On incarnating, human beings receive the mission of integrating divine qualities into their thoughts, feelings and actions in order to experience full spiritual autonomy one day. Initiatory science has always used the metaphor of winged beings to express how it feels when these powerful energies are re-activated in our consciousness. This companion to *The Book of Angels: Dreams, Signs, Meditations* re-introduces an initiatory teaching from the early Judeo-Christian tradition which defines 72 states of higher consciousness representing the qualities, virtues and powers of God.

This easy-to-use deck is appropriate for beginners as well as those experienced with divination cards. Angel Therapy is a powerful healing and guidance process that involves working with your guardian angels and the archangels (particularly Michael and Raphael). These oracle cards and the enclosed guidebook give you action steps to take that will initiate healing; help you release fears and emotional blocks; and give you messages about your life purpose, relationships, manifestations, and more.Each card features a gorgeous painting of angels and a message or answer for you, and is suitable for both children and adults. Far back in time, light from the underlying fabric of creation burst forth creating the super-luminous event through which our Universe was born. Time began its endless journey through ever-expanding space. The early universe was simply a sea of particles floating through space and time. But life's invisible wheels were already in motion and over time the sea of particles became a sea of stars from which Gaia, our Earth, was born – a living, breathing entity – our Goddess, our Mother and our reflection. The Gaia Oracle, a beautiful new oracle set from bestselling artist Toni Carmine Salerno, consists of 45 richly illustrated cards designed to point you in love's direction and help you find the answers you seek.

Moments later, gunshots shattered that dream: like his brother before him, Bobby Kennedy lay mortally wounded at the hand of an assassin. The police quickly apprehended Sirhan Sirhan, who the world believed had single-handedly masterminded the shooting. Shockingly, that may not be so, as documentary filmmaker Shane O' Sullivan presents powerful new evidence to the contrary...

Every legendary villain has a story of intrigue and a character ultimately more flawed and fascinating than his hero counterpart. These fallen angels are no exception - cast out from heaven, the subversive spirits in this deck have committed at least one of the seven deadly sins to secure their place in the legions of the damned. The cards in Nigel Suckling's oracle are similarly rich with experience, and devilishly direct - Zepar, the angel who makes women love men, reveals the complications of an affair; Gusion, who can discern the past, present and future, calls to let intuition rule; while Shax, who has the appearance of a stork, warns people to protect their wealth. Choose a card for daily insight, or lay them out for a reading. The accompanying book reveals the card's meaning, and explains each angel's history. The illustrations, by artist Sarah Perkins, have been specially commissioned to evoke the dark charm of these fascinating, mysterious creatures, all of whom offer a special message.
