The Routledge Companion to Popular Music and Humor

The Youngs

Ideological Idiocy
AC/DC have reigned over rock 'n' roll for almost four decades. Their signature power chord rock was the sonic standard bearer of the genre they pioneered, summarised in Rolling Stone's declaration that they 'are one of the top hard rock bands in history'. The group has transcended their Australian roots to become a global phenomenon. Their albums consistently go platinum and they have earned their reputation as one of the best bands on the planet.The band's live arsenal includes 'It's a Long Way to the Top (If you want to Rock 'n 'Roll)'; 'Highway to Hell and 'You Shook Me All Night Long' and their influence is felt today as strongly as ever. 2008's Black Ice sold an astonishing more than 1.5 million copies in its first week, and would go on to sell seven million copies worldwide, spending several weeks on the top of the Billboard Top 200. In November 2012, Live at River Plate was released – the band's first live album for 20 years.Featuring exclusive interviews with producers and engineers, AC/DC in the Studio is the definitive account of the making of the greatest hard rock anthems of all time. Every album is featured in incredible detail, from 1975's TNT all the way to 2008 and Black Ice.

Formed in 1973 by brothers Angus and Malcolm Young, AC/DC has become one of the most popular rock 'n' roll bands in history. This massive new title follows the band from its roots in Sydney, Australia, to its most recent releases and sold-out world tours. No stone is left unturned, from the AC/DC's formation and early club gigs to its astounding worldwide success. A special cover incorporating Angus on a spinning disc gives way to more than 400 illustrations include handbills, posters, backstage passes, and vinyl from around the globe, as well as rare candid and performance photography. Sidebars from top rock scribes examine all studio releases and delve into the guitar gear of the Young brothers. The result is an awesome tribute to the band renowned for a live-wire stage show and a sonic attack that have attracted fans from all rock camps Contributors include: Phil Sutcliffe Joe Bonomo Danie Bukszpan Jen Jewel Brown Anthony Bozza Garth Cartwright Ian Christe David Dunlap Andrew Earles Dave Hunter James McNair Martin Popoff Sylvie Simmons Bill Voccia

AC/DC is an Australian-British hard rock band formed in Sydney in 1973 by brothers Angus and Malcolm Young. Although classified in hard rock and sometimes considered a pioneer of heavy metal, the band members have always called their music "rock' n' roll". The composition of AC/DC underwent many changes before the release of the second album in Australia, T. N. T., in 1975....

The definitive account of AC/DC'ss rise to fame, when the cheeky lyrics and charismatic presence of Bon Scott, along with the guitar work of Angus and Malcolm Young, defined a new, highly influential brand of rock and roll. Drawing on original interviews and including many rare photos, this book traces AC/DC'ss career through the life of their original front man.

The 100 Greatest Bands of All Time: A Guide to the Legends Who Rocked the World [2 volumes]

AC / DC

The World's Heaviest rock

Blood, Fire, Death

This LNAI 9549 constitutes the refereed proceedings of the First International Workshop in Cultural Robotics 2015, held as part of the 24th International Symposium on Robot and Human Interactive Communication held in Kobe, Japan, in August/September 2015. A total of 12 full papers and 1 short paper were accepted from a total of 26 initially submitted. The following papers are organized into four categories. These categories are indicative of the extent to which culture has influenced the design or application of the robots involved, and explore a progression in the emersion and overlap between human and robotic generated culture.

Over the decades, AC/DC has carved out a unique niche in the rock world. Thanks to their stubborn refusal to alter their aggressive, in-your-face style that has been their stock in trade, they have emerged as one of the essential cornerstones of contemporary hard rock. Frank, humorous, and accurate, this full-blooded biography takes a look this tenacious Australian quintet.

The Ebola virus continues to wreak havoc, three Airlines airliners fall, and oil prices suddenly collapse. The zombie crisis suddenly erupted after a series of strange changes. Not only did the protagonist and his companions have to avoid the direct threat from zombies, struggling to survive in the apocalypse of modern civilization, but they also had to constantly search for the origin of zombies. Was this the greatest conspiracy in the history of human society, or was this a disaster that Earth was destined to face?

An essential part of human expression, humor plays a role in all forms of art, and humorous and comedic aspects have always been part of popular music. For the first time, The Routledge Companion to Popular Music and Humor draws together scholarship exploring how the element of humor interacts with the artistic and social aspects of the musical experience. Discussing humor in popular music across eras from Tin Pan Alley to the present, and examining the role of humor in different musical genres, case studies of artists, and media forms, this volume is a groundbreaking collection that provides a go-to reference for scholars in music, popular culture, and media studies. While most scholars, when considering humor’s place in popular music, tend to focus on more "literate" forms, the contributors in this collection seek to fill in the gaps by surveying all kinds of humor, critical theories, and popular musics. Across eight parts, the essays in this collection explore topics both highbrow and low, including: Parody and satire Humor in rock and global music Gender, sexuality, and politics The music mockumentary Novelty songs Humor has long been a fixture of the popular music soundscape, whether on stage, in performance, on record, or on film. The Routledge Companion to Popular Music and Humor covers it all, presenting itself as the most comprehensive treatment of the topic to date.

AC/DC est un groupe de hard rock australo-britannique formé à Sydney en 1973 par les frères Angus et Malcolm Young. Bien que classé dans le hard rock et parfois considéré comme un pionnier du heavy métal, les membres du groupe ont toujours qualifié leur musique de « rock n'roll ». La composition d'AC/DC subit beaucoup de changements avant la sortie du deuxième album en Australie, T.N.T., en 1975. Elle est ensuite restée inchangée jusqu'à ce que Mark Evans soit remplacé par Cliff Williams en 1977. En 1979, le groupe connaît un succès mondial avec son tube Highway to Hell. Le chanteur et Co-parolier Bon Scott meurt le 19 février 1980, officiellement d'une asphyxie causée par ses propres vomissements, après une nuit de forte consommation d'alcool. Le groupe envisage alors la dissolution mais l'ancien chanteur de Geordie, Brian Johnson, est choisi comme remplaçant de Bon Scott. La même année, le groupe sort l'album Back in Black, leur plus grand succès mondial à ce jour. L'album suivant, For Those About to Rock We Salute You, a aussi beaucoup de succès et est le premier de leurs albums à atteindre la première place des ventes aux États-Unis. La popularité d'AC/DC commence à diminuer en 1983, date à laquelle Phil Rudd est renvoyé du groupe. Le batteur du groupe est alors Simon Wright jusqu'en 1989, puis Chris Slade, jusqu'au retour de Phil Rudd en 1994. Le groupe connaît une nouvelle popularité au début des années 1990 avec la sortie de The Razors Edge. L'avant-dernier album du groupe, Black Ice, sorti le 20 octobre 2008, est leur plus grand succès dans les charts depuis For Those About to Rock, atteignant la première place dans de nombreux pays. Leur dernier album en date, sans Malcolm Young remplacé par Stevie Young, est Rock or Bust, sorti le 28 novembre 2014 en Australie et le 2 décembre 2014 à l'international. En 2008, AC/DC recense plus de 200 millions d'albums vendus à travers le monde dont 71 millions aux États-Unis durant ses 39 ans d'existence, et est considéré comme un pionnier du hard rock pour toutes les générations depuis l'existence du groupe. Les ventes de Back in Black sont estimées à 50 millions d'exemplaires dans le monde, ce qui en fait le deuxième album le plus vendu au monde derrière Thriller de Michael Jackson. En 2010, l'album recense 22 millions d'exemplaires vendus aux États-Unis, où il est le 5e album le plus vendu. AC/DC est classé 4e dans le classement des « 100 meilleurs groupes de hard rock » de VH1 et 7e des « meilleurs groupes de heavy métal de tous les temps » selon MTV. En 2004, le groupe est classé 72e dans la liste des « 100 meilleurs groupes musicaux de tous les temps » du magazine Rolling Stone et 23e dans la liste équivalente de VH1.

(Bass Play-Along). The Bass Play-Along series will help you play your favorite songs quickly and easily! Just follow the tab, listen to the audio to hear how the bass should sound, and then play along using the separate backing tracks. The melody and lyrics are included in case you want to sing, or to simply help you follow along. Includes 8 songs: Back in Black * Dirty Deeds Done Dirt Cheap * For Those About to Rock (We Salute You) * Girls Got Rhythm * Helis Bells * Highway to Hell * T.N.T. * You Shook Me All Night Long.

The premier rock biographer and author of When Giants Walked the Earth Mick Wall writes the compelling story of the enduring rock band that has sold 200 million albums Megan Fox wears the band’s T-shirts. Keith Richards says Malcolm Young is a better guitarist than he is. Like the Rolling Stones, AC/DC survived every musical trend and industry change to remain both at the top of their game and the charts. From their start in Australia in 1973—with two Scottish brothers, Angus and Malcolm Young, at the core—AC/DC launched an assault on punk in both England and the U.S., in a wild rebel return to real rock roots that’s still chart-topping and selling albums today: over 71 million in the U.S. alone. AC/DC ruthlessly shed band members, managers, producers, and anyone who stood in the way of world domination. Like the Rolling Stones, they’ve survived every musical trend and industry change to remain both at the top of their game and the top of the charts. In AC/DC: Hell Ain’t a Bad Place to Be, world-renowned rock writer Mick Wall unearths previously unheard stories from all the key players in the AC/DC story. At the center is a tight-knit clan who became and stayed musically successful because they took no hell from outsiders. Wall also uncovers the truth behind the mysterious death of lead singer Bon Scott in 1980, and writes with unflinching insight into the dizzying highs and abysmal, self-inflicted lows of that band’s career with Scott’s replacement Brian Johnson. The Young brothers and AC/DC have survived drugs, death, divorce and the damnation of critics to become one of the best-known and most listened-to rock bands in the world. This is their story: rock n’ roll.

Hard Rock Band

AC/DC

First International Workshop, CR 2015, Held as Part of IEEE RO-MAN 2015, Kobe, Japan, August 31, 2015. Revised Selected Papers

In the early 1990s, Swedish death metal revolutionized the international music scene. Suddenly, the mild-mannered Scandinavian country found itself at the forefront of a new movement with worldwide impact thanks to bands such as Entombed, Dismember, and At the Gates. The birth of black metal drove the culture to even greater extremes, featuring a rawer, darker sound and non-ironic death-worship. Soon churches in both Norway and Sweden were aflame, and be-fore long Satanism emerged as more than just an image. But how did it all start? Why did Sweden become a hotbed for such aggressive, nihilistic music? And who are the people and bands that brought it all about? Blood, Fire, Death: A Swedish Metal Story recounts the evolution of the genre from the massive amplifier walls of 1970s rock, through the church-burning Satanic 1990s, to the diverse and paradoxical manifestations of the scene today. This book focuses on the phenomena that have propelled the scene forward in an evolution that has not only been musical, but aesthetic and ideological as well. This is a story about grotesque logos and icons that invoke death and darkness, but also a story of dedication, friendship, community, and a profound love for music.

Collects reviews for one thousand enduring classic rock albums ranging from the extremely popular to more obscure works.

(Guitar Collection). 25 classic songs from the Fab Four are presented in lyrics, chord symbols and guitar chord diagrams, making Beatles' music accessible to beginning guitarists just learning their craft. Songs include: Beautiful Dreamer * Come Together * Don't Let Me Down * Eleanor Rigby * Helter Skelter * I Saw Her Standing There * Let It Be * Ob-La-Di, Ob-La-Da * Paperback Writer * Twist and Shout * You've Got to Hide Your Love Away * and more.

Conservatives are busy trying to save the world. The world is going to heck in a handbasket, and liberals are trying to figure out whether to hold angry peace rallies or celebrate the environment by leaving their signs on the grass for productive people to clean up. If only they knew how many trees and bunny rabbits were murdered on 9/11 by people unconcerned with carbon emissions. Liberals like to declare every conservative on the planet to be either evil or stupid. Ideological Idiocy is about their declaration of our being unenlightened dolts. This is ideological idiocy. Having liberals declare the author stupid is like listening to members of the KKK call him insensitive. Conservatives must remember that our critics do not matter. Nobody listens to these crying children. For those that do not have a blunt instrument nearby, or are looking for a solution that avoids jail, humor is a powerful weapon. Use it against the left every moment they breathe. They may get offended, but that is the point. The only thing that the author wants to communicate in this book is that without love and laughter, there is no life. Nothing he does will change the world, but if it gets a stiff person to lighten up and smile, he is pleased.

Current Analytical Trends in Drug Testing in Clinical and Forensic Toxicology

Formed in 1973, AC/DC became one of the most popular and bestselling bands in rock history with their no-frills approach to loud, heavy, and sweat-drenched blues-based rock music. This new book from prolific rock journalist Martin Popoff pays tribute to the band's discography by moderating in-depth and entertaining conversations about all 16 of AC/DC's studio albums, every page illustrated with thoughtfully curated performance and offstage photography and rare memorabilia. Popoff gathers 20 rock journalists and authors who offer insights, opinions, and anecdotes about every release. Together, the conversations comprise a unique history of the band, covering everything from early lineups; the role played by the Youngs' older brother, George; the songwriting and legendary antics of original vocalist Bon Scott; the mega tours undertaken in support of the LPs; the debut of singer Brian Johnson on the band's mega breakthrough, Back in Black; the band's fallow 1980s and 1990s resurgence; and later difficulties, such as Malcolm's onset of dementia and the legal problems of drummer Phil Rudd.

"A biography of Australian hard rock band AC/DC"--Provided by publisher.

This is the ultimate critical review of a legendary band, from the early days playing obscure clubs to conquering the world. For many fans, Bon Scott was a legendary front man without equal, and his powerful voice was the key to a host of classic hits from Whole Lotta Rosie to Let There Be Rock. After his tragic death, the virtually unknown Brian Johnson steeped into the breach, and AC/DC came storming back with the classic album Back In Black. This unique eBook draws together a team of AC/DC insiders to review the legacy of probably the best hard rock band the world has ever seen. With interviews from Bon Scott and Angus Young, plus the inside story from Pete Way of UFO who toured with the band, this is essential for all AC/DC fans. This eBook also features an in-depth biography of the band, a chronology and a track-by-track analysis of AC/DC's studio albums.

This one-of-a-kind reference investigates the music and the musicians that set the popular trends of the last half century in America.
• Contains an alphabetical collection of entries that each profile a major group and band from the past 50 years
• Provides a selected discography and bibliography for further listening and reading for each entry
• Covers a wide variety of styles from classic rock to surf rock to hip hop
• Features sidebar entries which tie together larger popular music concepts such as the rise and influence of MTV and the phenomenon of girl bands

The Life and Death of AC/DC Legend Bon Scott

The Swedish Metal Story

All That's Left to Know About the World's True Rock 'n' Roll Band

The definitive account of AC/DC's rise to fame, when the ribald lyrics and charismatic stage presence of singer Bon Scott, along with the guitar work of Angus and Malcolm Young, defined a new, highly influential brand of rock and roll. Drawing on many interviews and featuring a gallery of rare photos, Clinton Walker traces the band's career through the life of their original front man, from small-time gigs to international success, up to Scott's shocking death in 1980. AC/DC's undiminished superstar status (they're the fourth-best-selling band of all time), and their indelible influence on a

succession of genres from metal to grunge to rap, ensure that Bon Scott's presence continues to be felt strongly. HIGHWAY TO HELL offers the full story of this seminal rock figure. A consistent seller since it was first published here in 2001, HIGHWAY TO HELL has been updated for this edition. New details that have come to light in recent years about the last hours of Scott's life have been added, enabling the author to dispel persistent rumors and myths and once more set the record straight.

AC/DC FAQ: ALL THAT'S LEFT TO KNOW ABOUT THE WORLD'S TRUE ROCK 'N' ROLL BAND

AC/DCAAlbum by AlbumVoyageur Press (MN)

With sales of over 200 million albums, AC/DC is not just the biggest rock band in the world. It's a family business built by three brothers: George, Malcolm and Angus Young. And, as with any business, some people prospered while others got hurt along the way. The Youngs: The Brothers Who Built AC/DC is unlike any AC/DC book you've read before. Less a biography, more a critical appreciation, it tells the story of the trio through 11 classic songs and reveals some of the personal and creative secrets that went into their making. Important figures from AC/DC's long way to the top open up for the very first time, while unsung heroes behind the band's success are given the credit they are due. Accepted accounts of events are challenged while sensational new details emerge to cast a whole new light on the band's history - especially their early years with Atlantic Records in the United States. Former AC/DC members and musicians from bands such as Guns N' Roses, Dropkick Murphys, Airbourne and Rose Tattoo also give their perspectives on the Youngs' brand of magic. Their music has never pulled its punches. Neither does The Youngs. After 40 years, AC/DC might just have got the serious book it deserves.

Hard Music

The Youngs: The Brothers Who Built AC/DC

Status Quo were one of the most successful, influential and innovative bands of the 1970s. During the first half of the decade, they wrote, recorded and performed a stream of inventive and highly complex rock compositions, developed 12 bar forms and techniques in new and fascinating ways, and affected important musical and cultural trends. But, despite global success on stage and in the charts, they were maligned by the UK music press, who often referred to them as lamebrained three-chord wonders, and shunned by the superstar Disk Jockeys of the era, who refused to promote their music. As a result, Status Quo remain one of the most misunderstood and underrated bands in the history of popular music. Cope redresses that misconception through a detailed study of the band's music and live performances, related musical and cultural subtopics and interviews with key band members. The band is reinstated as a serious, artistic and creative phenomenon of the 1970s scene and shown to be vital contributors to the evolution of rock.

A critical profile of the three brothers behind the iconic rock band documents their experiences through the creations of 11 classic songs to reveal lesser-known personal and creative secrets that shaped their music and success. By the award-winning author of 15 Days in June.

Described by metal-rules.com as "the first and best, most authoritative source on Australian metal," the Encyclopaedia of Australian Metal presents pictures, biographies and discographical information on more than 2000 bands from all parts of Australia - from the early 70s

pioneers like AC/DC, Buffalo and Rose Tattoo to the current breed: Psychropic, Parkway Drive, Ne Obliviscaris and more. This edition comes as a 342 page soft cover book featuring thousands of entries by music critic and archivist Brian Giffin, cover art by former Alchemist

guitarist Roy Torkington, a foreword by The Racket's Lochlan Watt and tons of exclusive live photos.

(Music Sales America). A Politically Conservative and Morally Liberal Hebrew Alpha Male Stumbles Upon Jihadists, Peace Activists, and Other Ridiculous Leftists and Trips over Their Heads Located up Their (Redacted).

Often regarded as the greatest frontman in the history of rock music, Bon Scott tragically died on February 19, 1980 but his memory lives through the music he created with AC/DC. From 1975 s Australian album High Voltage to 1980 s Highway To Hell, Bon Scott and AC/DC were a global force to be reckoned with. AC/DC formed in 1973 but it wasn't until the latter half of 1974 that Scottish born singer Robert Belford Scott joined the fold. Scott would help take AC/DC to legendary heights of success. Although the band s success did not arrive quickly, they released a stream of stunning albums and were undoubtedly the most electrifying live rock band of the 1970s. Despite the latterday success of the band, the Bon Scott years of 1974 to 1980 are often regarded by many as the band s most fertile creative period. Those years spawned 1976 s Dirty Deeds Done Dirt Cheap, 1977 s Let There Be Rock and 1978 s Powerage, not forgetting the now legendary live album, If You Want Blood You've Got It from 1978. Exploring the two Australian albums, the five international studio albums as well as other releases featuring Bon Scott, this book AC/DC - The Early Years With Bon Scott is a fitting recognition of Bon Scott s legacy and a reminder of just how influential AC/DC s 1970s period remains. Charts the most creative period of the band s history from 1973 to Bon Scott s death in 1980. Includes a foreword from Uriah Heep's Mick Box. Bonus chapter on Back In Black: the first album with Brian Johnson. Extensively covers AC/DC s five international albums and two Australia-only releases with Bon Scott. Perfect as a fans book as well as a book for AC/DC beginners. Bon Scott was voted the greatest frontman of all time by Classic Rock magazine. The most successful Aussie band of all time. A movie about Bon Scott s life is currently in production.

An honest, revealing and sometimes laugh-out-loud memoir of one of Oz music's noisiest quiet achievers - Mark Evans, the original bass player from AC/DC. A must for any AC/DC fan.

Listen to Classic Rock! Exploring a Musical Genre provides an overview of this diverse and complex musical genre for scholars of classic rock and curious novices alike, with a focus on 50 must-hear musicians, songwriters, bands, and albums. • Explains classic rock composition and songwriting techniques as well as studio production values • Considers the vast array of classic rock styles as well the diversity of artists who recorded classic rock • Includes often overlooked contributors to classic rock such as Jim Croce, Marvin Gaye, Tina Turner, and The Ventures as well as overlooked subgenres such as soft rock • Covers rock and roll's precursors that helped give rise to classic rock as well as how classic rock has continued as a popular music genre from the late 1970s into the present • Offers historical context of the development of classic rock, discussing its lasting impact on popular culture and its legacy

THE NEW YORK TIMES BESTSELLER "Entertaining . . .an insightful and funny observer of pro wrestling's universe." - Publishers Weekly In this insightful, riveting book, Jericho takes us into WWE wrestling arenas around the world as he details his classic rivalries with The Rock, Steve Austin, HHH, Shawn Michaels, and John Cena, along with all the politics and backstage machinations he faced outside the ring. Chris recounts his hilarious escapades of breaking in with the Hollywood elite via doomed auditions, short-lived reality shows, made-for-television movies, and red-carpet interviewing fiascos. Jam packed with CJ's trademark self-effacing humor, one-of-a-kind writing style, and ridiculous random encounters with everyone from Arnold Schwarzenegger, Axl Rose, and Wayne Gretzky to Paul McCartney, and Howard Stern, UNDISPUTED is one of a rare breed-a sequel that might be better than the original.

My Life Inside and Outside of AC/DC

Women write about their experiences of loving music that doesn't love them back - a feminist 'guilty pleasures'.e - a kind of feminist guilty pleasures. In the majority of mainstream writing and discussions on music, women appear purely in relation to men as muses, groupies or fangirls, with our own experiences, ideas and arguments dismissed or ignored. But this hasn't stopped generations of women from loving, being moved by and critically appreciating music, even - and sometimes especially - when we feel we shouldn't. Under My Thumb: Songs that Hate Women and the Women Who Love Them is a study of misogyny in music through the eyes of women. It brings together stories from journalists, critics, musicians and fans about artists or songs we love (or used to love) despite their questionable or troubling gender politics, and looks at how these issues interact with race, class and sexuality. As much celebration as critique, this collection explores the joys, tensions, contradictions and complexities of women loving music - however that music may feel about them. Featuring: murder ballads, country, metal, hip hop, emo, indie, Phil Spector, David Bowie, Guns N' Roses, 2Pac, the Rolling Stones, Bob Dylan, AC/DC, Elvis Costello, Jarvis Cocker, Kanye West, Swans, Eminem, Jay-Z, Taylor Swift, Combichrist and many more.
