La princesa sabe que su madre siempre acude en su ayuda cuando lo necesita. Se ha acostumbrado tanto a que esto sea así que no puede soportar no estar con ella. ¿Habrá algo que pueda cambiar esta situación? Una divertida historia que enseña la importancia de la autonomía y el cariño familiar.

Esta obra intenta ofrecer una visión de cómo durante el régimen de Franco se controlaba lo que se enseñaba en los libros de lectura, en los que se expresaban, en sus textos e ilustraciones, una serie de valores, costumbres, distintos papeles de hombre y mujer, imagen de la escuela, del trabajo y de la actualidad de aquella época, nuestra geografía e historia, y especialmente la ideología del régimen. Para ello, el autor analiza las normas legales que regulaban la aprobación de estos libros entre 1930 y 1970, las cartillas y libros de iniciación a la lectura de los años 30 y 40 y finalmente los libros de lecturas escolares para los últimos cursos de Primaria de los años 60. Ilustrado todo ello con citas e ilustraciones de esos libros.

Desde el instante en que una mujer se entera de que va a tener un bebé, hasta el momento en que ese hijo crece y emprende el vuelo en busca de su propio destino.

This work describes the author’s experiences in both Spanish and English literacy development. It illustrates the bilingual/bicultural experience of acculturation and assimilation, a process of change, both culturally and linguistically. The Eagle and the Serpent does so in three levels: autobiographical narratives in bi-literacy acquisition, expository reflections from the viewpoint of a bilingual/bicultural Mexican-American adult, and finally an analysis of the process evident in the author’s experience. Interspersed in the autobiographical elements, Palacios reflects on his spiritual journey of religious conversion, from Mexican Catholicism to American Evangelicalism. After discussing immigration, acculturation, and literacy, the story ends with an appended poem that reflects many immigrant children’s lives of metamorphosis.

“The first book-length study of modern Peruvian narrative and its resurgence in the 1990s focuses on the work of Jaime Bayly, Iván Thays, and Jorge Eduardo Benavides.”

This extensive Handbook will bring together different aspects of critical pedagogy with the aim of opening up a clear international conversation on the subject, as well as pushing the boundaries of current understanding by extending the notion of a pedagogy to multiple pedagogies and perspectives. Bringing together a group of contributing authors from around the globe, the chapters will provide a unique approach and insight to the discipline by crossing a range of disciplines and articulating both philosophical and social common themes. The chapters will be organised across three volumes and twelve core thematic sections. The SAGE Handbook of Critical Pedagogies is planned to be an essential benchmark publication for advanced students, researchers and practitioners across a wide range of disciplines including education, health, sociology, anthropology and development studies

Siempre cuesta aceptar la diversidad, y sobre todo cuando se considera más a un defecto que un signo de identidad, como le ocurre a la mamá de la niña protagonista de este libro, que se caracteriza por su obesidad. Sin embargo, tal rasgo le confiere unas características que, unidos al amor materno-filial, hacen que la pequeña proclame a los cuatro vientos, sin pudor y a modo de lección para el prójimo, que su mamá es la persona más maravillosa del mundo. Un canto al amor y a la aceptación, deliciosamente ilustrado y escrito. Esta obra trata como temas centrales: la aceptación, el respeto y la obesidad. A partir de 5 años
