*This book explores
the intersectional
perspective of
sustainable social
development in key
sectors, such as
education and skill
development,
health and*

nutrition, gender concerns, and food security and agriculture in India. It delves into contemporary concerns of poverty, employment and inclusive growth, and social marginalisation and inequality. The volume brings

***together the
contributions of
various
stakeholders from
academia, research
organisations,
NGOs and
policymakers to
address social-
sector issues and
sustainable
development goals
(SDGs) in the
Indian context. It***

reflects on policies, strategies and performance in the context of Constitutional goals and the commitment to global SDGs and examines the character and contours of social development in the country.

Comprehensive

and topical, this volume will be useful to scholars, researchers, policymakers and practitioners of development studies, political studies, sociology and development economics.

Now in its sixth edition, this classic text continues to

Center

has contributed to the country's move toward Universal Health Coverage (UHC), and to shed light on how other countries may learn from Ethiopia's experiences of HEP when designing their own path to UHC.

Online Library
Addis Ababa Coc
Center

HEP is one of the government's UHC strategies introduced in a context of limited resources and low coverage of essential health services. The key aspects of the program include the capacity

The HEP in Ethiopia has demonstrated that an institutionalized community approach is effective in helping a country make progress toward UHC. The elements of success in the

Online Library
Addis Ababa Coc
Center

HEP include the emphasis on community mobilization which identifies community priorities, engages and empowers community members, and supports their ability to solve local problems.

Online Library
Addis Ababa Coc
Center

The other aspect of HEP is the emphasis on institutionalization of the activities, which addresses the sustainability of community programs through high level of political commitment, and

*effective
coordination of
national
policies and
leveraging of
support from
partners. These
findings may
offer useful
lessons for
other low income
countries facing
