There has been much opinion and little
fact written on the subject of lock picking.
It is the purpose of this book to clarify the
facts about this delicate process, and at the

same time to train you in proper procedure. Reading this book is certainly enough to get you started picking simple locks, but remember: a great deal of time and patience are needed to become a truly proficient locksmith. In this volume, you will learn the fundamental theories of lock picking in addition to proper terminology,
