

## American Crew Product Guide

*If you want a holiday that's hassle-free, virtually pre-paid, and that lets you see lots of places while only needing to pack and unpack once, then you should try a cruise. This best-selling book is the cruise industry bible: it gives you all the information you need to choose the right cruise for you. Meticulously updated every year by cruise expert Douglas Ward, it is divided into two main parts: the first helps you work out what you're looking for in a cruise holiday and how to find it; the lively text and colour photographs describe every aspect of life on board, including safety, the highs and lows of the cruise experience and how to save money. The second part contains unbiased reviews and fascinating detail of almost 300 ocean-going cruise vessels, and grades them on service, food, entertainment and facilities, using an internationally recognised ratings system.*

If you're looking for a straightforward, practical, no-nonsense guide to scriptwriting that will hold your hand right the way through the process, read on! The Raindance Writers' Lab guides you through the tools that enable you to execute a strong treatment for a feature and be well on the way to the first draft of your script. Written by the creator of the Raindance Film Festival himself, Elliot Grove uses a hands-on approach to screenwriting based on his many years of experience teaching the subject for Raindance training. He uses step-by-step processes illustrated with diagrams and charts to lend a visual structure to the teaching. Techniques are related to real-life examples throughout, from low budget to blockbuster films. The Companion Website contains interviews with British writers and directors as well as a handy series of legal contracts, video clips and writing exercises. In this brand new 2nd edition, Grove expands on his story structure theory, as well as how to write for the internet and short films. The website also contains sample scripts and legal contracts, a writing exercise illustrated with a video clip, a folder full of useful hyperlinks for research, and a demo version of Final Draft screenwriting software.

In The Cheerful Subversive's Guide to Independent Filmmaking, celebrated Slamdance Film Festival co-founder Dan Mirvish offers a rich exploration of the process and culture of making low-budget, independent films. Once labelled a "cheerful subversive" by The New York Times, Mirvish shares his unfiltered pragmatic approach to scriptwriting, casting, directing, producing, managing a crew, post-production, navigating the film festival circuit, distributing your film, dealing with piracy and building a career. Readers will learn how to game the Hollywood system to their advantage, get their films accepted by respected festivals without going broke, and utilize a broad range of media and tactics to promote and distribute their work. A companion website features behind-the-scenes interviews and footage from Dan's films, and much more. Learn everything you need to know to make, promote, and distribute your independent films, with time-tested lessons and practical advice on scriptwriting, casting and directing A-list actors, financing, producing, managing a crew, editing in post, creating visual effects on a budget, and successfully navigating the film festival circuit Find out what it takes to become a true "cheerful subversive" and adopt new and innovative approaches to producing your films, discover hidden loopholes in the Hollywood system and festival scene, take advantage of a broad range of media formats to promote and distribute your indie films, and generally make bold moves in service of your creative work, all while staying flexible enough to pivot at a moment's notice An extensive companion website features in-depth interviews with filmmakers, more than an hour of behind-the-scenes footage from Dan Mirvish's films, festival resources, and much more

Does the identification number 60 indicate a toxic substance or a flammable solid, in the molten state at an elevated temperature? Does the identification number 1035 indicate ethane or butane? What is the difference between natural gas transmission pipelines and natural gas distribution pipelines? If you came upon an overturned truck on the highway that was leaking, would you be able to identify if it was hazardous and know what steps to take? Questions like these and more are answered in the Emergency Response Guidebook. Learn how to identify symbols for and vehicles carrying toxic, flammable, explosive, radioactive, or otherwise harmful substances and how to respond once an incident involving those substances has been identified. Always be prepared in situations that are unfamiliar and dangerous and know how to rectify them. Keeping this guide around at all times will ensure that, if you were to come upon a transportation situation involving hazardous substances or dangerous goods, you will be able to help keep others and yourself out of danger. With color-coded pages for quick and easy reference, this is the official manual used by first responders in the United States and Canada for transportation incidents involving dangerous goods or hazardous materials.
