Distance Learning is for leaders, practitioners, and decision makers in the fields of distance learning, e-learning, telecommunications, and related areas. It is a professional journal with applicable information for those involved with providing instruction to all kinds of learners, of all ages, using telecommunications technologies of all types. Stories are written by practitioners for practitioners with the intent of providing usable information and ideas. Articles are accepted from authors--new and experienced--with interesting and important information about the effective practice of distance teaching and learning. Distance Learning is published quarterly. Each issue includes eight to ten articles and three to four columns, including the highly regarded "And Finally..." column covering recent important issues in the field and written by Distance Learning editor, Michael Simonson. Articles are written by practitioners from various countries and locations, nationally and internationally.

No need for copper or plates to achieve the distinctive calligraphic script of eighteenth-century Europe ? just a pen, ink, and this comprehensive workbook will do. Master calligrapher Dick Jackson explains the basic strokes for almost all letters of the copperplate alphabet. Simple instructions and examples introduce the swirls, flourishes, strikings, and thick and thin strokes that make copperplate calligraphy a source of pleasure for the practitioner and a delight to the reader. A historical introduction traces the growth of copperplate from its roots in the French ronde of the seventeenth century, to its adaptation by English clerks into their copybooks, and the development of the style known as round hand. In addition, guide sheets and instructions for individual letters and numbers offer aspiring calligraphers a practical approach to this enduring art form.

This workbook, *Cursive Handwriting Practice Workbook for Adults*, offers adults (or teenagers) an age-appropriate opportunity to develop cursive handwriting skills. The phrases and sentences were specially selected with adults (or teens) in mind. Blank lines are narrower than standard children's practice worksheets. A relaxing theme may appeal to people of all ages. One chapter challenges you to rewrite printed sentences with cursive handwriting. This will test your mastery of the letters. The last chapter provides cursive handwriting prompts. A chart shows you how to write the cursive alphabet, and a couple of quick chapters at the beginning offer practice with letters and words.

This comprehensive 198-page writing instruction guide is designed to help people of all ages (even teens or adults) learn and practice cursive handwriting: Illustrations show how to make each cursive letter one step at a time. One chapter includes several tips to deal with tricky cursive letters. Another chapter helps you memorize the uppercase and lowercase cursive alphabet.

Practice cursive handwriting by copying words or sentences onto blank lines. The content is suitable for all ages, including

tweens, teens, or adults. One way is that the blank lines are spaced 3/8 inches, which is narrower than most kids' writing workbooks. Another way is that there aren't any childish images designed to interest bored kids (some kids who are academically oriented appreciate this, too - it makes them feel like they are doing "real" work).

"An essential part of any art library, and a book of permanent value not affected by seasonal styles." - American Artist. Here is Bickham's famous treasury of English roundhand calligraphy from 1740. Includes 125 pictorial scenes, over 200 script pictures, 19 complete animals, 275 lettered specimens, more than 100 panels, frames, cartouches, and other effects, and more.

Masters of penmanship in the past advertised their copperplate skills by shaping their calligraphy and flourishes into elaborate pictorial designs. Now the art of the flourish is back. Calligraphic Drawing, written and illustrated by Schin Loong, is a hands-on guide to modern penmanship art, ranging from animals to people, to fantasy subjects and works that combine pictures with writing. The text and how-tos move from the simplest to the most challenging designs, with steps to take you through them and examples to inspire you..

A Personal Handwriting Program for Adults

When was the last time you wrote a letter? Or received one in the mail? These days, it's so easy to dash off a quick e-mail or text message or make a cell-phone call while you're on the run that you may rarely make time for letter writing. But letters are a time-honored form of connection that simply cannot be equaled or replaced by faster methods of communication. The Art of the Personal Letter reclaims this lost art, giving you the gift of leisurely expression and allowing you to write beautiful, enduring letters to the people you care about—be it by hand or on a computer. For any occasion—whether you're reaching out to connect with a long-lost friend or you want to express condolences with grace—author Margaret Shepherd gives you both the inspiration and the tools to write a memorable and meaningful letter that will be cherished by its recipient for years. Filled with marvelous examples of common types of letters, The Art of the Personal Letter provides helpful guidelines to enhance your unique voice and inspire you to start that holiday letter or difficult letter of apology. From choosing just the right words, the right stationery, and even the right pen or font, you'll learn everything you need to know about the timeless art of the personal letter.

The Spencerian Script was developed by a teacher, Platt Rogers Spencer, in 1840. This cursive, oval-based handwriting style can be used for business (logo, invitations) or personal letter writing. Your Practical Guide to Creating and Styling the Alphabet

Relearn the beautiful art of cursive handwriting! In this type, tap and swipe world, you have few opportunities to write in cursive. As a result, your skills diminish. Then, when the critical moment arises and you need to personally write something in your own hand, the results are not very impressive.

In fact, they're embarrassingly bad. Written and designed specifically for an adult audience, this book's program for relearning cursive is guaranteed to take your penmanship to a new level. You will relearn the strokes and techniques and practice with the workbook pages. The instructions are easy to follow but designed for adults, so they present the information in a more compelling way. You'll find no "a is for apple" practice pages in this book. The exercises and sample pages are geared specifically for a more mature audience to help you relearn and practice cursive handwriting in a fun and friendly way.

Revisit the lost art of writing with these fun prompts, worksheets, exercises—and more!—and experience the many benefits of writing by hand, including increased focus and memory, relaxation, and creative expression. Writing by hand may seem passé in the digital age, but it shouldn't be dismissed as simply an activity for grade schoolers—it offers countless benefits that have been studied by researchers, brain neurologists, therapists, educators, and others who are invested in helping handwriting thrive in an age of advancing technology. Handwriting may be slower than typing—but this gives your brain more time to process information, and stimulates neurological connections that aid in memory, focus, and composition. The process of handwriting can also have a soothing, calming effect and can even serve as a great form of meditation. And of course, it's a great way of expressing your individuality and personal style. The Lost Art of Handwriting explores the history of writing longhand, and reintroduces proper stroke sequences, letter forms, and techniques for evaluating and improving your handwriting. You will discover how the amazing variety of letter forms provide endless opportunities for making these alphabets your own, and how to choose alternatives that fit your preferences while keeping your writing neat, consistent, and unique to you. You'll learn how to connect letters in cursive writing to help you write more smoothly, and with practice, more efficiently. Learn how easy it is to apply what you've learned into your everyday life with tips for integrating handwriting practice into already jam-packed schedules. Soon, you'll notice a steady increase in the relaxation, value, and joy that handwriting offers to everyone who persists in putting the pen or pencil to paper.

Finalist for the 2018 Minnesota Book Award A graphic designer's search for inspiration leads to a cache of letters and the mystery of one man's fate during World War II. Seeking inspiration for a new font design in an antique store in small-town Stillwater, Minnesota, graphic designer Carolyn Porter stumbled across a bundle of letters and was immediately drawn to their beautifully expressive pen-and-ink handwriting. She could not read the letters—they were in French—but she noticed all of them had been signed by a man named Marcel and mailed from Berlin to his family in France during the middle of World War II. As Carolyn grappled with designing the font, she decided to have one of Marcel's letters translated. Reading it opened a portal to a different time, and what began as mere curiosity quickly became an obsession with finding out why the letter writer, Marcel Heuzé, had been in Berlin, how his letters came to be on sale in a store halfway around the world, and, most importantly, whether he ever returned to his beloved wife and daughters after the war. Marcel's Letters is the incredible story of Carolyn's increasingly desperate search to uncover the mystery of one man's fate during WWII, seeking answers across Germany, France, and the United States. Simultaneously, she continues to work on what would become the acclaimed P22 Marcel font, immortalizing the man and his letters that waited almost seventy years to be reunited with his family.

A Mark-Making Workbook for Crafters, Cardmakers, and Journal Artists

When Philip Hensher realized that he didn't know what a close friend's handwriting looked like, he felt that something essential was missing from their friendship. But does it really matter that typing and texting have largely taken the place of passionate love letters, secret diary entries and postcards home? From the crucial role of handwriting in a child's development, to the novels of Dickens and Proust - and whether a person's writing really reveals their true personality - The Missing Ink goes in search of the stories and characters that have shaped our handwriting, and how it in turn has shaped us.

It's so natural and easy to have better handwriting. WRITE NOW is a self-instructional course in modern italic handwriting, containing everything you need to improve the legibility, ease and look of your handwriting -- a complete workbook for adults and professionals. This popular book in the United States is now available internationally with this new edition. Improve the legibility, ease and look of your handwriting with this complete workbook for adults and professionals. Learn a fast, efficient and practical handwriting style that eliminates the loops and flourishes of conventional cursive. Italic is a modern handwriting system based on Italian Renaissance letterforms that are highly suited to rapid and legible writing, where rhythmic patterns follow the natural movement of the hand. Italic's handsome letters are as easy to write as they are to read. Send handwritten notes you can be proud of. Friends and business associates will appreciate receiving legible and distinctive handwritten messages. Poor handwriting isn't your fault. The looped cursive handwriting most of us were taught was simply not designed to accomplish the necessary combination of legibility, speed, and ease. WRITE NOW is a self-instructional course in modern italic handwriting. A complete program for adults. Contains instructions, practice exercises and tips. The new edition includes a supplementary section with a complete review of basic and cursive italic. An easy way to develop a better hand at your own pace. Write directly in the book. No special tools are required -- just your favorite pen or pencil. Includes instruction in edged-pen writing (edged pen

required for this section). Also includes the historical development of letters. Entire book is handwritten. "It's a breakthrough at last!" -- Betty Edwards, PhD, author of *Drawing on the Right Side of the Brain* "When one consciously chooses to communicate, this remarkable script forces the writer to think more clearly, fostering greater mental discipline and organization. Italic handwriting is legible and handsome - I find it soul-satisfying. I recommend Write Now - the book to use. Long live legibility!" -- Paul O. Jacobs, M.D. "Write Now by Barbara Getty and Inga Dubay is the best book on italic handwriting -- or any handwriting -- I've come across. Handsomely handwritten, wondrously clear, easy to use, and even witty, WRITE NOW is the perfect resource for anyone who wants to learn Italic or (as I did) improve a deteriorated script." -- Kitty Burns Florey, author *Script & Scribble: The Rise and Fall Of Handwriting* "The hospital staff calls it a miracle. I can now communicate my ideas to other physicians. My wife tells me she can read my love letters. All of this accomplished by improving the legibility of my handwriting with Getty-Dubay." -- Stephen Caplan, MD International edition 101 pages.

Looking to improve your handwriting skills? Suffering from illegible handwriting? This penmanship workbook is designed for adults who would like to build and perfect their cursive writing skills. This comprehensive guide will improve your writing through tracing, copying, and blending letters, words, and sentences.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

"Handwriting is proven to develop fine motor skills and eye-hand connection, strengthening the ability to translate ideas into words. In fact, it equips students to write and read more efficiently than reading and instruction alone. So when it comes time to assess students' yearly progress, it's not just about reading (or math, or science). It's about preparing confident communicators equipped with cross-disciplinary skills that translate directly to demonstrating proficiency on standardized tests. Zaner-Bloser Handwriting has been carefully designed to support the Texas Essential Knowledge and Skills (TEKS) standards for handwriting. References to the TEKS appear throughout the Student and Teacher Editions."--Page v.

New American Cursive I

The Complete Program for Better Handwriting

Spencerian Script and Ornamental Penmanship

The Art of Cursive Handwriting

When Philip Hensher realized that he didn't know what a close friend's handwriting looked like ("bold or crabbed, sloping or upright, italic or rounded, elegant or slapdash"), he felt that something essential was missing from their friendship. It dawned on him that having abandoned pen and paper for keyboards, we have lost one of the ways by which we come to recognize and know another person. People have written by hand for thousands of years— how, Hensher wondered, have they learned this skill, and what part has it played in their lives? The Missing Ink tells the story of this endangered art. Hensher introduces us to the nineteenth-century handwriting evangelists who traveled across America to convert the masses to the moral worth of copperplate script; he examines the role handwriting plays in the novels of Charles Dickens; he investigates the claims made by the practitioners of graphology that penmanship can reveal personality. But this is also a celebration of the physical act of writing: the treasured fountain pens, chewable ballpoints, and personal embellishments that we stand to lose. Hensher pays tribute to the warmth and personality of the handwritten love note, postcards sent home, and daily diary entries. With the teaching of handwriting now required in only five states and many expert typists barely able to hold a pen, the future of handwriting is in jeopardy. Or is it? Hugely entertaining, witty, and thought-provoking, The Missing Ink will inspire readers to pick up a pen and write.

American Cursive HandwritingThe Art of Cursive PenmanshipA Personal Handwriting Program for AdultsSimon and Schuster

The book demonstrates the uses of traditional and cutting edge lettering tools, from classic calligraphy pens to bling-producing metallic foils and glue pens. It introduces a wide array of lettering styles with complete alphabets sample artworks that show an application. Fully stepped-out illustrations break down each letterform, taking the reader through each stroke and a large collection of gallery images provides further inspiration for how to use creative lettering in artwork. Calligraphy, the art of elegant, beautiful lettering, has increased in popularity over the last several years. From brides who want to address their wedding invitations to do-it-yourselfers who want to prepare certificates or make a family tree, and even for art journalers and scrapbookers who like creative text in their works, calligraphy books and classes are hot. This new-in-paperback book will spark the interest of the calligraphy novice by introducing a new approach to lettering, one that combines a lively combination of traditional lettering styles, fun and scripty modern styles, and artsy street-style lettering, along with project ideas that incorporate creative lettering.
