Understanding Equity & Trusts is the sister text to Professor Hudson's heavyweight textbook Equity & Trusts. It aims to give you a clear, accessible and comprehensive overview of the main themes in this dynamic area of the law. Whether used at the beginning of studying or in the period before examinations, this book will give you an invaluable grounding in all of the key principles of equity and the law of trusts. If you need help with trusts law, then this is the book for you. This book covers all of the topics that a student reader will encounter in any trusts law or equity course. The text deals with express trusts, resulting and constructive trusts, the duties of trustees, breach of trust and tracing, commercial uses of trusts, charities, equitable remedies and trusts of homes. Extensive updates have been made to the text to

consider several major new cases decided since the last edition, including: Supreme Court decisions in *Pitt v Holt*, *Jones v Kernott*, and *Lehman Brothers International v CRC*, the continuing debate about the proper treatment of bribery and many other cases besides. The law of trusts is built on simple basic principles. The approach of this book is to begin with a clear presentation of those principles before guiding the reader through the more complex issues which are the focus of examinations in this subject. The lively text includes a large number of straightforward examples to make the discussion of the general law more accessible. many analytical perspectives, encouraging a deeper understanding of the issues at hand. It offers an outstanding treatment of specific areas, in particular remedial constructive trusts and trusts of family homes. Ideal for providing a broad background to the issues before embarking on an in-depth study of trusts, it can also be used to help the reader to develop their understanding. For those looking to challenge themselves, detailed footnotes highlight further issues and point the direction for future reading. Fully revised to take into account the Charities Act 2006, judicial developments through case law, and recent academic work in this area, this new edition in the renowned Clarendon Law Series offers a well-written, careful, and insightful introduction to the law of trusts. Landmark Cases in Equity continues the series of essay

collections which began with Landmark Cases in the Law of Restitution (2006) and continued with Landmark Cases in the Law of Contract (2008) and Landmark Cases in the Law of Tort (2010). It contains essays on landmark cases in the development of equitable doctrine running from the seventeenth century to recent times. The range, breadth and social importance of equitable principles, as these affect commercial, domestic and even political matters are well known. By focusing on the historical development of these principles, the essays in this collection help us to understand them more clearly, and also provide insights into the processes of legal change through judicial innovation. Themes addressed in the essays include the nature of the courts' equitable jurisdiction, the development of property

This volume in the 'Core Text Series' covers the law of trusts, explaining from first principles what 'trusts' is about and providing the student with an understanding of the law and the important academic controversies surrounding it.

The number of disputes involving trusts has risen

## Read PDF Alastair Hudson Equity And Trusts Book

significantly in recent years. Many disputes take place in the international environment and cross-border jurisdictional issues may arise. These disputes often involve large sums of money, impacting significantly on family relations. The handling of such disputes requires specialist skills and knowledge, including an understanding of how and why private trusts are established and administered and the problems that can arise; an awareness of the cross-jurisdictional issues that may be relevant; and the ability to identify practical legal solutions to the dispute that are compliant with trust principles. *International Trust Disputes* provides a comprehensive and thorough treatment of this topic. Acting as a specialist guide for practitioners, it offers a survey of the special

Resulting Trusts

The law of tracing is a complex subject which has struggled to find a home in works on property, equity, commercial law and restitution. Broadly speaking, it addresses the question of when rights held in an asset can be asserted in another asset despite changes in form or attempts to 'launder' the initial asset. Properly understood this area of study is composed of several distinct topics. This book

## Read PDF Alastair Hudson Equity And Trusts Book

explores all the areas covered by the law of tracing in a degree of detail not previously reached in more general works.

Alastair Hudson ' s Equity and Trusts is an ideal textbook for undergraduate courses on the law of trusts and equitable remedies. It provides a clear, current and comprehensive account of the subject through which the author ' s enthusiasm and expertise shine through, helping to bring to life an area of the law which students often find difficult. Beginning with the core principles, Alastair Hudson reinforces the key points by means of clear

various perspectives, such as human rights and discrimination law, as well as considering the legal status of both religion and religious groups.

Controversial and provocative questions are explored, promoting full engagement with the key debates. The book's explanatory approach and detailed references ensure understanding and encourage independent study. Students can track key developments on the book's updating website. This innovative text is essential reading for all students in the field.

Increasing numbers of people have connections

## Read PDF Alastair Hudson Equity And Trusts Book

with one country, but live and work in another, frequently owning property or investments in several countries. As such, international aspects arise in an increasing number of estates. Different countries may have separate arrangements for ownership, taxation, and succession. International Succession equips practitioners with the information necessary to navigate problems involving these different systems. Although lawyers would often advise only on the law of the jurisdictions in which they are based, seeking advice from lawyers in other countries, this book will save

## Read PDF Alastair Hudson Equity And Trusts Book

the practitioner the time - and expense - of ascertaining the basics concerning the inheritance systems in different countries, offering clear and easy to use information on the laws of inheritance and succession. Each country's report is based on responses to a comprehensive questionnaire that considers the practical issues arising from the jurisdiction's individual laws, making it easy for users to make specific comparisons between the laws of one country and another. The book covers over fifty countries with entries written by experts from each country, making it an invaluable resource
