miraculously warned her and then intervened during a carjacking. After her angelic encounter, Doreen began asking the angels for additional guidance. They answered her requests with very clear and loving words. She writes of how the angelic guidance affected her work as a psychotherapist: "I began helping my counselling clients to hear their own angels. Very quickly, I discovered that the healing power of the angels exceeds any form of 'man-made' therapy I had ever witnessed. The angels have wonderful gifts from God to impart to us." In Angel Therapy, Doreen delivers The Angelic Realm's messages of comfort and guidance that can help you with troubling emotions such as depression, boredom, confusion, and anger; and issues associated with careers, relationships, parenting, and much more.

Crystal Children reflect the new generation that has come to the Earth plane after the Indigo Children. They are approximately ages 0 through 5, although some members of the first wave of Crystal Children are as old as 7. These children are like Indigos—highly psychic and sensitive—but without the dark edge and the anger energy. The term Crystal Children is already taking hold worldwide, and people

everywhere are talking about these special kids. Since Doreen is the only researcher who is publicly giving speeches on the subject, her audiences have been asking her for a book on the topic. It's a natural sequel to her book The Care and Feeding of Indigo Children. As babies, Crystal Children may take longer than normal to begin talking. They are highly telepathic, and their tuned-in mothers communicate with them nonverbally. Because they're so sensitive, the Crystal Children babies may fuss and cry a lot in crowded places. They're also very fond of nature. Doreen once watched one Crystal Child walk from tree to tree, giving each one a big hug. Crystal Children are beautiful inside and out, like

Their auras are bright, radiant, and opalescent—they seem to glow from the inside! They talk about past lives, distant galaxies, and profound insights concerning peace and love. Most Crystal Children's parents are aware that their kids are special, and they're thrilled to be parenting such delightful children. The book includes many interviews with Crystal Children, their parents, and teachers. It discusses parenting and teaching methods that are essential to keeping these children happy and healthy, and how to avoid pitfalls that could spoil their special gifts.
