Research on historical earthquakes and tsunamis in the Iberian Peninsula has made great strides in recent years, from diverse scientific fields ranging from geology to archaeology. In addition to the famous earthquake and tsunami of 1755, which intensely affected the peninsula, researchers are conducting a growing number of surveys and case studies on seismic episodes and extreme wave events of possible tsunamigenic origin in Portugal and Spain during the ancient, medieval, and modern eras. However, the development of these studies has suffered due to a certain lack of communication among the different fields of research, which are focused on their own methodologies and interests. The aim of this book is to promote interdisciplinary dialogue by linking the results of the most recent research into historical earthquakes and tsunamis in Iberia from the fields of geology, history and archaeology. The volume, which devotes special attention to tsunamis and to events that occurred in the Iberian Peninsula before 1755, offers synthetic insights, updates, and case studies of maximum interest for knowledge of the historical seismology of Portugal and Spain.

Not illustrated. 1833 edition. Excerpt: ...said Robin. "At our parish," replied Allen, "only five miles from this place; and the bishop of Hereford, who is the knight's brother, _ is to read the service." Robin Hood said no more, -but put' off his scarlet suit, and dressed himself like a harper, with a harp in his hand. He told twenty-four of his company to follow at a distance; and then Went alone into the church, and found the bishop putting on his robes. "What do you want here?"

said the bishop. "I am a harper," said Robin Hood, " the best in four counties round; I heard there was to be a wedding, and I am come to offer my service."--" You are welcome; I shall be glad to hear your music." Soon after this, the bride and bridegroom came in. The old knight hobbled along, and was hardly able to walk up to the altar; and after him came a maiden as fair as the day, and blushing like the summer morning. "This is not a fit match," said Robin Hood, "and I cannot agree to its taking place; but since we are come to the church, the bride shall choose for horse " Then Robin Hood put his horn to his mouth, and blew into it; when straight four-and-twenty archers were seen leaping along the church-yard path, and came in at the porch. The first man was Allen-a-Dale, to give Robin Hood his bow. Robin Hood now turned to the fair maiden and said, "Now, my love, you are free: tell me whom you will have for your husband: will you have this feeble and gouty _old knight, or will you have one of the bold young fellows you see now before you?"---"Alas!" said the young maid, and dropping her eyes to the ground as she spoke, "young Allen-a-Dale has courted me for seven long...

"How-de-do," whispered Linus as politely as he could, trying hard not to stare. Swaying dangerously now under the weight of his two colleagues, the First Minister Gobbledygook winked at him. "Top of the mornin' to you, young sir; bet you've never seen the likes of us, have ye, now?" Linus shook his head silently, never taking his eyes of the whiskered individual closest to his face. That walking stick looked quite capable of poking a human eye out! "What, if I may ask, are you?" Linus felt it was rather difficult holding a polite conversation entirely in whispers. "Are you also noble members of the House of O'Malley?" "Of course not!" Skinflint said indignantly, his cheeks turning a little pink beneath his white mutton chops. "Then what exactly are you, if not O'Malley's from Lincolnshire? Gnomes? Pixies?" "I'll give ye a clue. We're Oirish." Minister Gobbledygook chuckled into his bushy red beard. "As Oirish as rainbows, harps and soda bread." Giggling made him bob his arms slightly up and down, causing an upwards tremor that threatened to undo their pyramid at any moment. *** It's not everyday you go for a stroll to explore a new neighbourhood and find yourself nose-to-nose with a leprechaun! But this is what happens to shy 9-year-old Linus Brown, when he follows the advice of a mysterious scarecrow and takes a road less well travelled. Before long, Linus finds himself at the centre of The Great Leprechaun War, coming face to fist with the school bully and his horrible Uncle Herb. These two polluters could wipe out the world's last remaining leprechaun colony with the poison they dump into Farmer O'Malley's woodland pond. Can Linus save the leprechauns from Thunderpants the Destroyer and make a friend of brave Princess Hermione in the process? Linus faces impossible odds. The school bully's built like a tank and it's Thunderpants-a-go! when Uncle Herb's around. Expect plenty of farting jokes, sneaky witches with their own agenda and far more leprechauns than could possibly fit into a single pot of gold.

Translating Picturebooks examines the role of illustration in the translation process of picturebooks and how the word-image interplay inherent in the medium can have an impact both on translation practice and the reading process itself. The book draws on a wide range of picturebooks published and translated in a number of languages to demonstrate the myriad ways in which information and meaning is conveyed in the translation of multimodal material and in turn, the impact of these interactions on the readers' experiences of these books. The volume also analyzes strategies translators employ in translating picturebooks, including issues surrounding culturally-specific references and visual and verbal gaps, and features a chapter with excerpts from translators' diaries written during the process.

Highlighting the complex dynamics at work in the translation process of picturebooks and their implications for research on translation studies and multimodal material, this book is an indispensable resource for students and researchers in translation studies, multimodality, and children's literature.

A teenager's involvement with an older man is not what it appears in a tale of seduction by the New York Times bestselling author of *We Were the Mulvaney*s. Sixteen-year-old Katya Spivak is out for a walk on the gracious streets of Bayhead Harbor with her two summer babysitting charges when she's approached by silver-haired, elegant Marcus Kidder. At first his interest in her seems harmless, even pleasant; like his name, a sort of gentle joke. His beautiful home, the children's books he's written, his classical music, the marvelous art in his study, his lavish presents to her—Mr. Kidder's life couldn't be more different from Katya's drab working-class existence back home in South Jersey, or more enticing. But by degrees, almost imperceptibly, something changes, and posing for Mr.

Kidder's new painting isn't the lighthearted endeavor it once was. What he wants from Katya is something she can't comprehend. What Katya wants from him is something else again. As their relationship deepens, and twists, the question is who's seducing whom? And to what end? From a National Book Award winner and #1 New York Times bestselling author, *A Fair Maiden* is "fresh, current and gripping . . . the insight shrewd and the violence vivid . . . [an] intense and thought-provoking work of fiction" (New Statesman).

All you that are true lovers, I beseech you pray the gods for fair weather upon the seventh night of the seventh moon. For patience' sake and for dear love's sake, pray, and be pitiful that upon that night there may be neither rain, nor hail, nor cloud, nor thunder, nor creeping mist. Hear the sad tale of the Star Lovers and give them your prayers. The Weaving Maiden was the daughter of a Deity of Light. Her dwelling was upon the shore of the Milky Way, which is the Bright River of Heaven. All the day long she sat at her loom and plied her shuttle, weaving the gay garments of the gods. Warp and woof, hour by hour the coloured web grew till it lay fold on fold piled at her feet.

Todos ustedes, que son verdaderos amantes, les suplico que recen a los dioses por el buen tiempo en la séptima noche de la séptima luna. Por amor de la paciencia y por el amor de Dios, reza y sé digno de lástima porque en esa noche no puede haber lluvia, ni granizo, ni nube, ni trueno, ni neblina. Escucha la triste historia de los Star Lovers y dales tus oraciones. The Weaving Maiden era la hija de una Deidad de Luz. Su morada estaba en la orilla de la Vía Láctea, que es el Brillante Río del Cielo. Todo el día ella se sentó en su telar y manejó su lanzadera, tejiendo las prendas alegres de los dioses. La urdimbre y la trama, hora a hora, la telaraña de colores creció hasta que quedó doblada sobre un montón amontonado a sus pies.

Fifteen-year-old Katya Spivak is out for a walk on the streets of Bayhead Harbor, New Jersey, when she is approached by silver-haired, elegant Marcus Kidder. At first his interest in her seems harmless. The world he inhabits acts as a tonic to her drab existence. And as a children's book writer, he seems to be a man she can trust. His home is beautiful and he lavishes gifts on her. Everything about him is enticing - perhaps too enticing? Like a moth to the light Katya agrees to pose for a painting. But by degrees something changes. Being Mr Kidder's muse is not the easy endeavour it once was. What does he really want from her? And how far will he go to get it? This spare, chilling novel shows Joyce Carol Oates at the height of her powers as a literary storyteller.

Rapunzel - Origins of the Fairy Tale from around the World' contains seven different versions of the 'Rapunzel' story. It includes an in-depth introduction to the fairy tale genre itself, as well as the folkloric provenance of 'Rapunzel'. It encompasses 'Petrosinella' by Giambattista Basile, 'Rapunzel' by the Brothers Grimm, 'Prunella' by Andrew Lang, the 'Legend of Saint Barbara' and the tale of 'Rúdábeh' from the Persian epic, 'The Shahmaneh'. What is a fairy tale? The 'Origins of Fairy Tales from around the World' series helps to answer this question, by showcasing the amazing breath and diversity involved in classic fairy tales. It focuses on the unusual phenomenon that the same tales, with only minor variations, appear again and again in different cultures - across time and geographical space. Traditionally told as short stories for children, and for adults too, these popular fairy tales will be sure to delight both young and old. Beautifully illustrated, these story books combine the best story-telling, with the best art-work, in order that the two may be fully appreciated. Example in this ebook In presenting, for the first time, to English readers the greatest work of Germany's greatest mediæval poet, a few words of introduction, alike for poem and writer, may not be out of place. The lapse of nearly seven hundred years, and the changes which the centuries have worked, alike in language and in thought, would have naturally operated to render any work unfamiliar, still more so when that work was composed in a foreign tongue; but, indeed, it is only within the present century that the original text of the Parzival has been collated from the MSS. and made accessible, even in its own land, to the general reader. But the interest which is now felt by many in the Arthurian romances, quickened into life

doubtless by the genius of the late Poet Laureate, and the fact that the greatest composer of our time, Richard Wagner, has selected this poem as the groundwork of that wonderful drama, which a growing consensus of opinion has hailed as the grandest artistic achievement of this century, seem to indicate that the time has come when the work of Wolfram von Eschenbach may hope to receive, from a wider public than that of his own day, the recognition which it so well deserves. Of the poet himself we know but little, save from the personal allusions scattered throughout his works; the dates of his birth and death are alike unrecorded, but the frequent notices of contemporary events to be found in his poems enable us to fix with tolerable certainty the period of his literary activity, and to judge approximately the outline of his life. Wolfram's greatest work, the Parzival, was apparently written within the early years of the thirteenth century; he makes constant allusions to events happening, and to works produced, within the first decade of that period; and as his latest work, the Willehalm, left unfinished, mentions as recent the death of the Landgrave Herman of Thuringia, which occurred in 1216, the probability seems to be that the Parzival was written within the first fifteen years of the thirteenth century. Inasmuch, too, as this work bears no traces of immaturity in thought or style, it is probable that the date of the poet's birth cannot be placed much later than 1170. The name, Wolfram von Eschenbach, points to Eschenbach in Bavaria as in all probability the place of his birth, as it certainly was of his burial. So late as the end of the seventeenth century his tomb, with inscription, was to be seen in the Frauen-kirche of Ober-Eschenbach, and the fact that within a short distance of the town are to be found localities mentioned in his poems, such as Wildberg, Abenberg, Trühending, Wertheim, etc., seems to show that there, too, the life of the poet-knight was spent. By birth, as Wolfram himself tells us, he belonged to the knightly order (Zum Schildesamt bin Ich geboren), though whether his family was noble or not is a disputed point, in any case Wolfram was a poor man, as the humorous allusions which he makes to his poverty abundantly testify. Yet he does not seem to have led the life of a wandering singer, as did his famous contemporary, Walther von der Vogelweide; if Wolfram journeyed, as he probably did, it was rather in search of knightly adventures, he tells us: 'Durchstreifen muss Der Lande viel, Wer Schildesamt verwalten will,' and though fully conscious of his gift of song, yet he

systematically exalts his office of knight above that of poet. The period when Wolfram lived and sang, we cannot say wrote, for by his own confession he could neither read nor write ('I'ne kan decheinen buochstap,' he says in Parzival; and in Willehalm, 'Waz an den buochen steht geschrieben, Des bin Ich kunstelos geblieben'), and his poems must, therefore, have been orally dictated, was one peculiarly fitted to develop his special genius.
