One of the greatest American dramatists of the 20th century, Tennessee Williams is known for his sensitive characterizations, poetic yet realistic writing, ironic humor, and depiction, of harsh realities in human relationship. His work is frequently included in high school and college curricula, and his plays are continually produced. *Critical Companion to Tennessee Williams* includes entries on all of Williams's major and minor works, including *A Streetcar Named Desire*, *Cat on a Hot Tin Roof*, *The Glass Menagerie*, a novel, a collection of short stories, two poetry collections, and personal essays; places and events related to his works; major figures in his life; his literary influences; and issues in Williams scholarship and criticism. Appendixes include a complete list of Williams's works; a list of research libraries with significant Williams holdings; and a bibliography of primary and secondary sources.

Cinema and opera have become intertwined in a variety of powerful and unusual ways. *Vocal Apparitions* tells the story of this fascinating intersection, interprets how it occurred, and explores what happens when opera is projected onto the medium of film. Michal Grover-Friedlander finds striking affinities between film and opera--from Lon Chaney's classic silent film, *The Phantom of the Opera*, to the Marx Brothers' *A Night at the Opera* to Fellini's *E la nave va*. One of the guiding questions of this book is what occurs when what is aesthetically essential about one medium is transposed into the aesthetic field of the other. For example, Grover-Friedlander's comparison of an opera by Poulenc and a Rossellini film, both based on Cocteau's play *The Human Voice*, shows the relation of the vocal and the visual to be surprisingly affected by the choice of the medium. Her analysis of the Marx Brothers' *A Night at the Opera* demonstrates how, as a response to opera's infatuation with death, cinema comically acts out a correction of opera's fate. Grover-Friedlander argues that filmed operas such as Zeffirelli's *Otello* and Friedrich's *Falstaff* show the impossibility of a direct transformation of the operatic into the cinematic. Paradoxically, cinema at times can be more operatic than opera itself, thus capturing something essential that escapes opera's self-understanding. A remarkable look at how cinema has been haunted--and transformed--by opera, *Vocal Apparitions* reveals something original and important about each medium.

Are you a researcher struggling to mine and make sense of a mountain of fashion data? Are you interested in learning about how digital methods and tools could enhance your research? Have you thought about ways to spark and engage in academic conversations on social media? Have you wondered how digital technologies are internationalizing the field of fashion and textile studies? *Digital Research Methods in Fashion and Textile Studies* presents the reader with a variety of digital methodologies to help build skills in searching for, analyzing, and discussing vintage design, photography, and writing on fashion, as well as historic and ethnographic dress and textile objects themselves. Each chapter focuses upon a different method, problem, or research site, including: - Maximalism and mixed-methods approaches to research - Searching large databases effectively - Pattern recognition and visual searching. - Critical reading, use, and citation of social media texts - Digital ethnography and shopping as research - Data visualization and mapping - Images in the public domain From advanced undergraduates and postgraduate students working on research projects to veteran professionals in fashion and textile history and beyond, everyone can benefit from a diverse set of fresh approaches to conducting and disseminating research. In the current age of instant gratification, with users snapping and posting images from runway shows long before the clothes will ever appear instores, the world of fashion is increasingly digital and fast-paced. Research on fashion is, too. *Digital Research Methods in Fashion and Textile Studies* will help you keep up in this rapidly changing world.

Examines the place of book-to-film adaptations by one of Italy's most famous postwar film directors. Since the beginning, much of Italian cinema has been sustained by transforming literature into moving images. This tradition of literary adaptation continues today, challenging artistic form and practice by pressuring the boundaries that traditionally separate film from its sister arts. In the twentieth century, director Luchino Visconti is a keystone figure in Italy's evolving art of adaptation. From the tumultuous years of Fascism and postwar Neorealism, through the blockbuster decade of the 1960s, into the arthouse masterpieces of the 1970s, Visconti's adaptations marked a distinct pathway of the Italian cinematic imagination. *Luchino Visconti and the Alchemy of Adaptation* examines these films together with their literary antecedents. Moving past strict book-to-film comparisons, it ponders how literary texts encounter and interact with a history of cultural and cinematic forms, genres, and traditions. Matching the major critical concerns of the postwar period (realism, political filmmaking, cinematic modernism) with more recent notions of adaptation and intermediality, this book reviews how one of Italy's greatest directors mined literary ore for cinematic inspiration. Brendan Hennessey is Associate Professor of Italian in the Department of Romance Languages and Literatures at Binghamton University, State University of New York.

"Few ships in American history have had as illustrious a history as the heavy cruiser USS *Portland* (CA-33), affectionately known by her crew as 'Sweet Pea.' With the destruction of most of the U.S. battleship fleet at Pearl Harbor, cruisers such as *Sweet Pea* carried the biggest guns the Navy possessed for nearly a year after the start of World War II. *Sweet Pea at War* describes in harrowing detail how *Portland* and her sisters protected the precious carriers and held the line against overwhelming Japanese naval strength. *Portland* was instrumental in the dramatic American victories at the Battle of the Coral Sea, the Battle of Midway, and the naval battle of Guadalcanal--conflicts that historians regard as turning points in the Pacific war. She rescued nearly three thousand sailors from sunken ships, some of them while she herself was badly damaged. Only a colossal hurricane ended her career, but she sailed home from that, too. Based on extensive research in official documents and interviews with members of the ship's crew, *Sweet Pea at War* recounts from launching to scrapping the history of USS *Portland*, demonstrating

that she deserves to be remembered as one of the most important ships in U.S. naval history.

A portrait based on firsthand interviews and conversations with fellow stars, directors, and friends offers insight into Ingrid Bergman's professional achievements and scandalous decision to abandon her family for a life in Italy with Roberto Rossellini.

Where is the place of the voice in film? Where others have focused on Hollywood film, this volume aims to extend the field to other cinemas from around the world, encompassing Latin America, Asia and Africa amongst others. Traditional theoretical accounts, based on classical narrative cinema, examine the importance of the voice in terms of a desired perfect match between visuals and sonic effects. But, as the chapters of this volume illustrate, what is normative in one film industry may not apply in another. The widespread practices of dubbing, postsynch sound and "playback singing" in some countries, for instance, provide an alternative means of understanding the location of the voice in the soundtrack. Through seventeen original chapters, this volume situates the voice in film across a range of diverse national, transnational and cultural contexts, presenting readings which challenge traditional readings of the voice in film in exciting new ways. By taking a comparative view, this volume posits that the voice may be best understood as a mobile object, one whose trajectory follows a broader network of global flows. The various chapters explore the cultural transformations the voice undergoes as it moves from one industry to another. In doing so, the volume addresses sound practices which have been long been neglected, such as dubbing and non-synch sound, as well the ways in which sound technologies have shaped nationally specific styles of vocal performance. In addressing the place of the voice in film, the book intends to nuance existing theoretical writing on the voice while applying these critical insights in a global context.

Anna Magnani, Eat with Me

"Blazing . . . casts a spell right from the start." --Dwight Garner, The New York Times "A timeless and heartbreaking love story." --Celeste Ng, author of Little Fires Everywhere "An extraordinary book." --Lauren Groff, author of Florida Illuminating one of the great love stories of the twentieth century - Tennessee Williams and his longtime partner Frank Merlo - Leading Men is a glittering novel of desire and ambition, set against the glamorous literary circles of 1950s Italy In July of 1953, at a glittering party thrown by Truman Capote in Portofino, Italy, Tennessee Williams and his longtime lover Frank Merlo meet Anja Blomgren, a mysteriously taciturn young Swedish beauty and aspiring actress. Their encounter will go on to alter all of their lives. Ten years later, Frank revisits the tempestuous events of that fateful summer from his deathbed in Manhattan, where he waits anxiously for Tennessee to visit him one final time. Anja, now legendary film icon Anja Bloom, lives as a recluse in the present-day U.S., until a young man connected to the events of 1953 lures her reluctantly back into the spotlight after he discovers she possesses the only surviving copy of Williams's final play. What keeps two people together and what breaks them apart? Can we save someone else if we can't save ourselves? Like The Master and The Hours, Leading Men seamlessly weaves fact and fiction to navigate the tensions between public figures and their private lives. In an ultimately heartbreaking story about the burdens of fame and the complex negotiations of life in the shadows of greatness, Castellani creates an unforgettable leading lady in Anja Bloom and reveals the hidden machinery of one of the great literary love stories of the twentieth-century. Anna Magnani 136 Success Facts - Everything You Need to Know about Anna Magnani Emereo Publishing *** Winner of the 2019 Flaiano Prize in the category Italian Studies *** In Fellini's Eternal Rome, Alessandro Carrera explores the co-existence and conflict of paganism and Christianity in the works of Federico Fellini. By combining source analysis, cultural history and jargon-free psychoanalytic film theory, Carrera introduces the reader to a new appreciation of Fellini's work. Life-affirming Franciscanism and repressive Counter-Reformation dogmatism live side by side in Fellini's films, although he clearly tends toward the former and resents the latter. The fascination with pre-Christian Rome shines through La Dolce Vita and finds its culmination in Fellini-Satyricon, the most audacious attempt to imagine what the West would be if Christianity had never replaced classical Rome. Minimal clues point toward a careful, extremely subtle use of classical texts and motifs. Fellini's interest in the classics culminates in Olympus, a treatment of Hesiod's Theogony for a never-realized TV

miniseries on Greek mythology, here introduced for the first time to an English-speaking readership. Fellini's recurrent dream of the Mediterranean Goddess is shaped by the phantasmatic projection of paganism that Christianity created as its convenient Other. His characters long for a "maternal space" where they will be protected from mortality and left free to roam. Yet Fellini shows how such maternal space constantly fails, not because the Church has erased it, but because the utopia of unlimited enjoyment is a self-defeating fantasy.

Fame Amid the Ruins

Anna Magnani 136 Success Facts - Everything You Need to Know about Anna Magnani

This book reveals for the first time the import of a huge network of connections between Tennessee Williams and the country closest to his heart, Italy. America's most thought-provoking playwright loved Italy more than any other country outside the US and was deeply influenced by its culture for most of his life. Anna Magnani's film roles in the 1940s, Italian Neo-realist cinema, the theatre of Eduardo De Filippo, as well as the actual experience of Italian life and culture during his long stays in the country were some of the elements shaping his literary output. Through his lover Frank Merlo, he also had first-hand knowledge of Italian-American life in Brooklyn. Tracing the establishment of his reputation with the Italian intelligentsia, as well as with theatre practitioners and with generations of audiences, the book also tells the story of a momentous collaboration in the theatre, between Williams and Luchino Visconti, who had to defy the unceasing control Italian censorship exerted on Williams for decades.

Italian cinema gave rise to a number of the best-known films of the postwar years, from Rome Open City to Bicycle Thieves. And although some Neorealist film-makers would have preferred to abolish stars altogether, the public adored them and producers needed their help in relaunching the national film industry. This book explores the many conflicts that arose in Italy between 1945 and 1953 over stars and stardom, offering intimate studies of the careers of both well-known and less familiar figures, shedding new light on the close relationship forged between cinema and society during a time of political transition and shifting national identities.

Rome in the 1950s: following the darkness of fascism and Nazi occupation during the Second World War, the city is reinvigorated. The street cafés and nightclubs are filled with movie stars and film directors as Hollywood productions flock to the city to film at Cinecittà Studios. Fiats and Vespas throng the streets, and the newly christened paparazzi mingle with tourists enjoying la dolce vita. It is a time of beauty, glamour – and more than a little scandal. Caroline Young explores the city in its golden age, as the emergence of celebrity journalism gave rise to a new kind of megastar. They are the ultimate film icons: Ava Gardner, Anna Magnani, Sophia Loren, Audrey Hepburn, Ingrid Bergman and Elizabeth Taylor. Set against the backdrop of the stunning Italian capital, the story follows their lives and loves on and off the camera, and the great, now legendary, films that marked their journeys. From the dark days of the Second World War through to the hedonistic hippies in the late 1960s, this evocative narrative captures the essence of Rome – its beauty, its tragedy and its creativity – through the lives of those who helped to recreate it.

LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest, most amazing collection of professional photography on the internet. Users can browse, search and view photos of today's people and events. They have free access to share, print and post images for personal use.

Tennessee Williams and Company: His Essential Screen Actors takes a critical look at these eleven actors and their roles, bonded by their sustained artistic and professional association with Williams, specifically the success, and sometimes failure, of their interpretations of his characters for the screen. The results include some of the more remarkable performances in movie history, from Marlon Brando and Vivien Leigh in A Streetcar Named Desire to Anna Magnani in The Rose Tattoo and Geraldine Page in Sweet Bird of Youth. DiLeo takes you through the entire careers of these eleven indelible stars, while giving his main attention to their Williams performances. From the underrated (Joanne Woodward in The Fugitive Kind, Madeleine Sherwood in Cat on a Hot Tin Roof) to the overrated (Elizabeth Taylor in Suddenly, Last Summer, Paul Newman in Cat on a Hot Tin Roof), Tennessee Williams and Company takes an entertaining and intensely detailed ride alongside some of the most inexhaustibly fascinating actors and actresses of our screen heritage, each of them challenged by the unforgettable characters of the one and only Tennessee Williams.

This book introduces readers to a wide range of interpretations that take oral history and folklore as the premise with a focus on Italian and Italian American culture in disciplines such as history, ethnography, memoir, art, and music.

This anthology explores a little-examined period of European film history (1945-1951) and places gender at the centre of struggles around national identity. Ulrike Sieglöhr compares and contrasts the post-war cinemas of Britain, France, Germany, Italy, and Spain in order to examine how representations of women in this period emerged from specific national contexts. She further analyzes the appeal of particular stars and the political and social conditions that contributed to their popularity.
