever consider trying it himself. Of course, when Mandy starts getting under his skin in ways he can't ignore, he starts questioning his standard operating procedure. Convincing her to give love a second chance is hard enough. What would it take for her to love an active duty Marine?

Always My Hero

Whats a hero? Heroes come in all shapes, sizes, ages, and can be either male or female. They are everyday people in our communities and society. The label hero is given to someone for many reasons. The first thing that comes to mind are acts of bravery on the battlefield a police officer in the line of duty or a firefighter pulling someone from a burning building. The word hero is a very complex term, and it has evolved overtime. A hero can be someone who inspires others to do something good for

themselves and others in their community. A hero is one who sets high standards for himself or herself, someone whose deeds and accomplishments are worthy of praise by others. A hero is one who overcomes tremendous odds against him and inspires others to do the same. He is a person who is not afraid to stand up for what he believes is right, someone who helps when the benefit and praise is knowingly going to someone else. They are soldiers who choose to defend our country while knowing and understanding that they may not survive their journey of service to their country. This book is by Mose M. Kinsey.

FIRE FOR EFFECT! is more than just a book about the Korean War. It is the untold history of the Korean War Artillery Forward Observer, told by the men themselves. From the earliest days of the war in 1950 through the harrowing battles of 1951 and on into the so-called stalemate period of the hill battles of 1952 and 1953, into the final climactic battles before the cease fire, the Forward Observer, or FO, was there. Korea was and is known as the Artillery War because more rounds were fired in Korea than in all of WWII, and it was the job of the FO to direct these rounds onto their targets. FOs are the eyes of the artillery, and the importance of their job in Korea has been largely overlooked until now. Serving as infantrymen, but not being considered one, Forward Observers lived, ate and slept on the front lines, ever ready to respond to an attack, or defend friendly troops and positions, and sometimes losing their lives doing it. The awesome responsibility and firepower that was placed on a 22 or 23 year-old lieutenant or sergeant was staggering, and after reading these first hand accounts, one can easily imagine what these young men faced on a daily basis. With over 100 interviews of Forward Observers, from all time periods and from all locations and battles of the war, the grittiness and reality of what these servicemen went through in the Forgotten War is brought to life so that their deeds may be remembered for future generations, so the battlefield known as Korea and its veterans will not be forgotten any more.

Most men have the ability to become biological fathers. But parenting takes time, hard work, money, and love. It takes a real hero to be a dad. Even if you're divorced or abandoned your child, it is never too late to make amends. While teenagers and young adults may

overjoyed to have dad back in their life—or to meet him for the first time—they still need a hero. In this book, Evelyn Cross examines the challenges and rewards of being a hero. She considers questions such as: How can you exercise your rights and fulfill your obligations as a hero? If you don't have children, how can you be a hero? Can prayer help you hone your skills as a hero? What are the main characteristics of a hero? The author also explores how to build a strong marriage, which she says is a vocation that requires a lifetime of devotion. A marriage is a career and family business rolled into one—and you must always work on it. Take steps to be a hero to the ones you care about.
