Hindi cinema was trapped in formulaic cliches for decades: lost-and-found themes, sacrificing mothers, brothers on opposite sides of the law, villains lording over their dens, colourful molls, six songs, the use of rape as a plot pivot, and cops who always arrived too late. It hit an all-time low in the 1980s. Then, in 1991, came liberalization, and a wave of openness and aspiration swept across urban India. Dilwale Dulhania Le Jayenge was released in 1995 - and Hindi cinema became Bollywood. A new crop of film-makers began to challenge and break away from established rules. Over the next twenty years, a number of Hindi films consistently pushed the envelope in terms of content and technique to create a new kind of cinema. Among other innovations, film-makers came up with ways of crowd funding a film (Ankhon Dekhi), did away with songs if the narrative did not need them (Gangaajal), addressed different sexual preferences (My Brother ... Nikhil) and people with special needs (Black) like no one had ever done before. As film critic with the Indian Express, Shubhra Gupta has stayed the course these

twenty years and more and experienced the transition first-hand. In *50 Films That Changed Bollywood, 1995-2015*, she looks at the modern classics that have redefined Hindi cinema - from *DDLJ* and *Rangeela* to *Satya* and *Dev D* to *Queen* and *Bajrangi Bhaijaan*. Gupta offers a fascinating glimpse into how these films spoke to their viewers and how the viewers reacted to them - and, ultimately, how they changed us and how we changed them.

Rajinikanth is, quite simply, the biggest superstar cinema-crazy India has ever seen. His stylized dialogues and screen mannerisms are legion, and his guy-next-door-cum-superhero image has found a hysterically appreciative following among millions of moviegoers. Naman Ramachandran's marvellous biography recounts Rajini's career in meticulous detail, tracing his incredible cinematic journey from *Apoorva Raagangal* (1975) to *Kochadaiyaan* (2013). Along the way, the book provides rare insights into the Thalaivar's personal life, from his childhood days to his times of struggle—when he was still Shivaji Rao Gaekwad—and then his eventual stardom: revealing how a legend was born.

Anand Kumar, a mathematics prodigy, defied all challenges to set up one of the most successful and innovative teaching initiatives in the world—Super 30. Born in Chandipur Bela, Patna, Anand secured a place in Cambridge University but couldn't attend because he had no money and sold papads in the evenings instead. He dealt with his own disappointment by setting up an innovative school in 2002 to prepare underprivileged students for the IIT JEE examination. Super 30 has an astonishing success rate and on an average, twenty-seven to twenty-eight of the thirty students crack the exam every year. Stirring and heart-wrenching, this is the extraordinary story of a visionary who has elevated these bright sparks and, through education, given them hope to rise above crippling poverty.

The Kama Sutra The Standard Work on Human Sexual Behavior By Vatsyayana Translated from the Sanscrit In Seven Parts, with Preface, Introduction and Concluding Remarks. New Edition The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vaatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four

goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life. The Kama Sutra is the oldest and most notable of a group of texts known generically as Kama Shastra (Sanskrit: Kama Sastra). Historians attribute Kamasutra to be composed between 400 BCE and 200 CE. John Keay says that the Kama Sutra is a compendium that was collected into its present form in the 2nd century CE.

When Superman debuted seventy-five years ago, it was not merely the beginning for one character, but for an entire genre. The phrase "super hero" had yet to be coined when ACTION COMICS #1 hit newsstands in 1938, but once Superman entered the scene, effortlessly lifting a car above his head on that first iconic cover, the character paved the way for each of the hundreds (if not thousands) of super-powered heroes written since. SUPERMAN: A CELEBRATION OF 75 YEARS gathers a range of stories featuring the first and greatest super hero, highlighting the many roles the Man of Steel has played over the decades. In these celebrated stories, Superman is in turns the Herculean champion, the lonely alien survivor, the super-powered Boy Scout and the soul-searching leader. Over the course of seventy-five years, watch as the character grows from a simple strongman to the beloved international symbol he is today! Cruel landlords; crafty moneylenders; corrupt politicians; righteous heroes and uninhibited dancing girls—just some of the characters of a successful Bhojpuri film. Often considered kitschy and crude by "polite" society; Bhojpuri cinema has had astounding success from the 1990s onwards; which can only be explained by its overwhelming popularity among the other half of new India. What is it that makes Bhojpuri cinema tick? What is the logic of its aesthetics? And most importantly; how did these regional language films become a profitable industry? Answering many of these questions and written with a deep sensitivity for the genre; Cinema Bhojpuri is the one of the first studies of the history and themes of Bhojpuri cinema—the poor cousin of Bollywood. This entertaining book seeks to unravel an array of pricing puzzles from the one captured in the book's title to why so many prices end with "9" (as in \$2.99 or \$179). Along the way, the author explains how the 9/11 terrorists have, through the effects of their heinous acts on the relative prices of various modes of travel, killed more Americans since 9/11 than they killed that fateful day. He also explains how well-meaning efforts to spur the use of alternative, supposedly environmentally friendly fuels have starved millions of people around the world and given rise to the deforestation of rainforests in Malaysia and Indonesia.

On 18 November 1962, the Charlie Company of the 13 Kumaon Battalion, Kumaon Regiment, fought a Chinese attack at Rezang La Pass in Ladakh, India. The company comprised 120 soldiers and was led by Maj. Shaitan Singh. Of these soldiers, 110 were martyred in the attack. The Indian search party, which visited the battlefield on 10 February 1963, made a startling discovery—the frozen bodies of the men who had died were still holding guns in their hands, having taken bullets on their chests. One PVC (Param Vir Chakra), eight VCs (Vir Chakras), four SMs (Sena Medals) and one M-in-D (Mentioned-in-Dispatches) were awarded to the soldiers of the Charlie Company, making it one of the highest decorated companies of the Indian Army to this day. The valour of the Charlie Company not only successfully stopped China's advance, but it also resulted in the Chushul airport being saved, thereby preventing a possible Chinese occupation of the entire Ladakh region in 1962. According to reports, a total of 1300 Chinese soldiers were killed trying to capture Rezang La. The Charlie Company was an all-Ahir company, and most of the soldiers who fought the battle at 18,000 feet came from the plains of
