Proposes groundbreaking, fundamental reform for the adversarial legal system to keep innocent people from going to prison We rely on the adversarial legal system to hold offenders accountable, ensure everyone is playing by the same rules, and keep our streets safe. Unfortunately, a grave condition lingers under the surface: at all times the imprisonment of possibly tens of thousands of innocent people. The Plea of Innocence offers a fundamental reform of the adversarial system: plausibly innocent people may now plead innocent and require the government to search for exonerating facts; in return, they will be required to waive their right to remain silent, speak to government agents, and participate in a search for truth. While almost all the participants within the system hope that only guilty people will be convicted, the unfortunate reality is that innocent people are convicted and imprisoned at an alarming rate. With the privatization of defense institutions, accused innocent people are themselves responsible for finding the facts that could exonerate them. Though the poor are represented by public defenders—in fact, almost no one who is charged with a crime has enough money to pay for a complete defense—it is still accused people, not public officials, who bear the entire burden of proving their innocence. Tim Bakken believes that reform of the three-hundred-year-old adversarial system is long overdue, and that the government should be responsible for searching for truth—exonerating facts for innocent people—rather than being satisfied with due process. While it is improbable that all the facts in any case will ever be known, the essential point is that the acquisition of facts will almost always benefit an innocent person who has been accused of a crime. Featuring compelling evidence and concrete steps for reform, The Plea of Innocence is at once sensible and revolutionary, a must-read for anyone invested in restoring truth to the justice system.

Did God preserve His words? Or does my Bible contain errors? If you believe God preserved His words, where can you find them? History shows that there are two streams of Bible texts, and they are not the same. Obviously, both of them cannot be correct. Respected linguist David Daniels proves beyond a doubt how we can know the King James Bible is God's preserved words in English. He answers many of the difficult questions the so-called "experts" throw against the King James. Whether you want to defend the King James Bible or learn which Bible you can trust, you will find the answers here.

Features of Florida Real Estate License Exam Prep (FL-RELEP): - Florida Practices & Law Key Point Review in the same 19 sections as the FREC 1 prelicense course (80 pages) - Real Estate Math Key Formula Review & Practice (20 pages) - 20 Practice Tests (575 questions with explanations also in FREC 1 order) - Florida License Exam Simulation (100 questions with explanations) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the Florida Real Estate License Exam Prep (FL-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works - or fails to work. First, FL-RELEP is comprehensive. It contains both extensive content review as well as testing practice. And the text review, unlike most competing books, is Florida-specific - not just simplistic national content, but terse, relevant and accurate state and national laws and regulations presented as a set of 'key point reviews' ideal for pre-test memorization. FL-RELEP precisely follows the official 50+ page Florida syllabus topic by topic in the correct ordered sequence. Consequently, the material serves as a more user-friendly review for students who have taken pre-license courses throughout Florida containing this required content and organization. FL-RELEP's key point reviews are a succinct compression of tested national principles and practices drawn from our own Florida textbook, Principles of Real Estate Practice in Florida - one of the most widely used principles textbooks in Florida. Finally, our review content and question selection is tailored to follow the state testing outline promulgated by the state of Florida. A word about the tests. The FL-RELEP's test questions are designed to cover the content covered by the law reviews - which reinforces your learning of the total body of information tested by the state of Florida. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass the Florida state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Florida exam. So good luck!!

America's children are joining-and quitting-youth sports in record numbers. If kids can't find the fun in an activity, they may try to find the way out. If an adult can't find the right tools, they may not know the right words to say or the right actions to take. In "Raising Your Game," authors Ethan J. Skolnick and Dr. Andrea Corn present a guide adults can use to ensure the most enjoyable and enriching youth sports experience for a child. Through a combination of advice from more than 150 elite athletes and time-tested sports psychology concepts, Raising Your Game prompts parents to consider what really matters when it comes to their kids and sports. From LeBron James to Shannon Miller, Brandi Chastain to Jason Taylor, John Smoltz to Mary Joe Fernandez, Sanya Richards-Ross to Torii Hunter, athletes from across the sports spectrum discuss their setbacks and successes-what worked for them and what didn't. "Raising Your Game" discusses the types of guidance that can ignite inspiration and foster participation, practice, and progress, and which methods can create frustration and dejection. It shows the difference a supportive parent can make by showing up, showing interest and, at times, showing restraint.
