FOXES, STORKS AND THIRSTY CROWS: THEY'RE ALL GATHERED HERE IN A COLLECTION OF EIGHT OF AESOP'S BEST-LOVED TALES. YOU MAY KNOW THE STORY OF THE TORTOISE AND THE HARE, BUT HAVE YOU HEARD THE ONE ABOUT THE LION AND THE MOUSE?

Despite originating over than two-and-a-half thousand years ago, Aesop's Fables are still passed on from parent to child, and are embedded in our collective consciousness. The morals we have learned from these tales continue to inform our judgements, but have the stories also informed how we regard their animal protagonists? If so, is there any truth behind the stereotypes? Are wolves deceptive villains? Are crows insightful geniuses? And could a tortoise really beat a hare in a race? In Aesop's Animals, zoologist Jo Wimpenny turns a critical eye to the fables to discover whether there is any scientific truth to Aesop's portrayal of the animal kingdom. She

brings the tales into the twenty-first century, introducing the latest findings on some of the most fascinating branches of ethological research – the study of why animals do the things they do. In each chapter she interrogates a classic fable and a different topic – future planning, tool use, self-recognition, cooperation and deception – concluding with a verdict on the veracity of each fable's portrayal from a scientific perspective. By sifting fact from fiction in one of the most beloved texts of our culture, *Aesop's Animals* explores and challenges our preconceived notions about animals, the way they behave, and the roles we both play in our shared world.

It is believed that Aesop was a slave who lived in ancient Greece between 620 and 560 B.C. This illustrated collection contains 110 of his celebrated fables. Sayre Street Books offers the world's greatest literature in easy to navigate, beautifully designed digital editions.

On the shrouded corpse hung a tablet of green topaz with the inscription: 'I am Shaddad the Great. I conquered a thousand cities; a thousand white elephants were collected for me; I lived for a thousand years and my kingdom covered both east and west, but when death came to me nothing of all that I had gathered was of any avail. You who see me take heed: for Time is not to be trusted.' Dating from at least a millennium ago, these are the earliest known Arabic short stories, surviving in a single, ragged

manuscript in a library in Istanbul. Some found their way into The Arabian Nights but most have never been read in English before. Tales of the Marvellous and News of the Strange has monsters, lost princes, jewels beyond price, a princess turned into a gazelle, sword-wielding statues and shocking reversals of fortune.

“A welcome feast of fables for our times ... Carlo Gébler’s book is a wonderful, gloomy and welcome addition to the Aesopic corpus ... The stories have been re-written in a spiky, contemporary style ... The content of these pessimistic stories is thought-provoking but what makes the collection absolutely delightful is the vigor and originality of Carlo Gébler’s writing. The illustrations by Gavin Weston are likewise magnificent.” —The Irish Times “This repackaging of [Aesop's] fables by Carlo Gebler and illstrator Gavin Weston is a reminder that adult minds were originally the target of this litany of pocket-sized parables ... There is very much a feeling here of the ancient sound-tracking the alarmingly present.” —Sunday Independent (Dublin) “Scary new versions of ancient morality tales, Aesop's Fables, with stings in all their tails [...] are full of adult wisdom, human misfortune and bitter experiences, which, because they happen to other people, are hilarious.” —Belfast Telegraph

THE GREATEST COLLECTION OF FABLES EVER WRITTEN, UPDATED FOR OUR TURBULENT TIMES

A witty illustrated version of the world's greatest collection of fables, allegedly written by a slave in the 5th century BC. A book for our times: as Gebler notes, Aesop has two subjects—the exercise of power and the experience of the powerless who endure life and all that it inflicts on them. This

retelling of the Fables makes them relevant and richly enjoyable. Large and fierce animals kill and butcher weaker creatures; gods play games with the hopes and fears of lesser species, including men and women; and occasionally the weak turn the tables on the strong, exposing their pretensions. This is a stunning new version of a book that was often bowdlerized and used to teach moral lessons to children. Gebler's Aesop is darker and more realistic, and compulsively readable.

Get in step with the colorful animals that race, waddle, and leap through these pages! From a fast-footed monkey to a two-timing fox, each creature has a story to tell and a moral to teach. These famous tales tickle the imagination and teach simple truths, ones that children and adults face every day. Passed from generation to generation, Aesop's best-loved fables are presented here with beautiful illustrations that bring these naughty, bold, brave, and lovable creatures to life. Fables included are: The Fox and the Grapes The Lion and the Mouse The Goose Who Laid the Golden Eggs The Tortoise and the Hare The Dog and His Reflection The City Mouse and the Country Mouse The Fox and the Crow The Stag and His Antlers The Crow and the Pitcher

Love and war, science and religion, East and West, inner space and outer space — Campbell shows how the myths we live by can reconcile all of these pairs of opposites and bring a sense of the whole. This classic has been newly illustrated and annotated in its first new edition since its original publication, which also marks the first ebook in the Collected Works of Joseph Campbell series. This is a collection of tales from the Greek story teller, Aesop. Aesop was a slave in ancient Greece. He was a keen observer of both animals and people.
