*** Previous year's questions on Indian Modern History of APSC prelims(GS) exam.* Solved paper from 1997 to 2015 with the description**

The book examines India's current and looming foreign policy challenges from a strategic and policy-oriented perspective. It analyzes the long-term factors and trends that should determine the country's foreign policy formulation. The author urges a reappraisal of India's approach if it is to become a major player in the complex and rapidly evolving 21st century world. Challenge and Strategy: Rethinking India's Foreign Policy focuses on India's immediate and strategic neighbourhood. It also looks at important issues like energy security, economic diplomacy, the interaction between defence and diplomacy, and foreign policy institutions. A unique feature of the book is that it combines the perspectives of a historian, a diplomat and a scholar. With many new out-of-the-box ideas and policy suggestions, it makes a valuable contribution to the ongoing debate on foreign policy within India's strategic community. This lucid and succinct book is a must-read for policy-makers, diplomats and foreign policy analysts. The corporate and business community too will find it professionally relevant. It is also an important knowledge resource for students of Indian politics, international relations, and defence and strategic studies, and others who are interested in India's foreign policy.

APSC Assam Yearbook 2021 : Latest Current Affairs

151 Essays for IAS/ PCS & other Competitive Exams 3rd Edition

General Knowledge 2020

Objective General English

Certificate Physics And Human Geography; Indian Edition

This book presents a complete and accessible description of the history of early India. It starts by discussing the origins and growth of civilizations, empires, and religions. It also deals with the geographical, ecological, and linguistic backgrounds, and looks at specific cultures of the Neolithic, Chalcolithic, and Vedic periods, as well as at the Harappan civilization. In addition, the rise of Jainism and Buddhism, Magadha and the beginning of territorial states, and the period of Mauryas, Central Asian countries, Satvahanas, Guptas, and Harshavardhana are also analysed. Next, it stresses varna system, urbanization, commerce and trade, developments in science and philosophy, and cultural legacy. Finally, the process of transition from ancient to medieval India and the origin of the Aryan culture has also been examined.

ApSC Prelims (gs) Topic - Indian Modern History Solved Question Papers from 1997 to 2015 with the Description

It gives us immense pleasure in presenting the Assam Current Affairs Yearbook 2021, Useful for APSC State PSC and all other competitive exams. India's struggle for Independence by Bipin Chandra is your go to book for an in-depth and detailed overview on Indian independence movement . Indian freedom struggle is one of the most important parts of its history. A lot has been written and said about it, but there still remains a gap. Rarely do we get to hear accounts of the independence from the entire country and not just one region at one place. This book fits in perfectly in this gap and also provides a narration on the impact this movement had on the people. Bipin Chandra's book is a well-documented history of India's freedom struggle against the British rule. It is one of the most accurate books which have been painstakingly written after thorough research based on legal and valid verbal and written sources. It maps the first war of independence that started with Mangal Pandey's mutiny and witnessed the gallant effort of Sri Rani Laxmi Bai. Many of the pages of

this book are dedicated to Mahatma Gandhi's non-cooperation and the civil disobedience movements. It contains detailed description of Subash Chandra Bose's weapon heavy tactics and his charisma. This book includes all the independence movements and fights, irrespective of their size and impact, covering India in its entirety. Although these movements varied in means and ideas, but they shared a common goal of independence. This book contains oral and written narratives from different parts of the country, making this book historically rich and diverse. The book captures the evolution of Indian independence struggle in full detail and leaves no chapter of this story untouched. This book is a good read for the students of Indian modern history and especially for students who are preparing for UPSC examination and have taken History as their subject.

"As India marks the twenty-year milestone of economic liberalization, some concerns about the country's future prospects as an emerging power are beginning to be voiced; often, these stem from the past history of sharp swings in India's fortunes. Bimal Jalan, one of the country's well-known economists and former Governor of the Reserve Bank of India, has closely followed the path of India's economic policies across its changing trajectories, from before the time the economy was liberalized to the very present. The pieces that appear here were all written during the last twenty years, with the exception of three prescient notes from the mid-1970s highlighting the need for economic reforms to foster growth. The principal thought behind these essays is that, in the past twenty years, India's capacity to grow faster than ever before has increased substantially because of its comparative advantage in relation to other countries. However, Jalan points out that for India to seize the opportunities that lie ahead, it is essential to bring about further reforms in the running of India's politics and administration in order to ensure inclusive and incremental economic growth. "

A History Of Assam

From Yandabo to Partition, 1826-1947

Air Force Common Admission Test

Geography of Assam

This is a comprehensive, intelligible and interesting

portrait of Ancient Indian History and Civilization from a national historical point of view. The work is divided into three broad divisions of the natural course of cultural development in Ancient India: (1) From the prehistoric age to 600 B.C., (2) From 600 B.C. to 300 A.D., (3) From 300 A.D. to 1200 A.D. The work describes the political, economic, religious and cultural conditions of the country, the expansionist activities, the colonisation schemes of her rulers in the Far East. Political theories and administrative organizations are also discussed but more stress has been laid on the religious, literary and cultural aspects of Ancient India. The book is of a more advanced type. It would meet the needs not only of general readers but also of earnest students who require a thorough grasp of the essential facts and features before taking up specialized study in any branch of the subject. It would also fulfil requirements of the candidates for competitive examinations in which Ancient Indian History and culture is a prescribed subject.

"Physical geography deals with the spatial and temporal characteristics and relationships of all phenomena within the physical environment of the earth. A systematic study of physical geography is of immense help in understanding the numerous environmental challenges of the contemporary period. Earth is a place of great physical and cultural diversity, yet people know little about it. The book is aimed to explain the spatial dimensions of the earth's natural systems and their processes. The chapters of this thoroughly revised and updated third edition of the bestselling introductory reader have been organised in a logical sequence well suited to the curriculum of established physical geography courses. The text includes many special features that are intended to enhance and clarify students' understanding and mastery of the material. Throughout, the scientific ideas and processes are explained in a simple manner supported by a range of illustrative material including maps, diagrams and photographs. The book will be an essential resource for students and teachers, and for anyone wishes to acquire more knowledge about the physical aspects and the processes responsible for various orders of the earth."

This book has been considered by academicians and scholars of great significance and value to literature. This forms a

part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

India's Ancient Past

Illustrations: Few Maps Description: This work is the first analytical and comprehensive account of the civilization of Assam from earliest to the present times. Its object is to acquaint the readers with the forces and factors moulding the society and culture of Assam through the ages. It analyses the salient features of Assamese civilization giving proper weightage to the contributions made by different tribes or ethnic groups of both the hills and the plains as well as by the followers of different faiths towards its growth and development. The work is divided into four parts. Part I gives a brief idea of the present state of Assam. It also discusses the source materials as well as the pre-history and the proto-history of the land. Part II deals with the ancient period beginning with the legendary kings till the dismemberment of the ancient kingdom of Pragjyotisha or Kamarupa in the close of the twelfth century AD. Part III treats the history of the medieval period from the rise of different tribal states on the ruins of the ancient kingdom till the fall of the Ahom monarchy in 1826. Part IV deals with the modern period covering the history of the British rule upto the attainment of the country's independence in 1947. It also contains a chapter dealing briefly with the events after independence. The authoress has made full use of all available sources, published and unpublished, preserved in different libraries within and outside the state. Attempt has been made to make the information up-to-date with proper notes and references and the treatment clear and precise. The work also contains a bibliography, glossary and index.

A thorough and incisive introduction to contemporary India The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling India's Struggle for Independence, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of

the Indian economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.

This edited volume presents a comprehensive and comparative view of the law of international watercourses with special reference to the issues facing the Ganges River basin. It provides an analysis of the development of international waterways law and outlines the essentials of the UN Convention on non-navigational uses of international watercourses. Focusing on relations between the three riparian states of the River Ganges and the potential for cooperation, the volume also examines the domestic legal regimes of the area and the political dimension to the issues of sharing the waters of the river. The work presents a comparative picture with an analysis of developments in the Rhine and Mekong basins, comparing developments in the legal regimes of these areas with the experience of South Asia. Presenting an up-to-date analysis of the current law and pointing the direction for future developments, this collection will be a valuable resource for academics, researchers and policy makers working in this area.
