Practical Theory, Complete

This practical coursebook introduces all the basics of semantics in a simple, step-by-step fashion. Each unit includes short sections of explanation with examples, followed by stimulating practice exercises to complete in the book. Feedback and comment sections follow each exercise to enable students to monitor their progress. No previous background in semantics is assumed, as students begin by discovering the value and fascination of the subject and then move through all key topics in the field, including sense and reference, simple logic, word meaning and interpersonal meaning. New study guides and exercises have been added to the end of each unit to help reinforce and test learning. A completely new unit on non-literal language and metaphor, plus updates throughout the text significantly expand the scope of the original edition to bring it up-to-date with modern teaching of semantics for introductory courses in linguistics as well as intermediate students.

The Second Edition of Alfred's Group Piano for Adults Book 1, includes updates inspired by numerous recommendations from group piano teachers and students. This book includes a CD-ROM containing both Audio and General MIDI Files of the 500+ accompaniments included in the text, each with an interesting and engaging arrangement coupled with the piano part. Designed for collegiate non-keyboard music majors with little or no keyboard experience, the easy-to-use text contains 26 units, each intended to be covered in one week, thus fulfilling two semesters or three quarters of study. Theory, technique, sight-reading, repertoire, harmonization, improvisation, and ensemble activities are taught thoroughly and consistently throughout the text. The comb binding creates a lay-flat book that is perfect for study and performance. Book 1 is 360 pages. Selected sight-reading examples from this book are available in the Piano Maestro app that's downloadable at Piano Maestro. Learn more about JoyTunes, the maker of Piano Maestro at JoyTunes.

(Book). Here's the most contemporary music dictionary on the market!
