Liam Mulcahey, a reclusive, shell-shocked veteran, remembers little of the Great War. Ten years later, when he is caught in a brutal attack on a Chicago speakeasy, Liam is saved by Grace, an alluring heiress who's able to cast illusions. Buddy has completely withdrawn into himself and inexplicably begun digging a hole in the backyard. To make matters worse, the CIA has come knocking, looking to see if there's any magic left in the Telemachus clan. And there is: Irene's son Matty has just had his first out-of-body experience. But he hasn't told anyone, even though his newfound talent might just be what his family needs to save themselves—if it doesn't tear them apart in the process. Harnessing the imaginative powers that have made him a master storyteller, Daryl Gregory delivers a stunning, laugh-out-loud new novel about a family of gifted dreamers and the invisible forces that bind us all.

Dark of the West

A lasting impression is worth killing for in this intoxicating novel about memories and murder by the author of the Amberlough Dossier series. In New York City everybody needs a side hustle, and perfumer Vic Fowler has developed a delicate art that has proved to be very lucrative: creating bespoke scents that evoke immersive memories--memories that, for Vic's clients, are worth killing for. But the city is expensive, and these days even artisanal murder doesn't pay the bills. When Joseph Eisner, a former client with deep pockets, offers Vic an opportunity to expand the enterprise, the money is too good to turn down. But the job is too intricate--and too dangerous--to attempt alone. Manipulating fellow struggling artists into acting as accomplices is easy. Like Vic, they too are on the verge of burnout and bankruptcy. But as relationships become more complicated, Vic's careful plans start to unravel. Hounded by guilt and a tenacious private investigator, Vic grows increasingly desperate to complete Eisner's commission. Is there anyone--friends, lovers, coconspirators--that Vic won't sacrifice for art?

A "brilliant and terrifically fun"* debut novel brings an enchanting new voice to fantasy. Onna can write the parameters of a spell faster than any of the young men in her village school. But despite her incredible abilities, she's denied a place at the nation's premier arcane academy. Undaunted, she sails to the bustling city-state of Hexos, hoping to find a place at a university where they don't think there's anything untoward about providing a woman with a magical education. But as soon as Onna arrives, she's drawn into the mysterious murder of four trolls. Tsira is a troll who never quite fit into her clan, despite being the leader's daughter. She decides to strike out on her own and look for work in a human city, but on her way she stumbles upon the body of a half-dead human soldier in the snow. As she slowly nurses him back to health, an unlikely bond forms between them, one that is tested

Discover your inner child once again in this debut fantasy adventure for fans of Madeleine L'Engle, Diana Wynne Jones, and E. L. Konigsburg. When the unexpected moves in next door, anything can happen in Weave a Circle Round, Kari Maaren's debut in this YA-friendly fantasy adventure. Freddy doesn't want people to think she's weird. Her family makes that difficult, though: her deaf stepbrother Roland's a major geek, and her genius little sister Mel's training to be the next Sherlock Holmes. All Freddy wants is to survive high school. Then two extremely odd neighbors move in next door. Cuerva Lachance and Josiah definitely aren't normal. Neither is their house, which defies the laws of physics. Neither is Freddy's situation, when she suddenly finds herself stuck thousands of years in the past with her very, very weird neighbors. And that's only the beginning. "I adored this brilliant book from start to finish. It left me reeling with delight and I can't wait for the rest of the world to get as lost in its pages as I was." —Charles de Lint "I'd have loved this book when I was twelve, and I love it now." —Nebula, Hugo, and World Fantasy-Award winning author Jo Walton

From the award-winning author of Amatka and Jagannath—a fantastical tour de force about friendship, interdimensional theater, and a magical place where no one ages, except the young In a world just parallel to ours exists a mystical realm known only as the Gardens. It's a place where feasts never end, games of croquet have devastating consequences, and teenagers are punished for growing up. For a select group of masters, it's a decadent paradise where time stands still. But for those who serve them, it's a slow torture where their lives can be ended in a blink. In a bid to escape before their youth betrays them, Dora and Thistle—best friends and confidants—set out on a remarkable journey through time and space. Traveling between their world and ours, they hunt for the one person who can grant them freedom. Along the way, they encounter a mysterious traveler who trades in favors and never forgets debts, a crossroads at the center of the universe, our own world on the brink of war, and a traveling troupe of actors with the ability to unlock the fabric of reality. Endlessly inventive, The Memory Theater takes us to a wondrous place where destiny has yet to be written, life is a performance, and magic can erupt at any moment. It is Karin Tidbeck's most engrossing and irresistible tale yet.

F. Scott Fitzgerald's The Great Gatsby ends after Jay Gatsby is shot and killed for a hit and run that he did not commit, as well as for his attempts to recapture the past. However, while the bullet's aim is still true, The Pursued and the Pursuing explores what might have been had it left Gatsby with another chance at happiness. Find it he does, although not in the arms of Daisy Buchanan. As Gatsby travels the world with Nick Carraway, his friend and narrator, he sheds wealth, performance, and glamor in favor of honesty, intimacy, and love. When Daisy writes to Nick a decade after Gatsby's brush with death, her frenzied reentrance into their lives threatens to stir up old grudges and longings, but the biggest surprise she brings is her daughter. At thirteen, Pam Buchanan is a queer, bookish girl who feels out of place as her parents try to steer her toward their standards of normalcy. Fortunately, Nick and Gatsby are more than familiar with the perils of being molded by others' expectations. A tale of chosen family, queer love, and a glitzy party or two, The Pursued and the Pursuing reimagines Fitzgerald's beloved characters and celebrates those with courage to live in the present.

Battle of the Linguist Mages

In Upright Women Wanted, award-winning author Sarah Gailey reinvents the pulp Western with an explicitly antifascist, near-future story of queer identity. "That girl's got more wrong notions than a barn owl's got mean looks." Esther is a stowaway. She's hidden herself away in the Librarian's book wagon in an attempt to escape the marriage her father has arranged for her—a marriage to the man who was previously engaged to her best friend. Her best friend who she was in love with. Her best friend who was just executed for possession of resistance propaganda. The future American Southwest is full of bandits, fascists, and queer librarian spies on horseback trying to do the right thing. Praise for Upright Women Wanted "A good old-fashioned horse opera for the 22nd century. Gunslinger librarians of the apocalypse are on a mission to spread public health, decency, and the revolution."—Charles Stross "A dazzling neo-western adventure. . . . Gailey's gorgeous writing and authentic characters make this slim volume a pure delight."—Publishers Weekly, starred review At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.
