

## Acrostic Poem For The Word Journalist

Let's read the acrostic of Jesus together To help you to love him, so he is your treasure. We'll read it, rap it, or sing it--it's fun! Till Jesus comes back and his kingdom has come. He's the Alpha and Omega, from A to Z. We pray you see from this book, "Jesus came for me!" The Acrostic of Jesus is fun to read over and over again, and a brilliant tool to help kids gain a greater understanding of Christ. Young readers will learn "Christology"--the study of Jesus. The more we learn about Jesus, the more reasons we have to love him! By giving children an alphabetical list of the names and attributes of Jesus written with a rhyming beat, Jonathan Gibson and Timothy Brindle make The Acrostic of Jesus fun to read and simple to memorize. Each characteristic, A to Z, weaves together a beautiful picture of who Jesus is and why he came to earth. Using the alphabet to teach about God has a rich history in the Bible, especially in the Psalms and Lamentations. Several of the psalms--notably Psalm 119--begin with letters of the Hebrew alphabet, forming an acrostic that spells out the entire alphabet. The authors make learning Christology easy and enjoyable. Their book shows Jesus as he is, not "just to know about him more in our brains, but to know him as the God of glory who reigns." Illustrated by C. S. Fritz, The Acrostic of Jesus is the second in the series, A Acrostic Theology for Kids, introducing children ages five to eleven to systematic theology uniquely on their age level.

This classic Dr. Seuss Beginner Book features silly tongue twisters that will have readers of all ages giggling with glee. When a fox in socks meets Knox in a box, you know that hilarity will ensue. Add chicks with bricks (and blocks and clocks) and you're sure to get your words twisted and lips locked. With his unmistakable gift for rhyme, Dr. Seuss creates a hysterical and energetic way for beginning readers to dive into the joy of reading. This book comes with the following warning: "This is a book you READ ALOUD to find out just how smart your tongue is. The first time you read it, DON'T go fast! This Fox is a tricky fox. He'll try to get your tongue in trouble." Originally created for Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

Catechism can be fun! The Acrostic of God is a joy to read and reread, and a wonderful tool to help kids absorb eternal truth about God. By giving children an alphabetical list of the titles and attributes of God written with a rhyming beat, Jonny Gibson and Timothy Brindle make The Acrostic of God fun to read and easy to memorize. Many states currently mandate character education, and school districts across the country need anti-bullying education programs to counter the rising tide of aggression and relational aggression that is the norm among many students. In fact, many school districts now require teachers to include lessons on bully prevention in their curriculum. Real Life Bully Prevention For Real Kids addresses this pervasive problem by offering students hands-on activities. Teachers will want to use this book in their classrooms with their students as part of the school's anti-bullying curriculum. As an added bonus, the activities reinforce English/language arts, social studies, and health education curricular goals. Counselors, therapists, and school administrators can also use the activities in large and small group instruction. Additionally, leaders of after-school programs and youth leadership programs, such as scouting, dramatics classes, and religious education classes, will find the activities helpful in addressing their bully prevention programs. Each activity contains a description, goals for children, and helpful hints for adults to guide their youngsters through the program.

"There are so many words, insults, labels and boxes for women to be packaged and packed off in. Often, but not always, they're words coined by men." Why that is, is a bigger conversation that is starting to be had by women everywhere. We're slowly, but oh-so-surely, making it clear that there is no man in womxn. We're writing him out and writing us back in, and we deserve a suffix all of our own that is free from patriarchal roots. So from here on in, we are WOMXN. Sticks and Stones is a powerful reclamation of the slurs and insults thrown at women for centuries. It's a righting of wrongs - a rewriting of sexist, belittling and shaming language. It's a tool for breaking free from the stereotypes and impossible standards used to confine women, transforming them into messages of resilience and resolve. And, most importantly, it's a rallying call for change, healing and empowerment. It takes the words, slurs, insults and labels that are used to diminish women every day and breaks them down and tears them apart. It transmutes and rewrites these words - sometimes with all of the pain they trigger, sometimes in the form of positive affirmations, mantras and poems - all told in acrostics. With their underlying meditative rhythms, these acrostics are also a remedy for healing wounds and empowering women to have the confidence to be their true selves. You can dip in and out, or read it cover to cover. You can come back to, and work through, any words that resonate with you. Lexy also offers clearing meditations at the back of the book to help you tackle the words that hurt you most, helping to remove them from your past, present and future. This title is illustrated by the hugely talented illustrator and print maker Margaux Carpenter. Margaux creates pictures using a symbolic language, so each piece has its own unique message for every individual. Her work is inspired by all the incredible colours of the world. She adapts her illustrations in 3D and large-scale murals, the most recent of which is currently on display in Brown Hart Gardens in Mayfair, London.

Words To Be Heard is a poetic compilation of previously released poems that were seldom read, entwined with new rhymes, because Heard By Words had wings but didn't fly. It connects with lifes experience, and will touch the souls of those who appreciate poetry. Heard by Words, flows like a soulful stream, and covers a wide range of life's values. Each poem possesses emotion, reality, and clarity of its own. This book will capture the soul of the reader, and take them on a heartrending rhythmic flight. Planning with Kids

One brief acrostic poem for each letter of the alphabet from acorn to zero follows the fall season from end of summer to chilly conclusion.

"Nightlights near, nightlights far, nightlights guide you wherever you are..." At night after the sun goes down, lights come out everywhere. From fireflies in meadows to owls' eyes that catch moonlight; from lighthouses at sea to a thousand glinting city lightsfollow them all on an enchanted nighttime journey that leads us home to bed. This poetic exploration of things that shine in the worldand in the skyinvites us all to see the night in wondrous new ways. Acrostic? What kind of stick is that? Actually, it's a poem! Acrostic poems are created from a word or phrase written vertically down the page. Each letter becomes part of a line in the poem, revealing a thought or a clue about the poem's topic. Award-winning author Brian P. Cleary shows how even the wackiest words can make an acrostic poem. Bow-Tie Pasta is packed with acrostics to make you snicker and snort. And when you've finished reading, you can try your hand at writing your own poem. The book includes poems about the truth of your life. Perfect for the youngest readers, this book delivers a timely and timeless message about the importance of friendship, caring, and acceptance.** Comedian and actor Stephen Fry's witty and practical guide, now in paperback, gives the aspiring poet or student the tools and confidence to write and understand poetry. Stephen Fry believes that if one can speak and read English, one can write poetry. In *The Ode Less Travelled*, he invites readers to discover the delights of writing poetry for pleasure and provides the tools and confidence to get started. Through enjoyable exercises, witty insights, and simple step-by-step advice, Fry introduces the concepts of Metre, Rhyme, Form, Diction, and Poetics. Most of us have never been taught to read or write poetry, and so it can seem mysterious and intimidating. But Fry, a wonderfully competent, engaging teacher and a writer of poetry himself, sets out to correct this problem by explaining the various elements of poetry in simple terms, without condescension. Fry's method works, and his enthusiasm is contagious as he explores different forms of poetry: the haiku, the ballad, the villanelle, and the sonnet, among many others. *Along the way, he introduces us to poets we've heard of but never read. The Ode Less Travelled is not just the survey course you never took in college. It's a lively celebration of poetry that makes even the most reluctant reader want to pick up a pencil and give it a try.*

And what's more fun than reading poetry? Writing it! In *Explore Poetry!* With 25 Great Projects children have fun learning about different forms of poetry while delving into different literary techniques such as personification, metaphor, and alliteration, all of which are discussed in a simple and accessible way. **A Word Fitty Spoken explores significant poetic devices within the four alphabetic acrostic psalms found in Book I of the Psalter. The majority of scholarly opinion has been that these acrostics are poetically and artistically deficient due to the writers' and editors' preoccupation with the alphabetic pattern. In contrast to this view, A Word Fitty Spoken proposes that the acrostic pattern contributes to, rather than detracts from, the poetic artistry of these psalms. In an effort to promote a holistic, canonical reading of the four acrostic psalms within Book I of the Psalter, this study also examines the linguistic and grammatical connections within the text. Such a close reading repeatedly demonstrates the emotive power and the imagination of this literature in contradiction to its supposedly stiff, wooden nature. A Word Fitty Spoken is attuned to the frequent plays on word and sound that occur throughout these four poems and as such would be useful in graduate courses on biblical interpretation, Hebrew poetry, or the Psalms.** Sandy beaches, juicy watermelons, and porch swings are just a few of the warm-weather delights featured in this inventive alphabet of acrostic poems about summer. Like the previous seasonal collaborations from Steven Schnur and Leslie Evans, *Autumn and Spring*, this book contains twenty-six poems, alphabetically arranged. Each reveals a playful acrostic when read vertically, and each is accompanied by a glowing woodcut illustration.

A collection of acrostic poems with accompanying factual texts describing prime characteristics of a wide variety of animals grouped by habitat.

Harryette Muller's fifth poetry collection, *Sleeping with the Dictionary*, is the abecedarian offspring of her collaboration with two of the poet's most seductive writing partners, Roger's Thesaurus and The American Heritage Dictionary. In her ménage à trois with these faithful companions, the poet is aware that while Roger seems obsessed with categories and hierarchies, the American Heritage, whatever its faults, was compiled with the assistance of a democratic usage panel that included black poets Langston Hughes and Arna Bontemps, as well as feminist author and editor Gloria Steinem. With its arbitrary yet determinant alphabetical arrangement, its gleeful pursuit of the ludic pleasure of word games (acrostic, anagram, homophone, parody, pun), as well as its reflections on the politics of language and dialect, Muller's work is serious play. A number of the poems are inspired or influenced by a technique of the international literary avant-garde group Oulipo, a dictionary game called S+7 or N+7. This method of textual transformation—which is used to compose nonsensical travesties reminiscent of Lewis Carroll's "Jabberwocky"—also creates a kind of automatic poetic discourse. Muller's parodies reconceive the African American's relation to the English language and Anglophone writing, through textual reproduction, recombining the genetic structure of texts from the Shakespearean sonnet and the fairy tale

In this companion book to "Autumn: An Alphabet Acrostic," the pleasures of spring, from April to Zenith, are captured in twenty-six short poems. New grass and daffodils, hopscotch and kite flying, kittens under the porch and baby birds under the eaves are the subjects of Steven Schnur's evocative verses and Leslie Evans's luminous linoleum-cut illustrations. When read vertically, each poem reveals a playful acrostic, making every handsomely designed page a double treat for the eye as well as a joyous tribute to the season.

Lyrical text explores what words are and how they are used, highlighting such characteristics as that some words are spoken softly, some are shouted, some sound like their meaning, and some evoke certain feelings.

"Each poem and illustration shines with a personality all its own." --Shelf Awareness (starred review) "This book has definitely made an impact on my life." --Kitt Shapiro, daughter of Eartha Kitt Fresh, accessible, and inspiring, *Shaking Things Up* introduces fourteen revolutionary young women--each paired with a noteworthy female artist--to the next generation of activists, trailblazers, and rabble-rousers. In this book of poems, you will find Mary Anning, who was just thirteen when she unearthed a prehistoric fossil. You'll meet Ruby Bridges, the brave six-year-old who helped end segregation in the South. And Maya Lin, who at twenty-one won a competition to create a war memorial, and then had to appear before Congress to defend her right to create. And these are just a few of the young women included in this book. Readers will also hear about Molly Williams, Annette Kellerman, Nellie Bly, Pura Belpré, Frida Kahlo, Jacqueline and Eileen Nearne, Frances Moore Lappé, Mae Jemison, Angela Zhang, and Maijala Yousafzai--all whose stories will enthrall and inspire.
