Films are integral to national imagination. Promotional publicity markets “domestic films” not only as entertaining, exciting, or moving, but also as topical and relevant in different ways. Reviewers assess new films with reference to other films and cultural products as well as social and political issues. Through such interpretive framings by contemporaries and later generations, popular cinema is embedded both in national imagination and endless intertextual and intermedial frameworks. Moreover, films themselves become signs to be cited and recycled as illustrations of cultural, social, and political history as well as national mentality. In the age of television, “old films” continue to live as history and memory. In Performative Histories, Foundational Fictions, Anu Koivunen analyzes the historicity as well as the intertextuality and intermediality of film reception by focusing on a cycle of Finnish family melodrama and its key role in thinking about gender, sexuality, nation, and history. Close-reading posters, advertisements, publicity-stills, trailers, review journalism, and critical commentary, she demonstrates how *The Women of Niskavuori* (1938 and 1958), *Loviisa* (1946), *Heta Niskavuori* (1952), *Aarne Niskavuori* (1954), *Niskavuori Fights* (1957), and *Niskavuori* (1984) have

operated as sites for imagining “our agrarian past”, our Heimat and heritage as well as “the strong Finnish woman” or “the weak man in crisis”. Based on extensive empirical research, Koivunen argues that the Niskavuori films have mobilized readings in terms of history and memory, feminist nationalism and men’s movement, left-wing allegories and right-wing morality as well as realism and melodrama. Through processes of citation, repetition, and recycling the films have acquired not only a heterogeneous and contradictory interpretive legacy, but also an affective force.

Truth can only be told with fiction. An up-and-coming rock star disappears from the stage in a flash of blinding white light, just in time to dodge a madman's bullet. Investigators soon discover the singer believed he was an alien abductee and was being closely monitored for signs of latent psychic abilities by various government agencies. The search ultimately leads to a cascading series of shocking revelations about human experimentation, high-tech surveillance and occult practices, proving just how deep the rabbit hole really goes. Five years in the making, He Will Live Up in the Sky is the first novel by Eagle Award-winning author Christopher Loring Knowles (Our Gods Wear Spandex). A galloping thrill-ride, He Will Live Up in the Sky is filled with memorable characters, gallows humor, sexual tension and searing drama, not to mention

a rocket-fueled series of twists and turns from start to finish. The culmination of years of research and experience, He Will Live Up in the Sky is a work of "nonfiction fiction." It guides the reader on a breathless primer through the very real spiderweb of intelligence agencies, organized crime, high technology and secret sects weaving in and out of nearly every aspect of our lives today. "Christopher Knowles' debut novel can easily be called a "page-turner" More than an engaging thriller, the book is an original and penetrating narrative about renegade intelligence organizations, the sadistic music industry, and the incubators of today's rampant conspiracy culture. Add a plot radiating with PKDian speculations and a space oddity ambiance, what you get is a story that will stay with you for a long time. You may never look at this country the same way again." Miguel Conner, author of Voices of Gnosticism & the Dark Instinct series "In his gripping debut novel, Knowles offers readers an intensely readable and detailed story of a troubled and haunted Grunge-era rock singer whose puzzling disappearance takes the reader along the ancient and sinister backroads of Knowles' native New England and into the black heart of a diabolical conspiracy that involves government mind control programs, UFOs and alien abduction, strange deaths and disappearances and military-industrial-complex-approved cult activity that will chill you to the

bone. I could not put it down!" Andrew W. Griffin, author of Rock Catapult & Dust Devil Dreams "Knowles uncannily synthesizes true events, persistent rumors, and the utterly fantastical into a Lynchian story where fact, fiction, the objectively real, and the imaginal become impossible to differentiate. There is something for every armchair anomalist, and few bits of esoterica go unremarked upon in the broad mythology Knowles weaves into the narrative. True aficionados of unexplained phenomena - with all their frustrations, dead ends, bizarre synchronicities and synchronystic hints - may well find He Will Live Up in the Sky the masterwork they have been searching for."

Joshua Cutchin, author of Thieves in the Night & A Trojan Feast "A fast-paced, intriguing paranormal thriller, which slowly reveals its juicy bits at the right time like a classy burlesque act. Yet the thing which will probably amaze readers the most after devouring this absolute page-turner is discovering that the most outlandish parts in this 'fiction novel' happened to be true."

On an island haunted by the ghost of a murdered girl, a young wife must unravel an eerie mystery to save her marriage in New York Times–bestselling author Jennifer Wilde’s spine-tingling novel of romantic suspense With its crashing waves, secret coves, and rumors of being haunted, Greycliff Island is a thrilling and magical place to lonely eleven-year-old Carolyn Dawson. It is here that she meets Grey Brandon, whose family owns the island’s cannery and who becomes her only friend. Thirteen years pass before he walks into her London bookshop. After a whirlwind courtship, Carolyn returns to her beloved island off the Cornish coast—as Grey’s bride. Not everyone likes the new mistress of Greycliff manor—not hostile, intimidating Burke, the servant who practically raised Grey; not Grey’s aunt; and not her insolent son, Evan, who think Carolyn is a fortune hunter. One day, in the gardens beyond the estate, Carolyn finds a tiny gravestone. That night, she’s awakened by a child’s screams. Years ago, a girl was murdered in one of the island’s caves. Grip, a weekly journal for British boys

Way, way back in the day - when yours truly was 17 years of age - he fell out of a running bus on his right wrist, and pretty much made a royal MESS of the wrist - a decidedly "non Gorilla grip" wrist at that point I'd say.

Though the wrist didn't hurt that bad at the time, and though I was going to treat it at home myself, I could barely move it in a clockwise and other manner - and long story short, I ended up going to a doctor who put it in a cast. Probably the right thing to do, and 'twas my right wrist - which has always been a weak suit for me. A few weeks later, I remember having to go an examination in another town, and my

father was the one that took me there. We had to stay in a hotel on the way, and all of a sudden, we met up with this one guy - - this guy about 6'2" in height, and a tennis player at that. And as we shook hands, I made it very clear that I had an injured right wrist - but he seemed not to listen, and he gripped my hand with his own "vice" like grip (tennis players have great grips!) - and the pain I felt was beyond comparison. But the worst part wasn't that - the worst part was the look in the eye - a look that he gave me unknowingly - a look that spoke volumes. A look of "you're a weakling" - something I'd heard ad infinitum growing up. Something that I'm sure would resonate with the great Charles Atlas if he was alive today. You've heard of Atlas, I'm sure? The guy who used to routinely get sand kicked in his face at the beach - who was to become one of the VERY BEST proportioned men in the entire world down the line. It was at that point (and perhaps also when the doctor who strapped my wrist gave me a "sorry" sort of look which spoke volumes as

well) that I decided I'd get the STRONGEST grip I could get. That I'd work my grip with a passion - and today, bonafide gym MONSTERS and "gorillas" in their own right shy away from shaking hands with me - and not because I intentionally try and crush hands either! As Vincent, a wrecking machine of a man if there ever was a one, a 6'1" mountain of pure muscle and an ex Marine noted last year -I've never met anyone that gripped my hand naturally with a kung fu like grip like you do! And so, is it any wonder that despite not a lot of promos -the two Gorilla Grip courses are the ones that sell the very best for me?Is it any wonder that I constantly get remarks about my grip - and how strong it is - and other related comments? Now note this. If I had told folks of my goals back then at that point - they'd have literally LAUGHED in my face.I'd have got sand kicked in my face - figuratively speaking - and then some ...And NOW? The info I'm putting out in both these courses will give you benefits and gains far, far superior to what the average trainee in the gym doing sets of "reverse curls" or "wrist rollers" can ever hope to accomplish. Two books with information gathered from having literally "been in the trenches from day one" in terms of physical exercises and REAL WORLD training - and if you don't believe me, just read what Vincent, a mountain of a man and a good friend that has spent over 25 years in the U.S. Marines had to say in "Gorilla Grip". It's raw, uncensored and STRAIGHT from the horse's mouth! Learn the RIGHT way to grip - and techniques that'll cause your gripping strength to explode almost instantly once you apply what is being taught!
