***Book two in the award-winning young adult Austin Family Chronicles series from Madeleine L’Engle, author of A Wrinkle in Time, Vicky Austin experiences the difficulties and joys of growing up. As if simply being fourteen-years-old weren't bad enough—what with the usual teenage angst and uncertainty, Vicky Austin's always comforting and reliable home life is changing completely. Her brother John is going off to college in the fall. Maggy, an orphan taken in by the Austins two years ago, has gone to live with her legal guardian. And the rest of Vicky's family is moving from their quiet house in the country to the heart of New York City. But before the big move, the entire Austin family is taking a meandering trip across the country in their station wagon, stopping to camp along the way, with no set schedule and not a single night of camping experience among them. Wild animal attacks. Life-threatening natural disasters. Cute boys on the prowl. Anything can happen in the great outdoors. When nineteen-year-old Stella marries Theron Renier, she has no idea what kind of clan she’s joined. Soon after their arrival at Illyria, the Reniers’ rambling beachside home, Theron is sent on a diplomatic mission, leaving Stella alone with his family. As she tries to settle into her new life, Stella quickly discovers that the Reniers are not what they seem. Trapped in a world unlike anything she’s ever known, vulnerable Stella attempts to uncover her new family’s dangerous secrets—and stirs up a darkness that was meant to stay buried. From the beloved, National Book Award-winning author of A Wrinkle in Time, The Other Side of the Sun showcases Madeleine L’Engle’s talent for involving and suspenseful storytelling. *'This is a magnificent book' Anne McCaffrey 'I was reminded of Ursula K. Le Guin, George R. R. Martin, and J. R. R. Tolkein, but never felt that Rothfuss was imitating anyone' THE TIMES 'I have stolen princesses back from sleeping barrow kings. I burned down the town of Trebon. I have spent the night with Felurian and left with both my sanity and my life. I was expelled from the University at a younger age than most people are allowed in. I tread paths by moonlight that others fear to speak of during day. I have talked to Gods, loved women, and written songs that make the minstrels weep. My name is Kvothe. You may have heard of me' So begins the tale of Kvothe - currently known as Kote, the unassuming innkeeper - from his childhood in a troupe of traveling players, through his years spent as a near-feral orphan in a crime-riddled city, to his daringly brazen yet successful bid to enter a difficult and dangerous school of magic. In these pages you will come to know Kvothe the notorious magician, the accomplished thief, the masterful musician, the dragon-slayer, the legend-hunter, the lover, the thief and the infamous assassin. A quiet visit with her grandparents turns into a lesson in the fluidity of time for Polly O'Keefe when she meets several strangers from overlapping temporal planes and, with them, plays a key role in a prehistoric confrontation. This standalone chapter book gives young readers the perfect entry into the world of Madeleine L'Engle's A Wrinkle in Time, and lifelong fans of the Time Quintet will recognize characters and settings from A Wind in the Door, the second book in the beloved series. Thoughtful, adventurous, and unique, Intergalactic P.S. 3 is a stunning story of the power of love to span the universe. Charles Wallace Murry is old enough to start school, but his sister, Meg, and their friend Calvin know he isn't cut out for school on Earth—Meg worries that he'll be more misunderstood than ever. Luckily, with the help of the three celestial creatures Mrs Whatsit, Mrs Who, and Mrs Which, there is another place where Charles Wallace can get his education: Intergalactic P.S. 3, a public school in a completely different galaxy. The three children travel through time and space to reach the school, but for them all to make it home safely, Meg must undergo a test that will challenge her inner strength, her perspective, and her ability to protect the ones she loves. In this award-winning young adult series from Madeleine L'Engle, author of A Wrinkle in Time, Vicky Austin experiences the difficulties and joys of growing up. The Austins are trying to settle into their new life in New York City, but their once close-knit family is pulling away from each other. Their father spends long hours alone in his study working on the research project that brought the family to the city. John is away at college. Rob is making friends with people in the neighborhood: newspaper vendors, dog walkers, even the local rabbi. Suzy is blossoming into a vivacious young woman. And Vicky has become closer to Emily Gregory, a blind and brilliant young musician, than to her sister Suzy. With the Austins going in different directions, they don't notice that something sinister is going on in their neighborhood—and it's centered around them. A mysterious genie appears before Rob and Emily. A stranger approaches Vicky in the park and calls her by name. Members of a local gang are following their father. The entire Austin family is in danger. If they don't start telling each other what's going on, someone just might get killed. In book four of the award-winning Austin Family Chronicles young adult series from Madeleine L'Engle, author of A Wrinkle in Time, Vicky Austin experiences the difficulties and joys of growing up. "This wasn't the first time that I'd come close to death, but it was the first time I'd been involved in this part of it, this strange, terrible saying goodbye to someone you've loved." These are Vicky Austin's thoughts as she stands near Commander Rodney's grave while her grandfather, who himself is dying of cancer, recites the funeral service. Watching his condition deteriorate over that long summer is almost more than she can bear. Then, in the midst of her struggle, she finds herself the center of attention for three young men. Leo, Commander Rodney's son, turns to her as an old friend seeking comfort but longing for romance. Zachary, whose attempted suicide inadvertently caused Commander Rodney's death, sees her as the one sane and normal person who can give some meaning to his life. And Adam, a serious young student working at the nearby marine-biology station, discovers Vicky, his friend's little sister, incipient telepathic powers that can help him with his experiments in dolphin communications. Vicky finds solace and brief moments of peace in her poetry, but life goes on around her, and the strain intensifies as she confronts matters of love and of death, of dependence and of responsibility, universal concerns that we all must face. The inevitable crisis comes and Vicky must rely on openness, sensitivity, and the love of others to overcome her private grief. Once again, Madeleine L'Engle has written a story that revels in the drama of vividly portrayed characters and events of the spiritual and moral dimensions of common human experiences. A time traveling cave. A vicious band of miners...and pure gold. When West Virginia teenagers Emma and Brody promised their neighbor, a famous geologist, to help rebuild his decimated rock and mineral collection for a museum display, they didn't know they would be in for the magical ride of a lifetime. After a successful trip to 1775 England where they collected the rare Blue John Fluorite, the teens are quick to jump at the chance to travel to the California Gold Rush in 1851. When they arrive at the Gold Rush and meet an old acquaintance, they think the mission will be easy until they realize their friend may not be able to help them at all. When their actions in the past erase their future, can Emma and Brody right the wrong? With a hostile group of miners hot on their trail, Brody and Emma must collect the gold, save their friends, and salvage the future before it is too late. Rusher's Gold is the second book in the middle grade adventure/sci-fi series Crystal Cave Adventures. If you like adventure and time travel mixed with your geology, then you'll love Tracy Diane's exciting series.

Fifty years ago, Madeleine L'Engle introduced the world to A Wrinkle in Time and the wonderful and unforgettable characters Meg and Charles Wallace Murry, and their friend Calvin O'Keefe. Now their first three adventures are together in one volume. In the Newbery Award winner A Wrinkle in Time, the children learn that Mr. Murry has been captured by the Dark Thing, and they must time travel to Camazotz to save him. Now a major motion picture! In A Wind in the Door, Meg, Calvin and Mr. Jenkins (their grade school principal) must travel inside C.W. and battle to save Charles's life—as well as the balance of the universe. And in A Swiftly Tilting Planet, Meg's brother Charles Wallace has twenty-four hours to stop the tragedy of nuclear war from occurring. Read the iconic novels that continue to inspire millions of fans around the world. Praise for the A Wrinkle in Time Trilogy: “A Wrinkle in Time is one of my favorite books of all time. I've read it so often, I know it by heart. Meg Murry was my hero growing up. I wanted glasses and braces and my parents to stick me in an attic bedroom. And I so wanted to save Charles Wallace from IT.” —Meg Cabot on A Wrinkle in Time “A book that every young person should read, a book that provides a road map for seeking knowledge and compassion even at the worst of times, a book to make the world a better place.” —Cory Doctorow on A Wrinkle in Time

A goddess in the making...or a demon reborn? In the remote mountain village where she was born, Mariarta dî Alicig lives the untroubled life of a peasant girl...until, soon after a mysterious stranger's arrival, she starts to hear voices in the wind. The voices whisper strange secrets in Mariarta's ears -- promising her the power to command the stormwind, hinting at an unknown, magical heritage, and prophesying a fate marvelous past all Mariarta's imaginings. Then a curse falls on Mariarta's village, shattering the lives of her family and friends. Mariarta must journey across the mountain realm of Raetia in search of a way to break the curse -- while also hunting for the truth about the beautiful and terrible being who she discovers is trying to possess her soul. Mariarta's search will lead her into hidden domains of sorcery both dreadful and wondrous, and will finally embroil the young woman in the growing rebellion against her land's cruel Austrian oppressors. But not before Mariarta comes face to face at last with the immortal Lady of the Storms, and challenges her to one final battle for control of her life, her soul, and her destiny... “An unusual and beautiful book,” the first novel by the bestselling author of A Wrinkle in Time explores the life of a young artist (Los Angeles Times). At only ten years old, Katherine Forrester has already experienced her fair share of upheaval. It has been three years since she last saw her mother, a concert pianist whose career was cut short by a terrible accident. After a brief reunion, tragedy strikes once more, forcing Katherine from the familiarity of New York City to a foreign Swiss boarding school. Far from home, she struggles with the challenges of growing up. Stifled by her daily routine and the pettiness of her classmates, Katherine's piano lessons with a gifted young teacher provide an anchor in the storm. After graduation, she follows in her mother's footsteps, pursuing a career as a pianist in Greenwich Village. There, she must learn to reconcile her blossoming relationship with her fiancé with the one consistent and dominant force in her life: music. Inspired by the author's time living among artists, The Small Rain follows Katherine's journey from a distraught girl to an exuberant and talented woman with the breadth and poignancy that defines Madeleine L'Engle's signature style. This ebook features an illustrated biography of Madeleine L'Engle including rare images from the author's estate.

Discover stories that inspire a "great capacity for wonder" (New York Times) from the beloved author of A Wrinkle in Time: named one of the spring's most anticipated books (Good Housekeeping), this collection transcends generational divides to highlight the power of hope and joy. This powerful collection of short stories traces an emotional arc inspired by Madeleine L'Engle's early life and career, from her lonely childhood in New York to her life as a mother in small-town Connecticut. In a selection of eighteen stories discovered by one of L'Engle's granddaughters, we see how L'Engle's personal experiences and abiding faith informed the creation of her many cherished works. Some of these stories have never been published; others were refashioned into scenes for her novels and memoirs. Almost all were written in the 1940s and '50s, from Madeleine's college years until just before the publication of A Wrinkle in Time. From realism to science-fiction to fantasy, there is something for everyone in this magical collection. In A Wrinkle in Time Quintet book two, Meg Murry, now in college, time travels with her twin brothers, Sandy and Dennys, to a desert oasis that is embroiled in war. Sandy and Dennys have always been the normal, run-of-the-mill ones in the extraordinary Murry family. They garden, make an occasional A in school, and play baseball. Nothing especially interesting has happened to the twins until they accidentally interrupt their father's experiment. Then the two boys are thrown across time and space. They find themselves alone in the desert, where, if they believe in unicorns, they can find unicorns, and whether they believe or not, mammoths and manticores will find them. The twins are rescued by Japheth, a man from the nearby oasis, but before he can bring them to safety, Dennys gets lost. Each boy is quickly embroiled in the conflicts of this time and place, whose populations includes winged seraphim, a few stray mythic beasts, perilous and beautiful nephilim, and small, long lived humans who consider Sandy and Dennys giants. The boys find they have more to do in the oasis than simply getting themselves home—they have to reunite an estranged father and son, but it won't be easy, especially when the son is named Noah and he's about to start building a boat in the desert. A New American Journey

By the author of *A Wrinkle in Time*, the conclusion to the Polly O'Keefe stories finds Polly taking an unforgettable trip to Europe, all by herself. Sixteen-year-old Polly is on her way to the island of Cyprus, where she will work as a gofer. The trip was arranged by Maximiliana Horne, a rich, brilliant artist who, with her longtime companion, Dr. Ursula Heschel, recently became the O'Keefe family's neighbor on Benne Seed Island. Max and Polly formed an instant friendship and Max took over Polly's education, giving her the encouragement and confidence that her isolated upbringing had not. Polly adored Max, even idolized her, until Max betrayed her. In Greece, Polly finds romance, danger, and unique friendships. But can she ever forgive Max? For a family with four kids, two dogs, assorted cats, and a constant stream of family and friends dropping by, life in the Austin family home has always been remarkably steady and contented. When a family friend suddenly dies in a plane crash, the Austins open their home to an orphaned girl, Maggy Hamilton. The Austin children—Vicky, John, Suzy, and Rob—do their best to be generous and welcoming to Maggy. Vicky knows she should feel sorry for Maggy, but having sympathy for Maggy is no easy thing. Maggy is moody and spoiled; she breaks toys, wakes people in the middle of the night screaming, discourages homework, and generally causes chaos in the Austin household. The world already knows Meg and Charles Wallace Murry, Calvin O'Keefe, and the three Mrs--Who, Whatsit, and Which--the memorable and wonderful characters who fight off a dark force and save our universe in the Newbery award-winning classic *A Wrinkle in Time*. But in 50 years of publication, the book has never been illustrated. Now, Hope Larson takes the classic story to a new level with her vividly imagined interpretations of tessering and favorite characters like the Happy Medium and Aunt Beast. Perfect for old fans and winning over new ones, this graphic novel adaptation is a must-read. This graphic novel is best read on a tablet device.

*In the bestselling tradition of Bill Bryson and Tony Horwitz, Rinker Buck's The Oregon Trail is a major work of participatory history; an epic account of traveling the 2,000-mile length of the Oregon Trail the old-fashioned way, in a covered wagon with a team of mules—which hasn't been done in a century—that also tells the rich history of the trail, the people who made the migration, and its significance to the country. Spanning 2,000 miles and traversing six states from Missouri to the Pacific Ocean, the Oregon Trail is the route that made America. In the fifteen years before the Civil War, when 400,000 pioneers used it to emigrate West—historians still regard this as the largest land migration of all time—the trail united the coasts, doubled the size of the country, and laid the groundwork for the railroads. The trail years also solidified the American character: our plucky determination in the face of adversity, our impetuous cycle of financial bubbles and busts, the fractious clash of ethnic populations competing for the same jobs and space. Today, amazingly, the trail is all but forgotten. Rinker Buck is no stranger to grand adventures. The New Yorker described his first travel narrative,Flight of Passage, as “a funny, cocky gem of a book,” and with The Oregon Trailhe seeks to bring the most important road in American history back to life. At once a majestic American journey, a significant work of history, and a personal saga reminiscent of bestsellers by Bill Bryson and Cheryl Strayed, the book tells the story of Buck's 2,000-mile expedition across the plains with tremendous humor and heart. He was accompanied by three cantankerous mules, his boisterous brother, Nick, and an “incurably filthy” Jack Russell terrier named Olive Oyl. Along the way, Buck dodges thunderstorms in Nebraska, chases his runaway mules across miles of Wyoming plains, scouts more than five hundred miles of nearly vanished trail on foot, crosses the Rockies, makes desperate fifty-mile forced marches for water, and repairs so many broken wheels and axels that he nearly reinvents the art of wagon travel itself. Apart from charting his own geographical and emotional adventure, Buck introduces readers to the evangelists, shysters, natives, trailblazers, and everyday dreamers who were among the first of the pioneers to make the journey west. With a rare narrative power, a refreshing candor about his own weakness and mistakes, and an extremely attractive obsession for history and travel,The Oregon Trail draws readers into the journey of a lifetime.*

*A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

*A Wrinkle in Time* was only the beginning; rediscover an American classic and its three sequels in this deluxe Library of America edition. This Library of America volume presents Madeleine L'Engle's iconic classic *A Wrinkle in Time*, one of the most beloved and influential novels for young readers ever written, in a newly-prepared authoritative text and, as a special feature, it includes never-before-seen deleted passages from the novel in an appendix. *L'Engle's unforgettable heroine, Meg Murry, must confront her fears and self-doubt to rescue her scientist father, who has been experimenting with mysterious tesseracts capable of bending the very fabric of space and time. Helping her are her little brother Charles Wallace and her friend Calvin O'Keefe, and a trio of strange supernatural visitors called Mrs Whatsit, Mrs Who, and Mrs Which. But A Wrinkle in Time* was only the beginning of the adventure. Seven other Kairos ("cosmic time") novels followed, collected for the first time in a deluxe two volume collector's boxed set. This first volume gathers *Wrinkle* with three books that chronicle the continuing adventures of Meg and her siblings. In *A Wind in the Door*, Meg and Calvin descend into the microverse to save Charles Wallace from the Echthroi, evil beings who are trying to unname existence. When a madman threatens nuclear war in *A Swiftly Tilting Planet*, Charles Wallace must save the future by traveling into the past. And in *Many Waters*, Sandy and Dennys, Meg's twin brothers, are accidentally transported back to the time of Noah's ark. A companion volume gathers the final four Kairos Novels, the Polly O'Keefe quartet, in which Calvin and Meg's daughter takes center stage. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. *The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.*

*Blending magic with quantum physics, Madeleine L'Engle's novels have mesmerized generations of readers. Rediscover these well-loved classics in our exclusive 4-in-1 omnibus edition. A Wrinkle in Time / A Wind in the Door / A Swiftly Tilting Planet.*

*A Wind in the House of Islam* investigates the phenomenon of millions of Muslims who are turning to faith in Jesus Christ today. Over the course of Islamic history tens of millions of Christians were absorbed into the House of Islam. But what about the opposite? Have there ever been movements of Muslim communities who voluntarily turned to Jesus Christ and were baptized? The first 13 centuries of Islam's history saw only three movements numbering at least a thousand Muslims turning to Christianity, apart from those that were coerced through wars, Crusades and Inquisitions. Today, the story is changing. Over the past two decades there have been 69 additional movements of Muslims to Christ scattered across the Muslim world from West Africa to Indonesia. In an unprecedented global survey, Dr. David Garrison, Ph.D. University of Chicago, traveled a quarter-million miles throughout the House of Islam to find out why and how this is happening today. His research took him into every corner of the Muslim world where he gathered more than a thousand interviews of Muslim-background followers of Jesus Christ. His core question: What did God use to bring you to faith in Jesus Christ? *A Wind in the House of Islam* reveals their stories, and David Garrison's journey through all nine Rooms in the House of Islam, where he discovered that the Wind of God's Spirit is blowing through every one of them. *A Wind in the House of Islam* is a 328-page book written in an engaging style, but also includes a glossary of Islamic terms, a bibliography for further reading, endnotes, 11 maps with data tables of Muslim populations, 46 photographs, and excerpts from more than a thousand interviews. Each of the book's 15 chapters conclude with discussion questions to facilitate small group dialogue and discovery. Learn more about the book at: www.WindintheHouse.org

**Moving and romantic, this coming-of-age story was written during the 1940s. As revealed in an introduction by the author's granddaughter Léna Roy, the protagonist Elizabeth is close to an autobiographical portrait of L'Engle herself as a young woman—“vibrant, vulnerable, and yearning for love and all that life has to offer.”** During the summer of 1946, twenty-year-old Elizabeth is doing what she has dreamed of since she was a little girl: working in the theatre. Elizabeth is passionate about her work and determined to learn all she can at the summer theatre company on the sea where she is an apprentice actress. She's never felt so alive. And soon she finds another passion: Kurt Canitz, the dashing young director of the company, and the first man Elizabeth's ever kissed who has really meant something to her. Then Elizabeth's perfect summer is profoundly shaken when Kurt turns out not to be the kind of man she thought he was. Now all their adventures are together in one volume. The Time Quintet consists of A Wrinkle in Time, A Wind in the Door, A Swiftly Tilting Planet, Many Waters, and An Acceptable Time. A Wrinkle in Time—This Newbery Award winner is one of the most significant novels of our time. This fabulous, ground-breaking science-fiction and fantasy story is the first of five in the Time Quintet series about the Murry family. A Wind in the Door—When Charles Wallace falls ill, Meg, Calvin, and their teacher, Mr. Jenkins, must travel inside C.W. to make him well, and save the universe from the evil Echthros. A Swiftly Tilting Planet—The Murry and O'Keefe Families enlist the help of the unicorn, Gaudior, to save the world from imminent nuclear war. Many Waters—Meg Murry, now in college, time travels with her twin brothers, Sandy and Dennys, to a desert oasis that is embroiled in war. An Acceptable Time—While spending time with her grandparents, Alex and Kate Murry, Polly O'Keefe wanders into a time 3,000 years before her own.*

It is November. When Meg comes home from school, Charles Wallace tells her he saw dragons in the twin's vegetable garden. That night Meg, Calvin and C.W. go to the vegetable garden to meet the Teacher (Blajeny) who explains that what they are seeing isn't a dragon at all, but a cherubim named Proginoskes. It turns out that C.W. is ill and that Blajeny and Proginoskes are there to make him well - by making him well, they will keep the balance of the universe in check and save it from the evil Echthros. Meg, Calvin and Mr. Jenkins (grade school principal) must travel inside C.W. to have this battle and save Charles' life as well as the balance of the universe.
