

A Concise History Of Indian Literature In English By Arvind Mehrotra

From rebellion to revolution -- Social movements and revolution -- Revolutionary states -- Revolutionary politics.

The Book Presents A Lucid Survey Of Major Developments In The Ancient And Early Medieval Periods Of Indian History. It Discusses Issues Like The Antiquity And Authorship Of The Harappan Civilization, The Original Home Of The Aryans And The Salient Features Of Their Life, The Emergence Of Caste System And The Process Of State Formation Culminating In The Establishment Of The Maurya Empire. Challenging The Stereotype Of An `Unchanging` India And The Myth Of The `Golden Age`, The Book Not Only Underlines The Changes In Its Social Structure Over Centuries But Also Devotes Much Space To India'S Contact With The Outside World Leading To The Enrichment Of Its Culture. Moreover, It Pays Adequate Attention To The Transformation Of India From Pre-Feudal To Feudal Society And To The Discussion Of The Contours Of Feudal Culture.

In Lucid Language That Speaks To Laymen And Architects Alike, This Book Provides A History Of Twentieth Century Architecture In India. It Examines In Detail The Early Influences On Indian Architecture Both Of Movements Like The Bauhaus As Well As Prominent Individuals Like Habib Rehman, Jawaharlal Nehru, Frank Lloyd Wright And Le Corbusier.

The History of the Indian Mutiny: Giving a Detailed Account of the Sepoy Insurrection in India

A Concise History of Bolivia

A Concise History of Indian Literature in English

A Concise History of Modern India, by Barbara D. Metcalf and Thomas R. Metcalf, has become a classic in the field since it was first published in 2001. As a fresh interpretation of Indian history from the Mughals to the present, it has informed students across the world. In the third edition of the book, a final chapter charts the dramatic developments of the last twenty years, from 1990 through the Congress electoral victory of 2009, to the rise of the Indian high-tech industry in a country still troubled by poverty and political unrest. The narrative focuses on the fundamentally political theme of the imaginative and institutional structures that have successively sustained and transformed India, first under British colonial rule and then, after 1947, as an independent country. Woven into the larger political narrative is an account of India's social and economic development, and its rich cultural life. Throughout, the authors argue that despite a powerful historiographical tradition to the contrary, no enduring meaning can be given to categories such as 'caste',

'Hindu', 'Muslim', or even 'India'.

An incisive account of the entire history of historical writing worldwide by one of the leading intellects in the field.

An ideal introduction to the history of Buddhism. Andrew Skilton - a writer on and practitioner of Buddhism - explains the development of the basic concepts of Buddhism during its 2,500 years of history and describes its varied developments in India, Buddhism's homeland, as well as its spread across Asia, from Mongolia to Sri Lanka and from Japan to the Middle East. A fascinating insight into the historical progress of one of the world's great religions.

A Concise History of Revolution

A Concise History of the Indian People

Concise History Of Ancient India, Vol. Iii (Hinduism: Society, Religion & Philosophy)

Annotation This volume surveys 200 years of Indian literature in English. Written by Indian scholars and critics, many of the 24 contributions examine the work of individual authors, such as Rabindranath Tagore, R.K. Narayan, and Salman Rushdie. Others consider a particular genre, such as post-independence poetry or drama. The volume is illustrated with b&w photographs of writers along with drawings and popular prints. Annotation (c)2003 Book News, Inc., Portland, OR (booknews.com).

Afghanistan Literature is World's greatest and richest - without Afghan- Literature no European (German, French, Spanish or English) Literature would exist today The Vedas, Zoroastrian, and Buddhist, among the oldest known Literature of Afghanistan, originating from the Great capital of Bactria present day Balkh, and Aria present day Herat, Sanskrit is the reference to the original history of Afghanistan. The Saxon Europeans' influence during the Great Games of the mid nineteenth century affected the Afghan language, religion and Territories' size, which previously had extended from India to North Africa at 2.6 million square kilometers. The Great Games continued at any cost evolving into present-day conflicts of 2013.

When the British occupied the tiny island of Hong Kong during the First Opium War, the Chinese empire was well into its decline, while Great Britain was already in the second decade of its legendary "Imperial Century." From this collision of empires arose a city that continues to intrigue observers. Melding Chinese and Western influences, Hong Kong has long defied easy categorization. John M. Carroll's engrossing and accessible narrative explores the remarkable

history of Hong Kong from the early 1800s through the post-1997 handover, when this former colony became a Special Administrative Region of the People's Republic of China. The book explores Hong Kong as a place with a unique identity, yet also a crossroads where Chinese history, British colonial history, and world history intersect. Carroll concludes by exploring the legacies of colonial rule, the consequences of Hong Kong's reintegration with China, and significant developments and challenges since 1997.

Soldiers in King Philip's War

A Concise Encyclopedia of Authentic Hinduism

A History of India

A Concise History of India

A Concise History of Indian English Literature

This innovative book explores of the grandest and longest lasting empire in Indian history. Examines the history of the Mughal presence in India from 1526 to the mid-eighteenth century Creates a new framework for understanding the Mughal empire by addressing themes that have not been explored before. Subtly traces the legacy of the Mughals' world into today's India.

Covers two hundred years from 1800 to 2000 of the literature of India written in English.

Description: This is the third and last volume of a series, dealing with the history and culture of ancient India, which is intended to fulfil the needs of the University student as well as of the general readers who desire to know the past history of India. The series consist of three volumes dealing respectively with (1) Political History (2) Political Theory, Administration and Economic Life and (3) Hinduism : Society Religion and Philosophy. The present volume deals with religion, philosophy and society. Historians writing on Indian history are mostly content with devoting a single chapter to cover these three topics. This has created problems for those readers, who want to know more, but have no ready access to the vast number of books required for a thorough grasp of the subject. Dr. Majumdar has solved this problem by devoting an entire volume to these topics. Each and every aspect of Hindu, Buddhist and Jain religions and their philosophy have been thoroughly dealt with. Even remote and minor religious practices are not left out, the ripples and upheavals in society caused by the oscillating political fortunes are brought in sharp focus.

A Concise History of History

And a Concise History of the Great Military Events which Have Tended to Consolidate British Empire in Hindostan

A History of Modern India

A Concise History of Finland

Presenting a grand sweep of Indian history, this work covers antiquity to the later half of the 20th century. The authors examine the major political, social and cultural forces which have shaped the history of the Indian subcontinent. This third edition of the text has been updated to include current research as well as a revised preface, index and dateline.

In its first Spanish edition, Herbert Klein's A Concise History of Bolivia won immediate acceptance within Bolivia as the

new standard history of this important nation. Surveying Bolivia's economic, social, cultural and political evolution from the arrival of early man in the Andes to the present, this current version brings the history of this society up to the present day, covering the fundamental changes that have occurred since the National Revolution of 1952 and the return of democracy in 1982. These changes have included the introduction of universal education and the rise of the mestizos and Indian populations to political power for the first time in national history. This second edition brings this story through the first administration of the first self-proclaimed Indian president in national history and the major changes that the government of Evo Morales has introduced in Bolivian society, politics and economics. Expertly steering readers through the often tumultuous and exhilarating history of the United States, from its early modern Native American roots to twenty-first-century neoliberalism and the shifting political climate of the past decade, this highly readable textbook provides a compelling overview of American development over the last five centuries. This book avoids either celebratory or condemnatory rhetoric to present a critical examination of domestic America and its interaction with the rest of the world. Balancing coverage of political, social, cultural, and economic history, each chapter also includes a wealth of features to facilitate learning: Timelines situating key events in their wider chronology Lists of topics covered within each chapter for easy reference Concept boxes discussing selected issues in more detail Historiography boxes exploring key debates Chapter summaries offering condensed outlines of the main themes of each chapter Further reading lists guiding readers to additional resources Maps and images bringing to life important events and figures from America's history Clearly and engagingly written and positioning America's narrative within the wider global context, this textbook is particularly accessible for non-US students and is the perfect introduction for those new to US history. This textbook is also supported by a companion website offering interactive content including a timeline, multiple-choice quizzes, and links to selected web resources.

A Concise History of Canada

The Oxford History of Indian Business

A Concise History of Florida

A Concise History of Science in India

A quick overview of the Sunshine State's fascinating past, with photos and illustrations included. In 1513, Spanish explorer Juan Ponce de León first set foot on Florida's east coast. The land he discovered was a geographic anomaly so distinctive that one day, centuries later, astronaut Neil Armstrong would say that Florida was the first shape on earth he recognized on his return from a visit to the moon. This unique state has witnessed such momentous events as the 1959 arrival of the first Cuban exiles un-

Fidel Castro and the 1981 launch of the Columbia—the first space shuttle. Join historian James C. Clark as he chronicles the surprising history of the Sunshine State in this concise and captivating book.

A Concise History of Modern India Cambridge University Press

'The Concise Oxford History of Indian Business' traces the transformation of the Indian business class from merchants to industrialists and, more recently, service providers.

1750-1950

A Concise History of South India

Issues and Interpretations

A Concise History of Mexico

Indian Art

This Book Is One Of The First To Provide An Analysis Of The Roots Of Modern Business Practices In India And Of The Forces That Shaped The Features And Characteristics That Distinguish Business Today.

The course of south Indian history from pre-historic times to the contemporary era is a complex narrative with many interpretations. Reflecting recent advances in the study of the region, this volume provides an assessment of the events and socio-cultural development of south India through a comprehensive analysis of its historical trajectory. Investigating the region's states and configurations, this book covers a wide range of topics that include the origins of the early inhabitants, formation of the ancient kingdoms, advancement of agriculture, new religious movements based on bhakti, and consolidation of centralized states in the medieval period. It further explores the growth of industries in relation to the development of East-West maritime trade in the Indian Ocean as well as the wave of Islamicization and the course of commercial relations with various European countries. The book then goes on to discuss the advent of early-modern state rule, impact of the raiyatwari system introduced by the British, debates about whether the region's economy developed or deteriorated during the eighteenth century, decline of matriliney in Kerala, emergence of the Dravidian Movement, and the intertwining of politics with contemporary popular culture. Well illustrated with maps and images, and incorporating new archaeological evidence and historiography, this volume presents new perspectives on a gamut of issues relating to communities, languages, and cultures of a macro-region that continues to fascinate scholars and readers alike.

Ian Watson's brilliant debut novel was one of the most significant publications in British SF in the 1970s. Intellectually bracing and grippingly written, it is the story of three experiments in linguistics, and is driven by a searching analysis of the nature of communication. Deep in the Brazilian jungle, an isolated tribe face eviction from their ancestral lands - and the psychedelic fungus that makes their religious language possible. In a British laboratory, a brilliant linguist conducts cutting-edge experiments - but does his search for answers come at too high a cost? And in the ultimate test of linguistics, First Contact presents a challenge unlike any humanity has faced before . . . Fiercely intelligent, energetic and challenging, The Embedding immediately established Watson as a writer of rare power and vision, and is now recognized as a modern classic of SF.

A Concise History

Early India

The Mughals of India

The True History and the Religion of India

A Concise History of Indian Art

Surveys the traditions of Indian art, including the masterpieces of Buddhist and Hindu art, the culture of the Mughal court, and the golden age of miniature painting.

Few countries in Europe have undergone such rapid social, political and economic changes as Finland has during the last fifty years. David Kirby here sets out the fascinating history of this northern country, for centuries on the east-west divide of Europe, a country not blessed by nature, most of whose inhabitants still earned a living from farming fifty years ago, but which today is one of the most prosperous members of the European Union. He shows how this small country was able not only to survive in peace and war but also to preserve and develop its own highly distinctive identity, neither Scandinavian nor Eastern European. He traces the evolution of the idea of a Finnish national state, from the long centuries as part of the Swedish realm, through self-government within the Russian Empire, and into the stormy and tragic birth of the independent state in the twentieth century.

An illustrated introduction to Mexico's historical and contemporary issues, problems and events.

A Concise History of the Indian Economy

Being a Critical Account of that War, with a Concise History of the Indian Wars of New England from 1620-1677, Official Lists of the Soldiers of Massachusetts Colony Serving in Philip's War, and Sketches of the Principal Officers, Copies of Ancient Documents and Records Relating to the War, Also Lists of the Narraganset Grantees of the United Colonies, Massachusetts, Plymouth, and Conneticut; with an Appendix, 3d Ed., with Additional Appendix Containing Corrections and New Material

Concise History of Buddhism

A Concise History of Modern India

The Concise Oxford History of Indian Business

Margaret Conrad's history of Canada begins with a challenge to its readers. What is

Canada? What makes up this diverse, complex and often contested nation-state? What was its founding moment? And who are its people? Drawing on her many years of experience as a scholar, writer and teacher of Canadian history, Conrad offers astute answers to these difficult questions. Beginning in Canada's deep past with the arrival of its Aboriginal peoples, she traces its history through the conquest by Europeans, the American Revolutionary War and the industrialization of the nineteenth and twentieth centuries to its prosperous present. Despite its successes and its popularity as a destination for immigrants from across the world, Canada remains a curiously reluctant player on the international stage. This intelligent, concise and lucid book explains just why that is. The first history of Indian literature in English to cover the 200 years from Raja Rammohan Ray to Arundhati Roy, including in its scope canonical poets and novelists, social reformers (Behramji Malabari), anthropologists (Verrier Elwin), nature writers (Sálim Ali), and writers of the Indian diaspora (Seepersad Naipaul, Shiva Naipaul, Ved Mehta).

This book provides an interpretive and comprehensive account of the history of India between the eighteenth and twentieth centuries, a crucial epoch characterized by colonialism, nationalism and the emergence of the independent Indian Union. It explores significant historiographical debates concerning the period while highlighting important new issues, especially those of gender, ecology, caste, and labour. The work combines an analysis of colonial and independent India in order to underscore ideologies, policies, and processes that shaped the colonial state and continue to mould the Indian nation.

A Concise History of Hong Kong

A Concise American History

A Concise History of Afghanistan in 25 Volumes

In a second edition of their successful Concise History of Modern India, Barbara Metcalf and Thomas Metcalf explore India's modern history afresh and update the events of the last decade. These include the takeover of Congress from the seemingly entrenched Hindu nationalist party in 2004, India's huge advances in technology and the country's new role as a major player in world affairs. From the days of the Mughals, through the British

Empire, and into Independence, the country has been transformed by its institutional structures. It is these institutions which have helped bring about the social, cultural and economic changes that have taken place over the last half century and paved the way for the modern success story. Despite these advances, poverty, social inequality and religious division still fester. In response to these dilemmas, the book grapples with questions of caste and religious identity, and the nature of the Indian nation. An account of modern India charts its history from the Mughals, through the colonial encounter and independence, to the present day, profiling the area as a complex and perpetually changing society. Simultaneous.
