This book has been written in the hopes of equipping teachers-in-training—that is, teacher candidates—with the skills needed for action research: a process that leads to focused, effective, and responsive strategies that help students succeed.

Kendra Madison is not looking forward to her junior year of high school. Her boyfriend broke up with her over the summer so he could be with another girl, the principal of her school has just implemented an annoying dress code, and a new boy rubs her the wrong way. The only bright spot in Kendra's life is the time she spends talking to a friend online. When Kendra becomes involved in a costly prank played on her principal, someone quite unexpected steps forward to take the blame for the

incident, resulting in their expulsion. It won't be until Kendra learns a shocking truth about the person that took the blame for her that she begins to question whether old grudges have clouded her sense of right and wrong. The Worktext offers a concise presentation of algebra, along with a variety of exercises for frequent practice. It is designed to ensure that students are comfortable doing math without a mouse, and also helps keep their notes and work organized. The unbound and three-hole-punched format provides the start of a course notebook. The authors' streamlined presentation of algebra helps students learn the material without overwhelming them. Ample space is provided for students to complete the
