

All Time Greats Volume 1 Songbook

The Chicago Bulls were the kings of the NBA in the 1990s, when Michael Jordan and Scottie Pippen ruled the court. But they're not the only stars to have worn the red and black. From the pioneers of the late 1960s to the global superstars of today, get to know the players who made the Bulls one of the NBA's top teams through the years.

Washington Senators All-time Greats is one of the first books covering the first 101-year history of the Senators/Nationals before they were reborn with the transfer of the Montreal Expos to Washington in 2005. Hundreds of players appeared in Washington uniforms over the years and from these Mr. Willis selected an all-time team. In addition, all-star teams from five eras were chosen. Career highlights and statistics are included in each of the sixty-seven mini-biographies; photographs and anecdotes bring the players to life. The author also presents team records and summaries for each year and era, and for the entire 101-history covered. The last chapter of the book honors the best of Senators managers and owners, and the best Washington play-by-play announcer and sportswriter. Readers are invited to compare their selections with the authors. The book contains a foreword by Senators great, Frank Howard and is recommended by former Washington stars and managers, Mickey Vernon and Jim Lemon.

In the world of sports, Iowa is probably best known for wrestling but the state has also produced more than 200 major league baseball players. Sixteen of them are profiled here, including six Hall of Famers, the game's brightest star of the 19th century, an American League batting champion, the only pitcher to lead the National League in strikeouts seven years in a row, the only catcher to catch two back-to-back no-hitters and one of the most dominant pitchers in American League history. They made their presence felt off the field, too. One helped fortify the game's racial barriers. One helped tear them down. One invented devices that changed the game. Two wrote instructional books on baseball. One became famous so young that he graced the cover of national magazines before graduating from high school. Each has a compelling story, some interwoven with the game's greatest moments.

How to control your vision and prevent flinching
Data on the flight dynamics of a skeet target and how we perceive it
Methods for teaching beginners and coaching advanced shooters
Skeet is easy, if you're happy breaking nine out of ten birds. But if you want to shoot 100 straight, this manual can help you achieve that goal. Since even excellent shooters tend to overlook many basic details, Mastering Skeet emphasizes fundamental techniques that will greatly improve your precision and consistency. It addresses various shooting methods and describes proper form, with notes on stance, posture, and balance, gun mount, foot position, pivoting, and follow-through. The book also discusses individual stations and examines common errors for each shot. Whether you're an experienced shooter looking for an extra edge or a beginner who wants to learn the basics of good technique, Mastering Skeet covers the full range of material necessary for success.

A holdover from the rival ABA, the San Antonio Spurs survived the merger and thrived in their first decade in the NBA. But it took the arrival of two elite post players and a savvy head coach to make them champions. From the pioneers of the 1970s to the global superstars of today, get to know the players who made the Spurs one of the NBA's top teams through the years.

Biographies of more than 100 Irish scientists (or those with strong Irish connections), in the disciplines of Chemistry and Physics, including Astronomy, Mathematics etc., describing them in their Irish and international scientific, social, educational and political context. Written in an attractive informal style for the hypothetical 'educated layman' who does not need to have studied science. Well received in Irish and international reviews.

MEET THE LAST - He's mankind's last hope and he HATES us! As the Earth stands on the brink of annihilation we must beg the last survivor of a family of superheroes to put aside his hatred and save our butts. From the Eisner and Harvey Award-nominated writer of Echoes, Tumor, and I, Vampire comes the complete first volume of the critically-acclaimed vision of Super Heroes for the 21st century.

THE ROMAN EMPIRE STANDS as the greatest political achievement in the history of Western civilization. From its humble beginnings as a tiny kingdom in central Italy, Rome grew to envelope the entire Mediterranean until it ruled an empire that stretched from the Atlantic to Syria and from the Sahara to Scotland. Its enduring legacy continues to define the modern world. Mike Duncan chronicled the rise, triumph, and fall of the Roman Empire in his popular podcast series "The History of Rome". Transcripts of the show have been edited and collected here for the first time. Covering episodes 1-46, The History of Rome Volume I opens with the founding of the Roman Kingdom and ends with the breakdown of the Roman Republic. Along the way Rome will steadily grow from local power to regional power to global power. The Romans will triumph over their greatest foreign rivals and then nearly destroy themselves in a series of destructive civil wars. This is the story of the rise of Rome.

They were dominant in their early days in Minneapolis, but after they moved to Southern California, the Los Angeles Lakers became legendary champions. From the pioneers of the 1950s to the global superstars of today, get to know the players who made the Lakers one of the NBA's top teams through the years.

Knit India Through Literature Volume 1 - The South

It's Part of What We Are - Volumes 1 and 2 - Volume 1: Richard Boyle (1566-1643) to John Tyndall (1820-1893); Volume 2: Samuel Haughton (18210-1897) to John Stewart Bell (1928-1990)

One volume clearly wasn't enough -- here are even more greats from NHL history! Twenty more of the NHL's all-time superstars grace these pages. Included in the round-up are Mark Messier, Steve Yzerman, Henri Richard, Bobby Clarke and Brett Hull!
NEW YORK TIMES BESTSELLER * Winner of the CASEY Award for Best Baseball Book of the Year “An instant sports classic.” —New York Post * “Stellar.” —The Wall Street Journal * “A true masterwork...880 pages of sheer baseball bliss.” —BookPage (starred review) * “This is a remarkable achievement.” —Publishers Weekly (starred review) A magnum opus from acclaimed baseball writer Joe Posnanski, The Baseball 100 is an audacious, singular, and masterly book that took a lifetime to write. The entire story of baseball rings through a countdown of the 100 greatest players in history, with a foreword by George Will. Longer than Moby-Dick and nearly as ambitious,The Baseball 100 is a one-of-a-kind work by award-winning sportswriter and lifelong student of the game Joe Posnanski that tells the story of the sport through the remarkable lives of its 100 greatest players. In the book’s introduction, Pulitzer Prize-winning commentator George F. Will marvels, “Posnanski must already have lived more than 200 years. How else could he have acquired such a stock of illuminating facts and entertaining stories about the rich history of this endlessly fascinating sport?” Baseball’s legends come alive in these pages, which are not merely rankings but vibrant profiles of the game’s all-time greats. Posnanski dives into the biographies of iconic Hall of Famers, unfairly forgotten All-Stars, talents of today, and more. He doesn’t rely just on records and statistics—he lovingly retraces players’ origins, illuminates their characters, and places their accomplishments in the context of baseball’s past and present. Just how good a pitcher is Clayton Kershaw in the twenty-first-century game compared to Greg Maddux dueling with the juiced hitters of the nineties? How do the career and influence of Hank Aaron compare to Babe Ruth’s? Which player in the top ten most deserves to be resurrected from history? No compendium of baseball’s legendary geniuses could be complete without the players of the segregated Negro Leagues, men whose extraordinary careers were largely overlooked by sportswriters at the time and unjustly lost to history. Posnanski writes about the efforts of former Negro Leaguers to restore sidelined Black athletes to their due honor, and draws upon the deep troves of the Negro Leagues Baseball Museum and extensive interviews with the likes of Buck O’Neil to illuminate the accomplishments of players such as pitchers Satchel Paige and Smokey Joe Williams; outfielders Oscar Charleston, Monte Irvin, and Cool Papa Bell; first baseman Buck Leonard; shortstop Pop Lloyd; catcher Josh Gibson; and many, many more. The Baseball 100 treats readers to the whole rich pageant of baseball history in a single volume. Chapter by chapter, Posnanski invites readers to examine common lore with brand-new eyes and learn stories that have long gone unheard. The epic and often emotional reading experience mirrors Posnanski’s personal odyssey to capture the history and glory of baseball like no one else, fueled by his boundless love for the sport. Engrossing, surprising, and heartfelt, The Baseball 100 is a magisterial tribute to the game of baseball and the stars who have played it. All-time greats, teams, today’s favorite players, and playing tips! Do you know: What a draw play is? Who holds the all-time touchdown record? What teams play in the Big Ten Conference? You’ll go from rookie to Pro Bowler in no time with this football-lover’s guide to the gridiron. Whether you're new to the game or a longtime fan, this book has everything you need to know about the exciting game of football! Filled with the latest stats, tackle-worthy trivia, and more than 25 fun puzzles, this revised and updated guide gives you all the ins and outs of the game, including: The history of football and the NFL Football stats and record holders How to predict which teams will make it to the Super Bowl How to develop offensive and defensive skills Fantasy football leagues Packed with the latest draft, scoring, and league information, this end zone--worthy book helps you discover fun facts about football heroes and legends and coaches you on the tactics of the game so you can make that first down like a pro! They rounded out a trio of Texas teams when they joined the league in 1980. Along the way, the Dallas Mavericks have employed a number of international stars, including a forward from Germany who helped them become NBA champions. From the pioneers of the 1980s to the global superstars of today, get to know the players who made the Mavericks one of the NBA's top teams through the years.

No team has won more NBA titles than the Boston Celtics. And few teams have a history filled with so many outstanding players. From the pioneers of the 1950s to the global superstars of today, get to know the players who made the Celtics one of the NBA's top teams through the years. Sivasankari (born October 14, 1942) is a renowned Tamil writer and activist. She has carved a niche for herself in the Tamil literary world during the last four decades with her works that reflect an awareness on social issues, a special sensitivity to social problems, and a commitment to set people thinking. She has many novels, novellas, short stories, travelogues, articles and biographies to her credit. Her works have been translated into several Indian languages, English, Japanese and Ukrainian. Eight of her novels have been made into films, having directed by renowned directors like K. Balachander, SP Muthuraman and Mahendran. Her novel 'Kutti' on girl child labour, filmed by the director Janaki Viswanathan, won the President's Award. Sivasankari's novels have also been made as teleserials, and have won the national as well as regional 'Best Mega Serial' awards. As a multi-faceted personality, she has won many prestigious awards including Kasturi Srinivasan Award, Raja Sir Annamalai Chettiyar Award, Bharatiya Bhasha Parishad Award, 'Woman of the year 1999-2000' by the International Women's Association, and so on. 'Knit India Through Literature' is her mega-project involving intense sourcing, research and translations of literature from 18 Indian languages, with a mission to introduce Indians to other Indians through culture and literature.

Divided into three main sections, "The Ancient World", "The Middle Ages" and "Regency and Gaslight", The Mammoth Book of Historical Whodunnits includes:
· The Thief versus Rhampsinitus by Herodotus - probably the earliest detective story ever written.
· The Locked Tomb Mystery, set in ancient Egypt, by Elizabeth Peters.
· A new story by John Maddox Roberts featuring the young Roman detective Decius Metellus.
· Robert van Gulik's ingenious He Came With the Rain featuring Judge Dee, a real-life character who lived in seventh-century China.
· A new story by Peter Tremayne, set in seventh-century Ireland and featuring Sister Fidelma.
· Ellis Peters' Brother Cadfael story The Price of Light.
· Paul Harding's The Confession of Brother Athelstan.
· A classic locked-room mystery featuring Lillian de la Torre's popular detective Sam Johnson.
· A story by Michael Harrison featuring August Dupin, the detective created by Edgar Allan Poe and the inspiration behind Sherlock Holmes.
· John Dickson Carr's acclaimed The Gentleman from Paris. ...and many more!

1977 is a strange year. Things beyond human understanding have begun to surface, threatening the peace and leaving behind an endless trail of blood. When such incidents arise, it is down to Scotland Yard's Special Division and their Demon Hunter in residence, John Sinclair, to set things right. But Sinclair is haunted by demons of his own, ones which rival the dark forces attacking innocents around him. Can he conquer one to vanquish the other?

The word legend is thrown around all too easily these days, but there can be no doubt that the NBA players featured in this book are the very best to have ever graced a basketball court. They are true legends of the game. Spanning the decades and covering all the league's most iconic eras, this book uncovers the fascinating stories and incredible accomplishments of the greatest basketball players. From the game's first superstars, Wilt Chamberlain, Bill Russell, and Jerry West, to the modern-day greats of the late Kobe Bryant, LeBron James, and Kevin Garnett. There are also in-depth features on Lakers legends Magic Johnson, Kareem Abdul-Jabbar, and Shaquille O'Neal, as well as Celtics great Larry Bird, while it also explores 23 reasons why Michael Jordan is the greatest of all time. It's not just about great players, though. Without great coaches there would be no great players, legendary teams, or memorable matchups. That's why this book also runs down the 10 most successful and influential coaches from NBA history, looks back at the 10 greatest championship-winning teams, and relives 10 of the best ever games. It also includes a review of the 50 most iconic NBA players of all time.
