charisma and charm in the modern classic La La Land, Ryan Gosling has swept back onto our screens and confirmed himself as one of Hollywood's greats. Born into a modest family in Ontario, Canada, it certainly didn't seem likely that Ryan Gosling would grow up to become one of the world's most popular movie stars. However, at the age of 12, his first break came. Beating 15,000 hopefuls to become a Mouseketeer in Disney's All-New Mickey Mouse Club, young Ryan found himself performing alongside a whole host of future stars including Britney Spears, Justin Timberlake and Christina Aguilera. However, his remarkable acting ability allowed him to break free from the Disney mould. Since his breakthrough role as Noah in romantic weepie The Notebook, Ryan Gosling has gone on

to star in films as diverse as Half Nelson, Crazy Stupid Love and The Big Short, and become a global star. With a legendary compulsion to lose himself in every role he takes on, he has been named by many as this generation's Marlon Brando. However, he has remained resolutely humble despite his success, and keen to keep his life private, even in the glare of the spotlight placed on himself and his partner, fellow actor Eva Mendes, and their two young children. In this career-spanning biography, journalist Nick Johnstone looks into the life and career of this most gifted, charming and enigmatic leading man.

Aesthetics and Aid in African Crises

Few bands embodied the pure excess of the Seventies like Queen. Theatrical, brilliant, even mercurial – there has never been another band like them, or a frontman like Freddie Mercury. Their performance at the 1985 Live Aid Concert is the stuff of legend and 'We Will Rock You' and 'We Are the Champions' have become anthems at sporting events around the world. With one of the most iconic videos ever, 'Bohemian Rhapsody' achieved even greater recognition through inclusion in the movie Wayne's World. Their 1981 Greatest Hits album has sold more

than 25 million copies to date. Queen were one of the biggest Eighties stadium rock bands of the Eighties but the death of frontman, songwriter and producer Mercury at the start of the Nineties brought the band to a premature halt. This book tells the full story of the band and its members from pre-Queen to post Freddie.

Eleanor Trewynn is a widow of some years living in Port Mabyn, a small fishing village in Cornwall, England. In her younger days, she traveled the exotic parts of the world with her husband. These days, she's retired and founded the local charity shop. Her niece, Megan Pencarrow, transferred nearby, and was recently promoted to the rank of Detective

Sargent. Perhaps the only downside is that she is now working for a DI who doesn't approve of women on the police force and who really doesn't much approve of Megan's aunt Eleanor, as she is something of a thorn in his rather substantial side. All of these factors collide when, the day after collecting donations, Eleanor and the vicar's wife find the dead body of a longhaired, scruffy-looking youth hidden in the stockroom of the charity shop. Then they discover that some donated jewelry thought to be fake is actually very real, very expensive, and the haul from a violent robbery in London. Making matters more complex, the corpse found in the storeroom is apparently not one of the robbers.
