ISTQB Foundation
Level certification
exam based on the
new Foundation Level
2018 Syllabus.

Although there are

plenty of sample questions and information related to the Foundation Level exam on the web, there are two problems with these: Firstly, most of them will soon be outdated, as the old syllabus and exams are going to be retracted in June 2019. Secondly, much of what is

Read Online Aci Dealing Certificate Sample Questions

available is of poor quality, since many of the sample questions do not follow the strict ISTQB examination rules.

This book stands out from other ISTQB-related works through a number of special features:

Topicality: The material complies with the latest version

Quality and

originality: The exam
questions are original,

material: It includes 5 full sample exams (200 questions in total) designed in accordance with the ISTQB exam rules, and with the appropriate distribution of questions regarding the learning objectives and K-levels. Well-thought-out sample questions:

This is an excellent method for better and more effective learning and preparing for the exam.

Comprehensive, intelligible explanations: All answers are justified and there are detailed and easy-to-understand
