NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell – plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

When sixteen-year-old Rashad is mistakenly accused of stealing, classmate Quinn witnesses his brutal beating at the hands of a police officer who happens to be the older brother of his best friend. Told through Rashad and Quinn's alternating viewpoints.

In the tradition of *Blue Highways* and *Silent Spring*, *Chasing Spring* follows nature's season of renewal even as it shows how the delicate mechanisms of spring are increasingly endangered by climate change. Seeking to revive his body and soul following heart surgery, acclaimed nature writer Bruce Stutz set out on a three-month journey through the unfolding of an American spring. Driving across the country in a twenty-year-old Chevy sedan, Stutz shows readers that spring is not so much a progression as an arousal; each added minute of the lengthening days and lingering sun brings yet another transformation in the greening landscape as well as in the human spirit. Beginning with the season's southernmost stirrings along the Gulf of Mexico, Stutz sees the first blooms and partakes in the season's festivals -- celebrations with ancient origins that still speak to our wonder at nature's annual rebirth. He follows the migrations of birds northward, the return of life to the forests, and the quickening of snowmelt in the Rockies. He moves across the southern desert, encountering the explosion of cacti and wildflowers and the violence of tornadoes on the drought-stricken Great Plains. He then travels north through the national parks of the West, finally celebrating his journey's end by basking at the solstice amid the beauty of the Alaskan Arctic's twenty-four hours of daylight. Along the way, he accompanies scientists into the field to study the season's changes and meets farmers, Arctic natives, and even migrant mushroom pickers whose livelihoods depend on the coming of spring. In each location, as he observes the sensitive interplay of light and warmth that draws animals, plants, water, and even the soil itself into the biological ballet that makes for the profound stirring we call spring, he also finds that climate change now threatens the basic processes of nature. A moving and thought-provoking record of the year's most invigorating season, *Chasing Spring* is a timely reminder that as trees bud and flowers bloom, the human spirit reawakens as well. Anyone who has ever marveled at spring's wondrous transformations from a first garden blossom to a world in full flower will find in *Chasing Spring* a journey to savor.

Heart of Darkness

An astonishing story that puts a human face on the ongoing debate about immigration reform in the United States, now updated with a new Epilogue and Afterword, photos of Enrique and his family, an author interview, and more—the definitive edition of a classic of contemporary America Based on the Los Angeles Times newspaper series that won two Pulitzer Prizes, one for feature writing and another for feature photography, this page-turner about the power of family is a popular text in classrooms and a touchstone for communities across the country to engage in meaningful discussions about this essential American subject. Enrique's Journey recounts the unforgettable quest of a Honduran

boy looking for his mother, eleven years after she is forced to leave her starving family to find work in the United States. Braving unimaginable peril, often clinging to the sides and tops of freight trains, Enrique travels through hostile worlds full of thugs, bandits, and corrupt cops. But he pushes forward, relying on his wit, courage, hope, and the kindness of strangers. As Isabel Allende writes: "This is a twenty-first-century Odyssey. If you are going to read only one nonfiction book this year, it has to be this one." Praise for Enrique's Journey "Magnificent . . . Enrique's Journey is about love. It's about family. It's about home."—The Washington Post Book World "[A] searing report from the immigration frontlines . . . as harrowing as it is heartbreaking."—People (four stars) "Stunning . . . As an adventure narrative alone, Enrique's Journey is a worthy read. . . . Nazario's impressive piece of reporting [turns] the current immigration controversy from a political story into a personal one."—Entertainment Weekly "Gripping and harrowing . . . a story begging to be told."—The Christian Science Monitor "[A] prodigious feat of reporting . . . [Sonia Nazario is] amazingly thorough and intrepid."—Newsday

Responding to Liberation Themes

A History of the United States

"I do not think there are any issues on the theological and human scene more important than the ones liberation theologians are raising," says Robert McAfee Brown. In this book Brown explores how we can respond to liberation theology without condescension, arrogance, or co-optation. He surveys in detail the kind of challenges to North American Christians issued by South American theologians. He then calls upon the church to work to make itself what it ought to be and to take sides politically in support of human rights.

"She was part of the 'stunt girl' movement that was very important in the 1880s and 1890s as these big, mass-circulation yellow journalism papers came into the fore." -Brooke Kroeger *Around the World in Seventy-Two Days (1890) is a travel narrative by American investigative journalist Nellie Bly. Proposed as a recreation of the journey undertaken by Phileas Fogg in Jules Verne's Around the World in Eighty Days (1873), Bly's journey was covered in Joseph Pulitzer's popular newspaper the New York World, inspiring countless others to attempt to surpass her record. At the time, readers at home were encouraged to estimate the hour and day of Bly's arrival, and a popular board game was released in commemoration of her undertaking. Embarking from Hoboken, noted investigative journalist Nellie Bly began a voyage that would take her around the globe. Bringing only a change of clothes, money, and a small travel bag, Bly travelled by steamship and train through England, France—where she met Jules Verne—Italy, the Suez Canal, Ceylon, Singapore, Hong Kong, and Japan. Sending progress reports via telegraph, she made small reports back home while recording her experiences for publication upon her return. Despite several setbacks due to travel delays in Asia, Bly managed to beat her estimated arrival time by several days despite making unplanned detours, such as visiting a Chinese leper colony, along the way. Unbeknownst to Bly, her trip had inspired Cosmopolitan's Elizabeth Briland to make a similar circumnavigation beginning on the exact day, launching a series of copycat adventures by ambitious voyagers over the next few decades. Despite being surrounded by this air of popularity and competition, however, Bly took care to make her journey worthwhile, showcasing her skill as a reporter and true pioneer of investigative journalism. With a beautifully designed cover and professionally typeset manuscript, this edition of Nellie Bly's Around the World in Seventy-Two Days is a classic work of American travel literature reimagined for modern readers.*

The #1 New York Times bestseller From Vice President Kamala Harris, one of America's most inspiring political leaders, a book about the core truths that unite us,

and the long struggle to discern what those truths are and how best to act upon them, in her own life and across the life of our country "A life story that genuinely entrances." —Los Angeles Times Vice President Kamala Harris's commitment to speaking truth is informed by her upbringing. The daughter of immigrants, she was raised in an Oakland, California community that cared deeply about social justice; her parents--an esteemed economist from Jamaica and an admired cancer researcher from India--met as activists in the civil rights movement when they were graduate students at Berkeley. Growing up, Harris herself never hid her passion for justice, and when she became a prosecutor out of law school, a deputy district attorney, she quickly established herself as one of the most innovative change agents in American law enforcement. She progressed rapidly to become the elected District Attorney for San Francisco, and then the chief law enforcement officer of the state of California as a whole. Known for bringing a voice to the voiceless, she took on the big banks during the foreclosure crisis, winning a historic settlement for California's working families. Her hallmarks were applying a holistic, data-driven approach to many of California's thorniest issues, always eschewing stale "tough on crime" rhetoric as presenting a series of false choices. Neither "tough" nor "soft" but smart on crime became her mantra. Being smart means learning the truths that can make us better as a community, and supporting those truths with all our might. That has been the pole star that guided Harris to a transformational career as the top law enforcement official in California, and it is guiding her now as a transformational United States Senator, grappling with an array of complex issues that affect her state, our country, and the world, from health care and the new economy to immigration, national security, the opioid crisis, and accelerating inequality. By reckoning with the big challenges we face together, drawing on the hard-won wisdom and insight from her own career and the work of those who have most inspired her, Kamala Harris offers in THE TRUTHS WE HOLD a master class in problem solving, in crisis management, and leadership in challenging times. Through the arc of her own life, on into the great work of our day, she communicates a vision of shared struggle, shared purpose, and shared values. In a book rich in many home truths, not least is that a relatively small number of people work very hard to convince a great many of us that we have less in common than we actually do, but it falls to us to look past them and get on with the good work of living our common truth. When we do, our shared effort will continue to sustain us and this great nation, now and in the years to come.

The re-enslavement of black americans from the civil war to World War Two

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

When the Sudanese civil war reaches his village in 1985, 11-year-old Salva becomes separated from his family and must walk with other Dinka tribe members through southern Sudan, Ethiopia and Kenya in search of safe haven. Based on the life of Salva Dut, who, after emigrating to America in 1996, began a project to dig water wells in Sudan. By a Newbery Medal-winning author.

Documents the journey of a Honduran teen who braved hardship and peril to reunite with his mother after she was forced to leave him behind and seek migratory work in the United States.

From New York Times bestselling biographer Bob Spitz, a rich biography of an epic American life, capturing what made Ronald Reagan so beloved and so transformational. More than five years in the making, based on hundreds of interviews and access to previously unavailable documents, and infused with irresistible storytelling charm, Bob Spitz's Reagan stands fair to be the first truly post-partisan biography of our fortieth president, and thus a balm for our own bitterly divided times. It is the quintessential American triumph, brought to life with cinematic vividness: A young man is born into poverty and raised in a series of flyspeck towns in the Midwest by a pious mother and a largely absent father. Severely nearsighted, the boy lives in his own world and finds his first brush with popularity as a young lifeguard. Thanks to the example of his first love, he makes the extraordinary leap to go to college, a modest school by national standards, but an audacious presumption in the context of his family's station. From there, the path is only dimly lit, but it leads him to a solid career as a radio sportscaster, and then, astonishingly, fatefully, to Hollywood. And the rest, as they say, is history. Bob Spitz's Reagan is a richly detailed chronicle of the full arc of Ronald Reagan's epic life--giving full weight to the Hollywood years, his transition to politics and his rocky but ultimately successful run as California governor. His iconic presidency, from Iran-Contra to "Tear down this wall!" to an assassination attempt, receives a balanced reckoning in the form of an absorbing, even revelatory narrative.

Summary & Analysis of The Truths We Hold

Enrique's Journey

An updated and expanded edition of the gritty, challenging, and utterly captivating portrait of the homeless crisis. Ever Wonder What it Would Be Like to Live Homeless? Mike Yankoski did more than just wonder. By his own choice, Mike's life went from upper-middle class plush to scum-of-the-earth repulsive overnight. With only a backpack, a sleeping bag and a guitar, Mike and his traveling companion, Sam, set out to experience life on the streets in six different cities—from Washington D.C. to San Diego—and they put themselves to the test. For more than five months the pair experienced firsthand the extreme pains of hunger, the constant uncertainty and danger of living on the streets, exhaustion, depression, and social rejection—and all of this by their own choice. They wanted to find out if their faith was real, if they could actually be the Christians they said they were apart from the comforts they'd always known...to discover first hand what it means to be homeless in America. What you encounter in these pages will radically alter how you see your world—and may even change your life.

#1 NEW YORK TIMES BESTSELLER • "A great American success story . . . an endearing and well-written book."—The New York Times Book Review Colin Powell is the embodiment of the American dream. He was born in Harlem to immigrant parents from Jamaica. He knew the rough life of the streets. He overcame a barely average start at school. Then he joined the Army. The rest is history—Vietnam, the Pentagon, Panama, Desert Storm—but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened, in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier's directness. My American Journey is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanted with their leaders, General Powell's passionate views on family, personal responsibility, and, in his own words, "the greatness of America and the opportunities it offers" inspire hope and present a blueprint for the future. An utterly absorbing account, it is history with a vision.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

J. M. Adovasio has spent the last thirty years at the center of one of our most fiery scientific debates: Who were the first humans in the Americas, and how and when did they get there? At its heart, *The First Americans* is the story of the revolution in thinking that Adovasio and his fellow archaeologists have brought about, and the firestorm it has ignited. As he writes, "The work of lifetimes has been put at risk, reputations have been damaged, an astounding amount of silliness and even profound stupidity has been taken as serious thought, and always lurking in the background of all the argumentation and gnashing of tenets has been the question of whether the field of archaeology can ever be pursued as a science."

The inspiring story of Brad Snyder's journey from the Naval Academy to Afghanistan, from being blinded by an IED explosion to winning Paralympic gold. In Afghanistan, Lieutenant Brad Snyder had one of the world's most dangerous jobs: to find and destroy enemy bombs, as an elite US Navy Special Operations warrior. On September 7, 2011, the former Naval Academy captain of the swim team stepped on an improvised explosive device while helping save the lives of his patrol's Afghan counterparts. The subsequent explosion left Snyder permanently blind. Through unrelenting pain, hard work, and dedication, Snyder qualified for the US Paralympic Team and on September 7, 2012, one year to the day after suffering his devastating injury, he won a gold medal in men's swimming for Team USA in London. Brad Snyder's journey from darkness to light embodies the courage of America's new "Greatest Generation" and serves as an inspiration to all of us.

A beautifully repackaged 50th anniversary edition of Sonia Levitin's powerful classic story about a young Jewish girl forced to flee her home, winner of the National Jewish Book Award. In 1938, Lisa Platt and her family know something dangerous is happening in Germany. Lately, there have been more and more restrictions for Jews: yellow stars they have to wear, schools they cannot attend, things they are forbidden to do. When their neighbors are arrested for petty reasons, the Platts realize they have to escape. Forbidden to bring money or possessions out of the country, Lisa's father secretly leaves for America, planning to work until he can send for them. But when conditions in Germany worsen, Lisa, her mother, and her sisters flee to Switzerland to wait, surviving on what little they have in a continent hurtling toward war. Inspired by Sonia Levitin's own experience of fleeing Germany as a child, this moving novel chronicles one family's bravery in the face of aggression and apathy.
