

A Message Of Hope From The Angels Lorna Byrne

George Anderson—the world’s premier medium—offers a personal, first-hand glimpse of the Other Side and brings a message of hope and love for all, based on the illuminating lessons of his life’s work. In his years working with bereaved families to communicate with lost loved ones, George Anderson has earned an international reputation for his astonishing abilities. Now, for the first time, Anderson offers a vivid and intimate account of his spiritual communications. He explains what it’s like to be a psychic, what he experiences, and what it means. He directly answers the many questions most commonly asked of him. He also shares moving, inspirational, and reassuring readings that illuminate the meaning of life, the reality of the afterlife, the importance of spirituality, and our bond to the souls in the hereafter. They are messages that not only enlighten us about what awaits, but also teach us how to fulfill our significant roles here on earth and in life. They are messages of hope and love as extraordinarily beautiful as they are eternal.

"I was touched by the depth of passion and awed by the firm resolve with which Mattie Stepanek pursued a dream that has evaded men and women throughout history. What began as a casual discourse, not too different from others I have had with inquisitive young people who have reached out to me, became a treasured and enlightening friendship that changed my life forever. With the purity of heart that only a child can possess, and the indomitable spirit of one who has survived more physical suffering than most adults will ever know, Mattie convinced me that his quest was not inconceivable. Inspired by his enthusiasm and without reservation, I committed to a partnership with him. . . . These words of wisdom and inspiration came from the most remarkable person I have ever known." --Jimmy Carter Sometimes the most important messages come from the most unlikely places. Mattie J.T. Stepanek, a 13-year-old boy, made a difference before he died with his Heartsongs poetry. He continues to impact the world through Just Peace. This poet, bestselling author, peace activist and prominent voice for the Muscular Dystrophy Association fervently believed in and promoted world peace not just as a concept, but as a reality. Mattie was working on this manuscript with Jimmy Carter when he died in June 2004. His mother Jeni, who edited the material and wrote a preface for the book has published it at her son's request. Just Peace explores Mattie's concept of the world and all people as a unique mosaic of gifts. War and injustice shatter the mosaic, which can only be made whole again by planning and actively pursuing peace. The young visionary's essays, poetry and photographs appear throughout the book. Jimmy Carter has written a special foreword for the book. Just as important to the book and enlightening to the reader are Mattie's many correspondences. Central to these are his personal e-mails to and from former president Jimmy Carter, Mattie's peace "hero" and role model. The Nobel Peace Prize winner met Mattie, considered him an angel, messenger and hero in his own right, and was genuinely affected by Mattie's passion and drive. Just Peace is an intimate portrait of a president, a young man of hope and peace itself. Dr. Angela Ploehoad did not grow up "churched" but met Jesus when she was 13. This set her on a course of questioning why God would create her to be a strong and driven woman, when the message she seemed to get from the church and bible seemed to say that she should be meek and not have a leadership role. This book takes you on her journey of reconciliation with God as He walked her through making sense of the scriptures used to keep women out of leadership in the church. You will also read stories of other women who managed their own struggles with these messages and how they overcame them to find their way in fulfilling their call. This book is a call to action for all women in the church to find out all of who they are created to be, for the men in their lives and churches to make space to help them achieve their call, and ultimately for the church to find unity in the body.

Though the apparitions of Our Lady and Fatima took place almost a hundred years ago, Our Lady's call to prayer and penance for the salvation of souls and peace in the world is as relevant now as when first delivered to three Portuguese peasant children in 1917. At the peak of the First World War, our Lady warned of another worldwide conflict, the rise and spread of Communism, and a terrible persecution of the Church unless people repented of their sins and returned to God. She also requested devotion to her Immaculate Heart and a special consecration of Russia. Much of what Our Lady of Fatima said was revealed soon after her appearances, but the third and final "secret", which was not a message but a prophetic vision seen by the children, was not unveiled by the Vatican until 2000. Pope John Paul II, who read the third secret while recovering from the attempt upon his life in 1981, believed the vision signified the sufferings the Church had endured in the twentieth century. Because of the prophetic nature of her messages, Our Lady of Fatima has been the subject of much controversy and speculation. In this book, Fr. Andrew Apostoli carefully analyzes the events that took place in Fatima and clears up lingering questions and doubts about their meaning. He also challenges the reader to hear anew the call of Our Lady to prayer and sacrifice, for the world is ever in need of generous hearts willing to make reparation for those in danger of losing their way to God.

A Memoir With a Message of Hope

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

This book is the first from the prophetic and social conscience mind of Peter Spann. His passion for Christianity and social justice takes the reader on a journey to better understanding our current climate of division and white nationalism that has encompassed both the United States and world. This book, with its infusion of biblical truth, hip-hop and social criticism, is an easy read for believers who are looking to counter the narrative that God only embraces neo-conservative views that only center around abortion, gay marriage, and land owner rights. This book is a call to action to believers in a God of social justice and a reminder that though it looks like society is temporarily taking a moral downturn, in the end, we will be alright because God promised we will.

This is a Message of Hope from Patricia Ann Penn Pierre, a 24 year cancer survivor, whose life changed, dramatically, in August, 1987, when she was diagnosed with breast cancer and was faced with having to have a double mastectomy. She made a decision, early on in the process, to turn it all over to GOD and let HIM lead her through the shadow of death. She had never been to a place this dark before... she had no choice but to Walk By Faith because there was no sight! At first glance, the odds may have been stacked against her, but GOD turned everything around in her favor. This is a Phenomenal Story of Faith, Hope, Love & Courage. In the face of adversity, her FAITH never wavered. This period in her life is the "defining moment" when GOD and HIS WORD came alive in her life. This is her story... her Message of Hope for you... that no matter what the situation may be, or appear to be, that GOD is in control and that GOD ANSWERS PRAYERS. You are invited to "step back in time" as she recounts her "journey through the valley," and her ultimate VICTORY over cancer. She has shared her story with folks all across America and in places as far away as Barbados. Each time she has shared this powerful testimony, folks have surrounded her to share the fact that they were encouraged to "keep their hopes up high and to keep pressing forward..... with great expectations" in their fight against this dreaded disease. In the midst of her storm, her FAITH increased ten-fold and she was able to focus on what she was going TO (Victory) instead of what she was going THROUGH (surgeries and chemotherapy). This is truly A Message of Hope.....from a 24 Year Cancer Survivor. You Will Be Blessed!!

Our house is on fire! Who will answer the call? Is there One Idea that can save the world? Is there One Idea that can bring us all together - no matter what our faith, our politics, our culture - to do what is necessary and right in the face of the enormous challenges that confront us - environmentally, economically, socially and spiritually? Author and poet Laurence Overmire believes he has found an Idea that can do just that. It is a very old idea, but we have not paid attention to its glaring ramifications. Will we change the way we think and the way we live or are we doomed to bring about the end of all that humankind has created and accomplished in the long course of our history on this planet? This second edition is a message of hope in a time of crisis. Overmire presents us with a roadmap for how to bring about the healthy world that we seek. His overall message is stirring and uplifting. This book will make you feel good about yourself, your neighbors, and this beautiful planet of which we all are a part. We can save the world. It's all up to us. Each one of us. As Overmire tells us, it's time to awaken to our best selves. And we haven't a moment to lose. Praise for the First Edition of THE ONE IDEA THAT SAVES THE WORLD "This message of unity certainly reflects both the science around climate change and the movement we must build to challenge it!" Bill McKibben, author, environmentalist, founder of 350.org "Laurence Overmire's poignant and passionate book, The One Idea That Saves the World, and his urgent call to live that one idea, presents a powerful truth and a heartfelt vision of hope that just may galvanize the world to do what needs to be done to save itself." World Business Academy "The One Idea that Saves the World is an excellent delivery of a spirited message of how we as human beings can become conscious of living in balance and harmony - the TIME IS NOW." Mona Polosca, member of the International Council of Thirteen Indigenous Grandmothers "The future of a habitable planet requires a significant shift from the status quo. Inertia and time are unified against us. Laurence Overmire has written a direct, simple, and compelling call to conscience. I hope people hear it." Aaron Viles, chair of the board of directors of Healthy Gulf, formerly Gulf Restoration Network "Overmire had me on page 12 when he wrote that this book was about wisdom... which translates into 'immediate personal action'... he has really created a teaching vehicle... a very worthy work." Rt. Rev. George E. Packard, retired US Army officer, Bishop of the Episcopal Church "The One Idea that Saves The World is, not surprisingly, both incredibly simple and incredibly profound. It takes a poet to present profound sim-plicity in language that touches the rhythms of the heart. That poet is Laurence Overmire, and his poetic message is to us a call to Conscience and a call to Action, one that will resonate with all the peoples and the rhythms of the planet." John Lundin, author, The New Mandala: Eastern Wisdom for Western Living, written with the Dalai Lama; and Journey To The Heart Of The World, written with the indigenous peoples of Colombia

Have you ever felt like you were going through this life alone? Through his own experiences Author Trey Moore creates a sense of Hope to readers that they too can overcome this game of life. "A Message of Hope" challenges you to motivate and inspire by using your life story to encourage the people around you.

For us, Fatima is a sign of the presence of faith, of the fact that it is precisely from the little ones that faith gains new strength, one which is not limited to the little ones but has a message for the entire world and touches history here and now, and sheds light on this history."-- Pope Benedict XVI "As was so dramatically obvious during the visit of Pope Benedict XVI to Fatima in May 2010, Our Lady's apparitions in 1917 remain powerfully compelling for us today. There she was an evangelist, calling us to prayer, conversion of heart, and penance, pointing to Jesus and repeating her words at Cana. "Do whatever He tells you." This book brings it all home."-- Most Reverend Timothy Dolan Archbishop of New York "Learn, live, and spread the message of Fatima! This is the express desire of Pope Benedict XVI. And Pope John Paul II once stated that the message of Fatima was more important now than in 1917! That is why this wonderful book on Fatima is so important. Fr. Apostoli has recreated this heavenly message of urgency and hope for a new generation. Our world needs the message of Fatima more than ever, and I pray that many people are brought back to Jesus, Mary, and the Church through these pages."-- Fr. Donald Calloway, MIC Author, No Turning Back: A Witness to Mercy "Fr. Apostoli's book tells us all we need to know about Our Lady's apparitions to the three children in Portugal in 1917. His brief and objective presentation of the facts surrounding the divine revelation not only informs the mind, but also moves the will to embrace and carry out the message of Fatima--prayer and penance--for the salvation of sinners and in preparation for the Immaculate Heart of Mary."-- Fr. Kenneth Bakers, S.J. Author, Inside the Bible "In a manner which is most gripping, how guardian angels are present, supporting and protecting everyone, and how they can be called upon for their help in making life happier and more fulfilling.

A Message About Hope

Break the Box: A Message of Hope and Inspiration is a devotional like no other. It is uniquely organized to give you a word of the day to meditate on, the devotional itself, questions to contemplate, and a prayer for each day all in a two- volume set. The two-volume format (39 days and 27 days) covers all 66 books of the Bible in an easy to read format. The book(s) have a three-fold purpose: 1) to empower those who preach the Word of God to get started with a bit of exegesis; 2) to give the casual reader inspiration each day as they learn about God's Word; and 3) while reading God's Word, to become closer to The Lord and to be inspired and help the reader along their journey. The title of the book(s) comes from a message preached by D. Michelle Stokes entitled Break The Box: Settling the Issue of Worship. As we break our box in worship, we get closer to the Lord and see Him as He is and ourselves as we really are, more clearly. The two-volume set is meant to be read consecutively in any order...i.e. you can read volume one first then volume two or vice versa. It is the author's hope and prayer that this two-volume set blesses your life and you find hope, inspiration, and enrichment in seeking The Lord and reading His Word!

There' s no doubt the world is in trouble. We see tragedy in the streets and violence in the news—but what can we do about it? And how can we find peace amid the chaos? We hear increasingly divisive political debates that spotlight the deep and bitter divisions in our society. We feel the pain and confusion of a culture that seems to be coming apart at the seams. It can be difficult to find a way forward, trusting that God will protect and care for us amid the struggles of life. In this updated edition of Escape the Coming Night, Dr. Jeremiah walks through the perfect Scriptures for these uncertain times, exploring The Book of Revelation in a practical way. For those who have wanted to know more about Book of Revelation but didn' t know how to get started, the book answers key questions like: How do we explain so much continuous chaos? How do we live with such turmoil? Is there any hope for peace in our lifetime? As one of the world' s most beloved Bible teachers, Dr. David Jeremiah is the perfect voice to help answer these questions. This exploration of Revelation is shocking and eye-opening, but also consistently uplifting—and a vital message for our time.

Are You Noticing the Signs of the Times? In the Bible, Jesus spoke about the signs that would make it clear His return is near. What are those signs? And are they evident today? As a Jewish native Israeli who is a Christian, Amir Tsarfati has a distinct perspective that weaves biblical history, current events, and Bible prophecy together to shine light on the mysteries about the end times. From his vantage point in the Middle East and through a full Bible study, Amir points to evidence that informs us the return of the Lord is imminent. In The Day Approaching, you will learn... God' s plans for the world, Israel, the church, and you that the signs of Christ' s return are visible all around us the smoke screen of deception that will lure people away from truth; how even now God is revealing Himself to people and changing their hearts of the wonders that await us in Jesus' future millennial kingdom As you seek hope and clarity about earth' s final days, let the Bible alone be the resource you turn to for answers. The author shares a distinct and clearly perceptible message given to her by the Holy God at a window of her home. A message of hope for a time of fear and insecurity beget by the onslaught of Covid-19. Though the message not only for this unsettled season but for all times, knowing we shall gather hope from the Lord God who is with us always, never shall we fear. Entwined in the message that unfolds is a collection of reflective expressions instilling hope and security, for it is the Lord God who gives to us peace of mind.

The Metaphysical Memoir of a Most Unexpected Medium

"I've pitched my tent in the land of hope." Acts 2:26 There's no emotion quite so vulnerable as hope. We pin it to our wildest plans, and as we know all too well, sometimes our plans don't work out. Where do we turn when hope is hard to come by? Running through the entirety of the Bible is a continuous message: Hope in God. God will not disappoint. The Message of Hope is a sourcebook for your soul's journey, carefully collected and curated from the Bible. Move from disappointment--both small and large--to a life anchored in Jesus. You can be confident, knowing God is with you and for you. He persevered through death to give you life--yes, your life--meaning and purpose and hope.

God is a Divorcee Too premises that the church for too long has been judge, jury and persecutor of those experiencing the tragedy of divorce. The church withdraws fellowship, shuns the divorcee, communion is often withheld, and some are excommunicated all together As the title states, even God, the perfect husband was divorced from Israel, His beloved spouse (Jeremiah 3:8). A book you will want to read, want others to read, a book you will be talking about and referencing again and again."

The author, a professor of theology and ordained minister, argues that Revelation does not predict a seven-year tribulation, nor a rapture of Christians. Rather, it offers a vision of God's healing love for the world.

"Messages of Hope" is the page-turning story of a former skeptic--Commander Giesemann, former U.S Navy commanding officer and aide to the Chairman of the Joint Chiefs of Staff--who has evidential communication with unseen realms.

A Message of Hope for the Hopeless

The motor vehicle accident in 2004 was the start of a supernatural journey of faith for the McPherson family. Retah's son, Aldo (then 12 years old), suffered a serious brain injury and was in a coma for several months. While Aldo was in a coma, he had a supernatural experience: he was in heaven, saw God, the angels, Moses and Abraham. Aldo came back with this message: 'Mommy, I need to tell the world that Jesus is truly alive.' A Message of Hope is the third book in a series wherein Aldo and Retah testify of the road of faith and hope their family has been walking on with God since the accident. Aldo's letters written in his own handwriting, as inspired by the Holy Spirit (or Wisdom, as Aldo calls Him), tell of his encounters with angels, demons and the fierce spiritual battle they were engaged in. It brings a sobering realization that what happens in the unseen spiritual realm has a much greater effect on our lives than we think. "Sometimes our circumstances are so overwhelming that we can lose all perspective and hope in the battle. Then we often give up and start agreeing with the lies of enemy instead of standing up and fighting for our Promised Land. But how do you fight if you don't know the nature or strategy of the enemy? Because of all that we have endured, I can say today with unshakable conviction: God is faithful. You can trust Him; and in Him there is always hope." - Retah McPherson. This is a story of the awakening of mankind. The mass consciousness of mankind is changing, and as each soul moves toward the higher vibration, more and more people will be able to do the same. There is far more goodness in the world than others would have us believe. The old prophecies can no longer stand, as the energy of the planet has shifted. Reviews I want to thank you for such a wonderful piece written about twin souls. I have just read a number of books on the subject and I have found your writing to explain it all with such clarity. I have just recently separated with my twin soul because the emotions we brought up for each other were just too intense. It was more my decision than my soul. But your written words are a constant reminder to myself that we have wholeness already within ourselves and we do not need them to reach a place of inner peace and joy. It just hurts so right now as I am not there yet!! Thank you from my heart once again. With love, light and wholeness... Chris Hamilton has given us another fine, esoteric book for all who have an interest in our future. She tells how the Earth and Mankind on the Earth will achieve perfect balance and harmony. Chris has given us strong and loving insight and hope in the future for Mankind. I have read many metaphysical books, perhaps hundreds, and Chris's "Earth's Ascension" is by far the most informative book I have read. It contains a wealth of valuable information that rings true into the planet's ascension into the higher dimensions. This book answers all the questions one might ponder of life on this planet and it definitely does contain a message of hope for mankind. Indeed, I consider "Earth's Ascension" to be the metaphysical textbook of the present time. Yashah (author of many online books)
