Every business in every industry today must be nimble/agile.

Being Agile takes a critical look at what it means to be nimble/agile in any organization or context.

Joseph goes beyond simply applying a

Agile has the

their day-to-day

Today, agile is

The key, they

Every

stories based on original research and decades of work with clients, this groundbreaking book identifies five levels that leaders move through in developing their agility. Significantly, only 10% have mastered the level of agility needed for consistent effectiveness in our turbulent era of global competition.

Written in an engaging,
