The central concern  
for language testing  
professionals is how  
to investigate whether  
or not tests are  
appropriate for their  
intended purposes.  
This book introduces  
an argument-based  
validity framework to  
help with the design  
of research that

presents the principal  
concepts and  
technical terms, then  
shows how they can  
be implemented  
successfully in  
practice through a  
variety of validation  
studies. It also  
demonstrates how
