Fabric of a Nation

American History: Connecting with the Past

In this Very Short Introduction, Alan Taylor presents the current scholarly understanding of colonial America to a broader audience. He focuses on the transatlantic and a transcontinental perspective, examining the interplay of Europe, Africa, and the Americas through the flows of goods, people, plants,

animals, capital, and ideas.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire

biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

Out of Many

The American Yawp

A Sketch of the United States Government's Dealings with Some of the Indian Tribes

Asking a Different Question

Depicts the hardships and suffering endured by the Joads as they journey from Oklahoma to California during the Depression.

Christopher Newman, an American businessman, tours 19th century Europe and courts a young woman who is a member of an aristocratic Parisian family.

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass

The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond.

Download Ebook Apush Chapter 1 Quiz

Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The *Yawp* highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

America's History

For the AP Course

The Whiskey Rebellion

A Brief History with Skills and Sources, For the AP® Course

Notes on the State of Virginia

Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history.

Revised, updated, and featuring a new after, word by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks--content is still king. Until now. Fabric of a Nation is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Ellington, this book offers a new approach to AP® US History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary!

AP Biology Premium Prep, 2021, previously titled Cracking the AP Biology Exam, Premium Edition, will now include a total of 6 full-length practice tests. The Premium edition continues to provide students with comprehensive topic reviews of all AP Biology subjects, from photosynthesis to genetics to evolution. It also includes strategies for all

AP Biology question types, including grid-in and short free-response questions, and contains detailed guidance on how to write a topical, cohesive, point-winning essay. This Premium edition now includes 6 full-length practice tests (4 in the book and 2 online) for the most practice possible.

A Very Short Introduction

People, Places, and Societies: Guided Reading

A People's History of the United States

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

When President George Washington ordered an army of 13,000 men to march west in 1794 to crush a tax rebellion among frontier farmers, he established a

range of precedents that continues to define federal authority over localities today. The "Whiskey Rebellion" marked the first large-scale resistance to a law of the U.S. government under the Constitution. This classic confrontation between champions of liberty and defenders of order was long considered the most significant event in the first quarter-century of the new nation. Thomas P. Slaughter recaptures the historical drama and significance of this violent episode in which frontier West and cosmopolitan East battled over the meaning of the American Revolution. The book not only offers the broadest and most comprehensive account of the Whiskey Rebellion ever written, taking into account the political, social and intellectual contexts of the time, but also challenges conventional understandings of the Revolutionary era.

2021 Reprint of the 1925 Edition. The Man Nobody Knows is the second book by the American author and advertising executive Bruce Fairchild Barton. In it, Barton presents Jesus as "The Founder of Modern Business," in an effort to make the Christian story accessible to businessmen of the time. When published in 1925, the book topped the nonfiction bestseller list, and was one of the best-selling non-fiction books of the 20th century. Since its publication, The Man Nobody Knows has divided readers. Some welcome the portrayal of Jesus as a strong character, whom no one dared oppose, and praise the use of familiar stereotypes to stimulate interest in religion, whilst others ridicule the suggestion that Jesus was a salesman. Critics have suggested that The Man Nobody Knows is a prime example of the materialism and "glorified Rotarianism" of the Protestant

Culturally Relevant Pedagogy

By the People

U.S. History

For the first time, this volume provides a definitive collection of Gloria Ladson-Billings' groundbreaking concept of Culturally Relevant Pedagogy (CRP). After repeatedly confronting deficit perspectives that asked, "What's wrong with 'those' kids?", Ladson-Billings decided to ask a different question, one that fundamentally shifted the way we think about teaching and learning. Noting that "those kids" usually meant Black students, she posed a new question: "What is right with Black students and what happens in classrooms where teachers, parents, and students get it right?" This compilation of Ladson-Billings' published work on Culturally Relevant Pedagogy examines the theory, how it works in specific subject areas, and its role in teacher education. The final section looks toward the future, including what it means to re-mix CRP with youth culture such as hip hop. This one-of-a-kind collection can be used as an introduction to CRP and as a summary of the idea

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, " Contending Voices, " offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT
