Although many people suggest that Christianity is declining, research indicates that it continues to be the world's most popular worldview. But even so, the Christian faith includes many controversial beliefs that non-Christians find hard to accept. This book explores 12 issues that might cause someone to dismiss orthodox Christianity—issues such as the existence of suffering, the Bible's teaching on gender and sexuality, the reality of heaven and hell, the authority of the Bible, and more. Showing how the best research from sociology, science, and psychology doesn't disagree with but actually aligns with claims found in the Bible, these chapters help skeptics understand why these issues are signposts, rather than roadblocks, to faith in Christ.

Each study provides an in-depth examination of a particular Bible book using the New Living Translation text and notes from the "Life Application Study Bible." What can God do with fifty days? In only fifty days Peter was radically transformed. He went from being a man in the shadows denying even knowing Jesus, to a man boldly proclaiming the resurrection of Jesus in the middle of the temple courts. How did the change occur? And more importantly, can such a change occur within us—today, in the here and now? For fifty days, I invite you to dwell in the first twelve chapters of Acts. Here we meet Peter face-to-face and encounter the source of his power. We become challenged to grab hold of that power ourselves, believing that God wants to do something in and through us that is unexplainable apart from Him. Let’s give God fifty days and see what He might do. The purpose of this study isn’t simply to reiterate a message. (You can find many studies on Acts.) Our purpose is to reignite a movement of the power of the Holy Spirit in each of us individually and in our churches collectively. Are you ready? – Erica Wiggenhorn

Women desire to live well. However, living well in this modern world is a challenge. The pace of life, along with the new front porch of social media, has changed the landscape of our lives. Journey through the biblical stories of the early Christian movement, and see what kind of wild adventures await those who truly believe Jesus. Throughout the book of Acts, believing Jesus and what he said is the core value that marked every believer in the first church. Because they believed Jesus, the early Christians, including Peter, Paul, Stephen, and Timothy: Consistently chose risk over comfort--even at the cost of some of their lives. Persistently opened their homes and arms, giving all they had to the Jesus way. Radically pursued Christ over culture--until they began to shape the culture around them. In this eight-session video Bible study (streaming included), Lisa Harper launches into the book of Acts to discover how Jesus' command to spread the gospel changed the lives of those who believed and shaped the culture that surrounded the growing church. At the end of this journey together, not only will you have studied this wild, adventurous, risk-taking book of the Bible; but you'll see how God supernaturally orchestrated the events in Scripture to bring about the message of salvation that the early believers preached in the book of Acts. Today, we are faced with the same decisions the early church faced. Will we, like them, truly believe the words of Jesus and allow them to transform every part of our lives? Luke wrote the book of Acts as a testament to the explosive spread of the gospel and the rapid growth of the church after Christ's ascension. Beginning with the outpouring of the Holy Spirit on Pentecost when the church was born, he shows how Christ empowered His followers with divine authority to preach the gospel to all nations. Luke also shows how, even in the midst of persecution and opposition, the early believers were able to rely on God's spirit for direction and continue with the work He had given them to do. God showed His infinite power regardless of the circumstances, just as He continues to do today. The MacArthur Bible Studies provide intriguing examinations of the whole of Scripture. Each guide incorporates extensive commentary, detailed observations on overriding themes, and probing questions to help you study the Word of God with guidance from John MacArthur.

The book of Acts tells the story of what happened after the death and resurrection of Jesus. The book is filled with adventure and entertainment as Acts narrates God's activity among his people and the world. In this book I explore one way of reading Acts that attends closely to the plotline of the book and seek to invite readers into the story that Acts tells. Along the way, I examine some of the most important themes of Acts, including divine activity, the extension of the gospel to surprising people in surprising ways, conflict and congruence between the gospel and the broader world, and the ongoing importance of Israel as God's people. While there are many excellent reasons to read Acts, I reflect too upon the theological and ethical vision of Acts for those who read this book as Christian Scripture.
