

A Shade Of Vampire 31 A Twist Of Fates

After morphing into 187 very large white rats in the name of self-preservation, Jules Duchon is back to his portly self, a member of that secret class of New Orleans citizens known as the undead. Though he would like nothing better than to spend his nights raising hell and biting flesh in his beloved French Quarter, duty calls when an exclusive club of blue blood vampires demands that the 450-pound cabbie find out who is attacking its young and beautiful members. Adding insult to injury, he has to enlist the help of a former foe: a black vampire named Preston. What’s a vampire to do? Without the love of a woman to ease his pain, Jules isn’t convinced that his undead life is worth living. He doesn’t desire Doodlebug (she may be a woman now but Jules knew her back when she was just a boy) any more than he longs for Daphne, a rat catcher who nourishes a crush the size of Jules. No, only Maureen will do. Once a beautiful stripper with nothing but curve after curve to her bodacious body, now she is mere dust in a jar. But Jules will move heaven and earth to get her back . . . even if it means pulling her back from the dead.

She takes an internship at a local radio station, whose late-night time-warp format features 1940s blues, '60s psychedelia, '80s goth, and more, all with an uncannily authentic flair. Ciara soon discovers just how the DJs maintain their cred: they're vampires, stuck forever in the eras in which they were turned. To boost ratings and save the lives of her strange new friends, Ciara rebrands the station as "WVMP, the Lifeblood of Rock 'n' Roll." In the ultimate con, she hides the DJs' vampire nature in plain sight, disguising the bloody truth as a marketing gimmick. But the "gimmick" enrages a posse of ancient and powerful vampires who aren't so eager to be brought into the light. Soon the stakes are higher—and the perils graver—than any con game Ciara's ever played...

BITING IS SO LAST SEASON. A vivacious vampire with a flair for accessorizing, Lil Marchette is unlike most of her kind. She prefers lively shades of pink to dismal black (soo not her color), plus she's a hopeless romantic. In need of a steady paycheck to support a compulsive cosmetics habit, Lil starts Dead End Dating (DED), a Manhattan-based smart, sophisticated singles like herself find eternity mates--and may even help her stake a claim to her very own Count Right! When Lil meets geeky vampire Francis Deville, she knows he's the perfect first client. If she can hook up Francis--after a little revamping, of course--she will prove her skills to the vampire community and turn DED into a profitable business. But just as her business takes off, Lil meets the (literally) drop-dead gorgeous bounty hunter Ty Bonner, who is hot on the chase of a serial killer. Instantly drawn to the luscious vamp stud, Lil really wants a taste. But as a made vampire, Ty can't procreate--and Lil will settle for nothing less. Luckily, between "vampirifying" Francis and Ty, Lil has no time for silly romantic entanglements . . . even if Ty is all that and a Bloody Mary chaser!

Lissianna has been spending her centuries pining for Mr. Right, not just a quick snack, and this sexy guy she finds in her bed looks like he might be a candidate. But there's another, more pressing issue: her tendency to faint at the sight of bloodan especially annoying quirk for a vampire. Of course it doesn't hurt that this man has a deliciously sexy vampire woman could resist a bite of that?

In an epic novel the Washington Post called "riveting," Brian Stableford brilliantly imagines a world ruled by a powerful aristocracy of vampires: long-lived, extraordinarily handsome humans who are immune to pain but must drink the blood of their common subjects. The story begins in seventeenth-century London and spans three hundred years?moving from England to the heart of Africa, to Malta, and finally to the New World. Edmund Cordery, Mechanician to the court of Richard Coeur-de-Lion, believes that vampire beings must have a natural explanation. But when his discoveries make him dangerous in the eyes of his masters, Edmund entrusts his learned secrets to his son, Noell, who in turn becomes a fugitive. When he returns to Europe he faces the awesome might of Coeur-de-Lion and the infamous Vlad the Impaler. This classic has been translated into five languages and "turn[ed] the typical vampire story on its ear" when it was published, according to the San Francisco Chronicle.

Blindsight is the Hugo Award-nominated novel by Peter Watts, "a hard science fiction writer through and through and one of the very best alive" (The Globe and Mail). Two months have past since a myriad of alien objects clenched about the Earth, screaming as they burned. The heavens have been silent since—until a derelict space probe hears whispers from a distant comet. Something talks out there; but not to us. Who should we send to meet the alien, when the alien doesn't want to meet? Send a linguist with multiple-personality disorder and a biologist so spliced with machinery that he can't feel his own flesh. Send a pacifist warrior and a vampire recalled from the grave by the voodoo of paleogenetics. Send a man with half his mind gone since childhood. Send them to the edge of the solar system, praying you can trust such freaks and monsters with the fate of a world. You fear they may be more alien than the thing they've been sent to find—but you'd give anything for that to be true, if you knew what was waiting for them. . . . How is academia portrayed in children's literature? This Element ambitiously surveys fictional professors in texts marketed towards children, who are overwhelmingly white and male, tending to be elderly scientists. Professors fall into three stereotypes: the vehicle to explain scientific facts, the baffled genius, and the evil madman. By the late twentieth century, the stereotype of the male, mad, muddlehead, called Professor SomethingDumb, is formed in humorous yet pejorative fashion. This Element provides a publishing history of the role of academics in children's literature, questioning the book culture which promotes the enforcement of stereotypes regarding intellectual expertise in children's media.
