This book explains not only what Midwesterners say but also how and why they say it and covers such topics as: the causes of the Northern cities vowel shift, why the accents in Fargo miss the nasality that's a hallmark of Minnesota speech, and why Chicagoans talk more like people from Buffalo than their next-door neighbors in Wisconsin. Readers from the Midwest will have a better understanding of why they talk the way they do, and readers who are not from the Midwest will know exactly what to say the next time someone ends a sentence with "eh?".
