A trailblazing collection of writing from Binyavanga Wainaina's extraordinary life 'In your text, treat Africa as if it were one country. It is hot and dusty with rolling grasslands and huge herds of animals and tall, thin people who are starving. Or it is hot and steamy with very short people who eat primates. Don't get bogged down with precise descriptions.' Binyavanga Wainaina was a seminal author and activist, remembered as one of the greatest chroniclers of contemporary African life. After his death in 2019, this ground-breaking collection brings together his pioneering writing on the African continent for the first time. A rule-breaker full of wry satire and piercing wisdom, this collection includes many of Binyavanga's most critically acclaimed pieces, including the viral satirical sensation 'How to Write About Africa'. Writing fearlessly across a range of topics - from politics to international aid, cultural heritage and redefining sexuality, this is a remarkable illustration of a writer at the height of his power.

Struggling with overwork and parenting angst, English village doctor Peter Radley endeavors to hide his family's vampire nature until their daughter's oddly satisfying act of violence reveals the truth, an event that is complicated by the arrival of a practicing vampire family member.

The Art of War is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, The Art of War is a must-read for anybody who works in a competitive environment.

Picking up where Quiet ended, How to Be Yourself is the best book you'll ever read about how to conquer social anxiety. "This book is also a groundbreaking road map to finally being your true, authentic self." —Susan Cain, New York Times, USA Today and nationally bestselling author of Quiet Up to 40% of people consider themselves shy. You might say you're introverted or awkward, or that you're fine around friends but just can't speak up in a meeting or at a party. Maybe you're usually confident but have recently moved or started a new job, only to feel isolated and unsure. If you get nervous in social situations—meeting your partner's friends, public speaking, standing awkwardly in the elevator with your boss—you've probably been told, "Just be yourself!" But that's easier said than done—especially if you're prone to social anxiety. Weaving together cutting-edge science, concrete tips, and the compelling stories of real people who have risen above their social anxiety, Dr. Ellen Hendriksen proposes a groundbreaking idea: you already have everything you need to succeed in any unfamiliar social situation. As someone who lives with social anxiety, Dr. Hendriksen has devoted her career to helping her clients overcome the same obstacles she has. With familiarity, humor, and authority, Dr. Hendriksen takes the reader through the roots of social anxiety and why it endures, how we can rewire our brains through our behavior, and—at long last—exactly how to quiet your Inner Critic, the pesky voice that whispers, "Everyone will judge you." Using her techniques to develop confidence, think through the buzz of anxiety, and feel comfortable in any situation, you can finally be your true, authentic self.

Always be yourself unless you can be a Viking Journal This is a perfect black lined journal for all those that love Vikings and Norse culture. Tackling relationships, career, and family issues, John Kim, LMFT, thinks of himself as a life-styledesigner, not a therapist. His radical new approach, that he sometimes calls "self-help in a shot glass" is easy, real, and to the point. He helps people make changes to their lives so that personal growth happens organically, just by living. Let's face it, therapy is a luxury. Few of us have the time or money to devote to going to an office every week. With anecdotes illustrating principles in action (in relatable and sometimes irreverent fashion) and stand-alone practices and exercises, Kim gives readers the tools and directions to focus on what's right with them instead of what's wrong. When John Kim was going through the end of a relationship, he began blogging as The Angry Therapist, documenting his personal journey post-divorce. Traditional therapists avoid transparency, but Kim preferred the language of "me too" as opposed to "you should." He blogged about his own shortcomings, revelations, views on relationships, and the world. He spoke a different therapeutic language —open, raw, and at times subversive — and people responded. The Angry Therapist blog, that inspired this book, has been featured in The Atlantic Monthly and on NPR.

Funny Gag Notebook with Great Panda Quote on Cover. Great Gift for Anyone Who Wants to Be a Panda

THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. _____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

After making us laugh out loud with 5,000 Great One-Liners, Grant Tucker goes one better with this uproarious sequel! More One-Liners is another hilarious volume of the finest quips, zingers, puns and wisecracks known to humanity. From twists on the classics to modern greats, from A-grade antics to X-rated gags, from jokes you could tell your mother to jokes about yo momma, there's something short, sweet and wickedly clever for everyone in this definitive volume.

There is a widely known and recognized system of note taking that is commonly taught to university students and it is called the Cornell Note Taking Method. It is divided into two columns: the right column is for the note-taking, while the left one is for the questions and keywords. It's a perfect book for categorizing and putting your notes in order to make it more organized so it's easier to scan and review. With its note-organization feature, it is very popular to a lot of students and it can also be used for meetings, lectures, and so much more.

In this “brave and heartbreaking novel that digs its claws into you and doesn’t let go, long after you’ve finished it” (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can’t stop thinking about her first love. Lily hasn’t always had it easy, but that’s never stopped her from working hard for the life she wants. She’s come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily’s life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He’s also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn’t hurt. Lily can’t get him out of her head. But Ryle’s complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his “no dating” rule, she can’t help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is

threatened. An honest, evocative, and tender novel, It Ends with Us is “a glorious and touching read, a forever keeper. The kind of book that gets handed down” (USA TODAY).

THE SELF-PUBLISHED PHENOMENON —NOW FULLY REVISED AND EXPANDED I almost didn't publish Love Yourself Like Your Life Depends on It. Here I was, a CEO who'd fallen apart after his company failed, writing a book about how loving himself saved him. I thought I'd be a laughingstock and my career would be finished. But I stepped through the fears and shared my truth with the world. The book went viral. Amazing people all over bought copies for friends and family. For some, this book saved their lives. For others, it was the first time they ever loved themselves. Many readers reached out and asked questions. This taught me that, to create lasting impact, I had to go deeper. So, seven years later, here it is. All the questions I received, resolved. My intention is that by the time you finish this new edition, not only will you be committed to loving yourself, you'll know exactly how to do it. And, most importantly, how to make it last.

Always Be Yourself, Unless You Can Be a Unicorn

The 48 Laws Of Power

The Richest Man in Babylon is considered as the greatest of all inspirational works on the subject of thrift, financial planning, and personal wealth. Revealed inside are the secrets to acquiring money, keeping money, and making money earn more money. Providing financial wisdom through parables, and The Richest Man in Babylon and was originally a set of pamphlets, written by the author and distributed by banks and insurance companies. These pamphlets were later bundled together, giving birth to a book. In this new rendering by Charles Conrad, the classic tale is retold in clear, simple language for today and s readers. These fascinating and informative stories set you on a sure path to prosperity and its accompanying joys.

*You can go after the job you want—and get it! You can take the job you have—and improve it! You can take any situation—and make it work for you! Dale Carnegie’s rock-solid, time-tested advice has carried countless people up the ladder of success in their business and personal lives. One of the most groundbreaking and timeless bestsellers of all time, *How to Win Friends & Influence People* will teach you: -Six ways to make people like you -Twelve ways to win people to your way of thinking -Nine ways to change people without arousing resentment And much more! Achieve your maximum potential—a must-read for the twenty-first century with more than 15 million copies sold!*

The world is changing. Markets have crashed. Jobs have disappeared. Industries have been disrupted and are being remade before our eyes. Everything we aspired to for “security,” everything we thought was “safe,” no longer is: College. Employment. Retirement. Government. It’s all crumbling down. In every part of society, the middlemen are being pushed out of the picture. No longer is someone coming to hire you, to invest in your company, to sign you, to pick you. It’s on you to make the most important decision in your life: Choose Yourself. New tools and economic forces have emerged to make it possible for individuals to create art, make millions of dollars and change the world without “help.” More and more opportunities are rising out of the ashes of the broken system to generate real inward success (personal happiness and health) and outward success (fulfilling work and wealth). This book will teach you to do just that. With dozens of case studies, interviews and examples—including the author, investor and entrepreneur James Altucher’s own heartbreaking and inspiring story—Choose Yourself illuminates your personal path to building a bright, new world out of the wreckage of the old.
