*The famous "Sidebar" columns are finally collected! M.C. Bruce's funny and wry observations on the life of a lawyer—from his time as a public defender to his solo practice. Includes the recent article "Why Lawyers Are Not Funny."*

*A recent study estimates that thousands of innocent people are wrongfully imprisoned each year in the United States. Some are exonerated through DNA evidence, but many more languish in prison because their convictions were based on faulty eyewitness accounts and no DNA is available. Prominent criminal lawyer and law professor Abbe Smith weaves together real life cases to show what it is like to champion the rights of the accused. Smith describes the moral and ethical dilemmas of representing the guilty and the weighty burden of fighting for the innocent, including the victorious story of how she helped free a woman wrongly imprisoned for nearly three decades. For fans of Law and Order and investigative news programs like 20/20, Case of a Lifetime is a chilling look at what really determines a person's innocence.*

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Written by Harvard-trained ex-law firm partner Liz Brown, *Life After Law: Finding Work You Love* with the J.D. You Have provides specific, realistic, and honest advice on alternative careers for lawyers. Unlike generic career guides, *Life After Law* shows lawyers how to reframe their legal experience to their competitive advantage, no matter how long they have been in or out of practice, to find w from a high-powered partnership into an alternative career and draws from this experience, as well as that of dozens of former practicing attorneys, in the book. She acknowledges that changing careers is hard much harder than it was for most lawyers to get their first legal job after law school but it can ultimately be more fulfilling for many than a life in law. *Life After Law* offers an alternative path to help launch lawyers into new fields and make them attractive hires for non-legal employers.

The remarkable life of a lawyer at the forefront of civil and human rights since the 1960s By the time he was 26, Michael Tigar was a legend in legal circles well before he would take on some of the highest-profile cases of his generation. In his first US Supreme Court case—at the age of 28—Tigar won a unanimous victory that freed thousands of Vietnam War resisters from prison. Tigar also led the Chicago Eight, and leaders of the Black Panther Party, to name only a few. It is past time that Michael Tigar wrote his memoir. Sensing Injustice: A Lawyer's Life in the Battle for Change is a vibrant literary and legal feat. In it, Tigar weaves powerful legal analysis and wry observation through the story of his remarkable life. The result is a compelling narrative that blends law, history, and prod

The Lawyer's Guide to Balancing Life and Work

A cheeky account of a chubby law graduate, as he waddles through life and law text books, in his rather futile attempts at wooing his pretty Gujarati classmate. Ankur Palekar, a third year law student believes his life is quite sorted out, except that he does not want to become a lawyer, has a family history of lunacy and has actually fallen in love. Vyas, Ankur's room mate and best friend, has no such problems - only a girl friend who emerges from a grave yard of all places and who insists on visiting him in his boy's hostel. A Malayali friend, whose car never starts and vocal chords never stop, a college festival being organized without the college and an arranged marriage which is more deranged than arranged are some of the other highlights. Funny, pacey, yet it has it's moments, "When a Lawyer falls in love..." Is the kind of book, that will make you laugh and cry, both for the same reasons!

In *Strong Advocate*, Thomas Strong, one of the most successful trial lawyers in Missouri's history, chronicles his adventures as a contemporary personal injury attorney. Though the profession is held in low esteem by the general public, Strong entered the field with the right motives: to help victims who have been injured by defective products or through the negligence of others. As a twelve-year-old in rural southwest Missouri during the Great Depression, Strong bought a cow, then purchased others as he could afford them, and eventually financed his education with the milk he sold. After graduating law school and serving in the Army's Counter Intelligence Corps, he rejected offers to practice in New York and San Francisco and returned to his hometown of Springfield. Strong exhibited his lifelong passion to represent the underdog early in his practice, the "trial by ambush" days when neither side was required to disclose witnesses or exhibits. He quickly became known for his audacious approach to trying cases. Tactics included asking a friend to ride on top of a moving car and hiring a local character called "Crazy Max" to recreate an automobile accident. One fraud case ended with Strong owning a bank and his opponent going to prison. When he sued a labor union for the wrongful death of his client's spouse, he found the union's lawyer threatening. With changes in the law that allowed discovery of information from an opponent's files as well as the exhibits and witnesses to be used at trial, Strong and fellow personal injury attorneys forced a wide array of manufacturers to produce safer products. When witnesses of a terrible collision claimed both roadways had green lights simultaneously, Strong purchased the traffic light controller. After three months of continuous testing at a university, the controller failed, showing four green lights, and Strong learned that fail-safe devices were available but had not been implemented. These fail-safe devices are now standard on traffic lights throughout the country. In his last venture, Strong represented the state of Missouri in its case against the tobacco industry, culminating in a settlement totaling billions of dollars. He reflects on the changes—not always for the better—in his oft-maligned profession since he entered the field in the 1950s. Thomas Strong's story of tenacity, quick wits, and humor demonstrates what made him such a creative and effective attorney. Lawyers and law students can learn much from this giant of the bar, and all readers will be entertained and heartened by his victories for the everyman.

The author "describes the unique stresses lawyers face, the increasing demands of the legal marketplace, the "moral neutering" imposed by a lawyers' ethical duty of advocacy, some blunt truths about clients, and the deep tensions between lawyers' professional and personal lives." Occupational Outlook Handbook The Story of a Chicago Lawyer Renegade Lawyer The Ultimate Guide to Getting into and Succeeding in Law School How to Be Happy in Law and Life The Fight to Save Death Row Inmates

A memoir of a extraordinary legal life.

Completely revised and updated, So You Want to Be a Lawyer takes you through the process of becoming a lawyer, examining each phase in a helpful and easy-to-understand narrative. Find out what practicing law is like before you step into your first law school class. Practice solving legal problems as law students would in law school and lawyers might in an actual courtroom. Find out how to get into law school. And there's much more:
•Advice on how to select a law school, along with names and addresses of American Bar Association (ABA)-approved law schools
•An explanation of the law school admissions process, and ways to improve your chances for getting in
•Practical exercises and advice that will give you a head start over other first-year law students
•Information about career opportunities as a lawyer
Written by three experienced lawyers, this book will help you understand the types of problems facing law students and lawyers on a daily basis. Not only will it prepare you for law school, but it will also become your trusted guide on the path to becoming a successful lawyer. Crisply written with some tongue and cheek, these easy to read stories make the reader laugh, cry, think, and feel, and remind us that things are not always as they seem. Each life lesson begins with a true legal story, and ends in a surprising way that connects the dots to our common humanity. You will never look at the law, or life, the same way again. Among the joys and triumphs and trials and sorrows, readers see how much we can learn from the law, and how much it can learn from us.

A Common-Sense Guide to Everyday Dilemmas

**Elmer Gertz has defended famous people—including Henry Miller, Nathan Leopold, and Jack Ruby—and he has become famous in his own right through his struggle for civil liberties and personal rights. Gertz has taken on a lengthy list of cases and causes over the six decades of his legal career. He fought successfully against the censorship of Henry Miller's book *Tropic of Cancer*, which had been banned in Chicago for obscenity. He got Nathan Leopold released from prison after Leopold had served 34 years for his part in the death of 14-year-old Bobby Franks. An ardent foe of the death penalty, Gertz labored for years as part of a national team of lawyers that was finally able to overturn Jack Ruby's death sentence for the murder of Lee Harvey Oswald. Gertz's cases have helped make libel law in the nation. For this edition, Gertz adds an afterword that covers the 15 years since the book's first publication. Gertz talks of Henry Miller's last days and his travels to the USSR on behalf of the Refuseniks.**
**Can lawyers really be happy? Research the world over is showing us that lawyers are unhappy in very large numbers. Here in Australia, current research suggests that one in three lawyers will experience depression at some stage during their careers. For anyone practising in law or considering it in their future, this statistic is both overwhelming and so very sad. Happy Lawyer, Happy Life is the book for people on the law path who want to live the happiest life they can, at the same time enjoying all that brought them to their law career in the first place. Written by Australian lawyer Clarissa Rayward, Happy Lawyer, Happy Life will give you the tools you need to make the best of your career in the law and, perhaps more importantly, find happiness in your life. Clarissa's own experience of managing unhappiness in her career is combined with the knowledge and wisdom of many other happy lawyers to create this practical guide - a must-read for anyone considering or navigating a career in the law.**

How to restore the can-do spirit that made America great, from the author of the best-selling *The Death of Common Sense*. Americans are losing the freedom to make sense of daily choices!teachers can't maintain order in the classroom, managers are trained to avoid candor, schools ban tag, and companies plaster inane warnings on everything. !Remove Baby Before Folding Stroller! a Philip K. Howard's urgent argument is full of examples, often darkly humorous. He describes the historical and cultural forces that led to this mess and lays out the basic shift in approach needed to fix it. Today we are flooded with legal threats that prevent us from taking responsibility. We must rebuild boundaries of law that protect an open field of freedom. The voices here will ring true to every reader. The analysis is powerful, and the solution unavoidable. What's at stake, Howard explains in this seminal book, is the vitality of American culture. Lewis M. Steel, born a Warner Brothers' grandson, inherited a life of privilege, access, and opportunity. With every option available, he chose a life of purpose, spending more than fifty years as a no-holds-barred civil rights lawyer whose victories set legal precedents still relevant today. In *The Butler's Child*, Steel explores the important role race played in his upbringing, anchored by his relationship with the family's African American butler, and why this attorney has devoted his life to pursuing racial justice. This insightful life story chronicles his close relationship with Robert L. Carter, his mentor and extraordinary NAACP general counsel. Steel was there during the Attica uprising, represented innocent African Americans in front-page murder cases, and played a central role in the evolution of civil rights law from the height of the movement to landmark cases in the decades that followed. The Butler's Child provides an insider's look at some of these emotion-packed, hard-fought trials and decisions from the 1960s to the present by an attorney still working to advance rights that should be available to all.

The Butler's Child is the personal story of a Warner Brothers family grandson who spent more than fifty years as a fighting, no holds barred civil rights lawyer. Lewis M. Steel explores why he, a privileged white man, devoted his life to seeking racial progress in often uncomprehending or hostile courts. In fact, after writing a feature for *The New York Times Magazine* entitled "Nine Men in Black Who Think White," Lewis was fired from the NAACP and the entire legal staff resigned in support of him. Lewis speaks about his family butler, an African American man named William Rutherford, who helped raise Lewis, and their deep but ultimately troubled relationship, as well as how Robert L. Carter, the NAACP's extraordinary general counsel, became Lewis' mentor, father figure and lifelong close friend. Lewis exposes the conflicts which arose from living and working in two very different worlds - that of the Warner Brothers family and that of a civil rights lawyer. He also explores his more than fifty year marriage that joined two very different Jewish and Irish American families. Lewis' work with the NAACP and in private practice created legal precedents still relevant today. The Butler's Child is also an insider's look into some of the most important civil rights cases from the turbulent 1960's to the present day by a man still working to advance the civil rights which should be available to all.

The Last Lawyer

Model Rules of Professional Conduct

The lawyer best known for his part in leading O.J. Simpson's defense team traces his career, efforts to promote change, participation in several high-profile cases, and work for race relations.

A riveting book about the life of "America's Lawyer," Chesterfield Smith of Florida, written by Michael L. Jamieson, his protégé, colleague, and good friend for 39 years. It should not be missed by lawyers, law students, professors, students of the profession and professional leadership, and those interested in the role of the leader of the nation's organized bar during the Watergate era.

Albert Stark takes us on a journey through his first fifteen years as a lawyer. Sixteen chapters, written with the pace and interest of a novel, teach lessons in time management, fee negotiation, finding information, and using it advantageously. From his first assignment as a public defender to a maze of legal challenges and the clients and adversaries that go with them, Stark poignantly describes the pitfalls and disillusionments, as well as the triumphs, that lay in the path of a lawyer seeking independence by making a name for himself, becoming financially independent, and intellectually independent. Insightful, humorous and human, just like Albert Stark himself. Should be must reading for every young lawyer - and anyone who relishes a fascinating and superbly written book. Bob Denney, President, Robert Denney Associates, Inc. An extraordinarily well-written account of the life of a lawyer. Absorbing! David Maister, author and consultant

**The Last Lawyer is the true, inside story of how an idealistic legal genius and his diverse band of investigators and fellow attorneys fought to overturn a client's final sentence. Ken Rose has handled more capital appeals cases than almost any other attorney in the United States. The Last Lawyer chronicles Rose's decade-long defense of Bo Jones, a North Carolina farmhand convicted of a 1987 murder. Rose called this his most frustrating case in twenty-five years, and it was one that received scant attention from judges or journalists. The Jones case bares the thorniest issues surrounding capital punishment: inadequate legal counsel, mental retardation, mental illness, and sketchy witness testimony stymied Jones's original defense. Yet for many years, Rose's advocacy gained no traction, and Bo Jones came within three days of his execution. The book follows Rose through a decade of setbacks and small triumphs as he gradually unearthed the evidence he hoped would save his client's life. At the same time, Rose also single-handedly built a nonprofit law firm that became a major force in the death penalty debate raging across the South. The Last Lawyer offers unprecedented access to the inner workings of a capital defense team. Based on four-and-a-half years of behind-the-scenes reporting by a journalism professor and nonfiction author, The Last Lawyer tells the unforgettable story of a lawyer's fight for justice.**

**The life and times of a trailblazing feminist in American law. The first female Stanford law professor was also first director of the District of Columbia Public Defender Service, one of the first women to be an Assistant Attorney General of the United States, and the biographer of California's first woman lawyer, Clara Foltz. Survivor, pioneer, leader, and fervent defender of the powerless and colorful mobsters alike, Barbara Babcock led by example and by the written word—and recounts her part of history in this candid and personal memoir. “For woman lawyers, Barbara Babcock has led the way. How? By being smarter and tougher than the men; also, more empathetic and self-aware. Funny, shrewd, and telling, her memoir *Fish Raincoats* is a joy to read.” — Evan Thomas, author of *Being Nixon: A Man Divided* “An immensely engaging, articulate and detail-rich memoir from a pioneer who helped forge the path for women in the legal profession. Barbara Babcock taught, mentored and inspired generations of law students to look beyond the billable hour; she has chronicled her times—the modern Women’s Movement, the challenges and characters she met along the way—with insight, humility and grace.” — Thelton E. Henderson, Senior U.S. District Judge, San Francisco “Life will afford you no better sherpa on the extraordinary journey women have taken in the legal profession than Barbara Babcock. From her description of her career in DC courtrooms, to her role in the battle to defeat the Bork nomination, and her pathbreaking biography of another woman ‘first,’ she is the same warm and generous storyteller and narrator who welcomed untold numbers of new students to Stanford Law School and assured us all that we indeed had a place in the life of the law. This should be required reading for anyone who isn’t certain that they have a place at the lawyers table. Babcock’s amazing life has made a space for so many of us. Her story will do the same.” — Dahlia Lithwick, Senior Editor, *Slate* “‘But men are writing the history!’ Barbara Babcock thought to herself in response to a sexist comment about women in the law years ago. Not anymore. Babcock spins her formidable legal career into insightful stories about how she made her way and made her field her own. The best kind of personal history.” — Emily Bazelon, author of *Sticks and Stones: Defeating the Culture of Bullying and Rediscovering the Power of Character and Empathy* *Fish Raincoats* is a compelling new addition to the *Journeys & Memiors Series* from *Quid Pro Books*; also available in paperback and clothbound editions. Quality digital formatting includes linked notes, active Contents, active URLs in notes, and all the original images (thirteen, most in color) from the print editions.**

*The Lawyer's Guide to Balancing Life and Work, Second Edition is about how the law fits inside you, not how you fit inside the law. Making space for creativity and passion within your current workplace and at home can yield enormous emotional rewards. In the end, this book will support you whether you stay in the law, shift your law practice, or move on to other work. This book is the tool you need to make healthy decisions and welcome the passion back into your life!*
*A law professor and author teaches non-attorneys how to think like a lawyer to gain advantage in their lives—whether buying a house, negotiating a salary, or choosing the right healthcare. Lawyers aren't like other people. They often argue points that are best left alone or look for mistakes in menus "just because." While their scrupulous attention to detail may be annoying, it can also be a valuable skill. Do you need to make health care decisions for an aging parent but are unsure where to start? Are you at crossroads in your career and don't know how to move forward? Have you ever been on a jury trying to understand confusing legal instructions? How to Think Like a Lawyer has the answers to help you cut through the confusion and gain an advantage in your everyday life. Kim Wehle identifies the details you need to pay attention to, the questions you should ask, the responses you should anticipate, and the pitfalls you can avoid. Topics include: Selling and buying a home*
*Understanding employment terms Creating a will and health care proxy Navigating health concerns Applying for financial aid Negotiating a divorce Wehle shows you how to break complex issues down into digestible, easier-to-understand pieces that will enable you to make better decisions in all areas of your life.*

*This book offers a unique opportunity to sit down with a diverse gathering of lawyers to share their perspectives on being a lawyer. In this compelling collection of essays, the contributors write about the values of the profession, a lawyers responsibility to their communities, their duty of service to clients, and to the public and to each other. This book can provide the guidance you need should you ever feel that you are losing your way.*

*A Lawyer's Life*

*The Life of J.L. Cohen*

*Three Hours to Finding Your Calm in the Chaos*

*Life After Law*

*How to Think Like a Lawyer—and Why*

*Though Cohen rose to the top of his profession, he had a difficult, complex private life that contributed to his personal disgrace and professional downfall.*

*Essays by and about women lawyers describe their satisfactions and struggles. Even though the stories revolve around women trained to be lawyers, the stories are relevant to life outside the legal profession and will be lessons for all women professionals. (Legal Reference/Law)*

*You get good grades in college, pay a small fortune to put yourself through law school, study hard to pass the bar exam, and finally land a high-paying job in a prestigious firm. You're happy, right? Not really. Oh, it beats laying asphalt, but after all your hard work, you expected more from your job. What gives? The Happy Lawyer examines the causes of dissatisfaction among lawyers, and then charts possible paths to happier and more fulfilling careers in law. Eschewing a one-size-fits-all approach, it shows how maximizing our chances for achieving happiness depends on understanding our own personality types, values, strengths, and interests. Covering everything from brain chemistry and the science of happiness to the workings of the modern law firm, Nancy Levit and Doug Linder provide invaluable insights for both aspiring and working lawyers.*

*For law students, they offer surprising suggestions for selecting a law school that maximizes your long-term happiness prospects. For those about to embark on a legal career, they tell you what happiness research says about which potential jobs hold the most promise. For working lawyers, they offer a handy toolbox—a set of easily understandable steps—that can boost career happiness. Finally, for firm managers, they offer a range of approaches for remaking a firm into a more satisfying workplace. Read this book and you will know whether you are more likely to be a happy lawyer at age 30 or age 60, why you can tell a lot about a firm from looking at its walls and windows, whether a 10 percent raise or a new office with a view does more for your happiness, and whether the happiness prospects are better in large or small firms. No book can guarantee a happier career, but for lawyers of all ages and stripes, The Happy Lawyer may give you your best shot.*
