

And Then There Were None Agatha Christie Collection

Fred Van Lente's brilliant debut is both a savagely funny homage to the Golden Age of Mystery and a thoroughly contemporary show-business satire. As the story opens, nine comedians of various acclaim are summoned to the island retreat of legendary Hollywood funnyman Dustin Walker. The group includes a former late-night TV host, a washed-up improv instructor, a ridiculously wealthy "blue collar" comic, and a past-her-prime Vegas icon. All nine arrive via boat to find that every building on the island is completely deserted. Marooned without cell phone service or wifi signals, they soon find themselves being murdered one by one. But who is doing the killing, and why? A darkly clever take on Agatha Christie's *And Then There Were None* and other classics of the genre, *Ten Dead Comedians* is a marvel of literary ventriloquism, with hilarious comic monologues in the voice of every suspect. It's also an ingeniously plotted puzzler with a twist you'll never see coming!

Ten people find themselves stranded in the lonely house on Indian Island when their supposed hosts send word that they have been detained. A mysterious voice, afterwards discovered to come from a gramophone record, indicts each on of them -- the eight guests and the two servants -- of murder. It transpires that no-one has met their hosts and that they have evidently been decoyed to the island. First one and then another dies; each death according to the rhyme of "Ten little Indians," and with each death one of the little china figurines on the mantelpiece is found broken. The tension grows as they realize that the killer is, in fact, one of themselves. Eventually only two little Indians are left; the real killer appears (his death having been feigned) and the remaining two are able to outwit him--Publisher's description.

Ten people are invited to a lonely mansion on Indian Island by a host who, surprisingly, fails to appear--ten people who have something to hide, something to fear.

Then There Were None, by award-winning Honolulu writer and artist Martha H. Noyes, is a personal and emotional account, in words and pictures, of the effect of Western contact on the Hawaiian population. Drawing from a variety of sources, Noyes chronicles the effects, from the arrival of Capt. Cook to the present, of disease,

written language, the missionaries, landownership, the overthrow of the monarchy, and the suppression of hula and Hawaiian language, concluding with a look at present-day activism. Photographs vividly contrast tourist images with scenes from the real Hawaii and highlight the contrast between a culture rooted in cosmology and the material culture of those who made Hawaii their own." -- Amazon.com viewed August 4, 2020.

irst, there were ten—a curious assortment of strangers summoned as weekend guests to a little private island off the coast of Devon. Their host, an eccentric millionaire unknown to all of them, is nowhere to be found. All that the guests have in common is a wicked past they're unwilling to reveal—and a secret that will seal their fate. For each has been marked for murder. A famous nursery rhyme is framed and hung in every room of the mansion: "Ten little boys went out to dine; One choked his little self and then there were nine. Nine little boys sat up very late; One overslept himself and then there were eight. Eight little boys traveling in Devon; One said he'd stay there then there were seven. Seven little boys chopping up sticks; One chopped himself in half and then there were six. Six little boys playing with a hive; A bumblebee stung one and then there were five. Five little boys going in for law; One got in Chancery and then there were four. Four little boys going out to sea; A red herring swallowed one and then there were three. Three little boys walking in the zoo; A big bear hugged one and then there were two. Two little boys sitting in the sun; One got frizzled up and then there was one. One little boy left all alone; He went out and hanged himself and then there were none."When they realize that murders are occurring as described in the rhyme, terror mounts. One by one they fall prey. Before the weekend is out, there will be none. Who has choreographed this dastardly scheme? And who will be left to tell the tale? Only the dead are above suspicion

A witty and sophisticated mystery featuring bestselling author Josephine Tey's popular Inspector Alan Grant, a beloved character created by a woman considered to be one of the greatest mystery writers of all time. Literary sherry parties were not Alan Grant's cup of tea. But when the Scotland Yard Inspector arrived to pick up actress Marta Hallard for dinner, he was struck by the handsome young American photographer, Leslie Searle. Author Lavinia Fitch was sure her guest "must have been something very wicked in ancient Greece," and the art colony at Salcott St. Mary would have agreed. Yet Grant heard nothing more of Searle until the news of his disappearance. Had Searle drowned by accident or could he have been murdered by one of his young women admirers? Was it a possible case of suicide or had the photographer simply vanished for reasons of his own?

Zoe Zola is one of ten invitees to an Agatha Christie symposium. Tempers flare...and then there are nine. Can Jenny Weston save Zoe from murder on the Upper Peninsula? Little Person author Zoe Zola believes that one of the unluckiest things in life is to receive an invitation—in the form of a letter edged in black—to an Agatha Christie symposium at an old Upper Peninsula hunting lodge. Her reluctance dissipates when she learns that the organizer is named Emily Brent—the name of a character poisoned by cyanide in Christie's *And Then There Were None*. As a dreary rain soaks the U.P., Zoe and nine other Christie scholars—each of whom bears a vague resemblance to one of the classic mystery novel's characters—arrive at the lodge. At the opening night dinner, arguments flare over the experts' discordant theories about Christie. Next morning, the guests find one particularly odious man has gone—whereabouts and reasons unknown. Such a coincidental resemblance to a work of fiction is surely impossible; therefore, it appears to be possible. As the guests disappear, one by one, Zoe resolves to beat a hasty retreat—but her car won't start. She calls her friend, amateur sleuth/little librarian Jenny Weston, but Jenny will have to wait out a storm off Lake Superior before she can come to the rescue. If Zoe's to stay alive to greet Jenny when she eventually arrives, she'll have to draw on everything she knows about Agatha Christie's devilish plots in Elizabeth Kane Buzzelli's fourth tantalizing Little Library mystery.
