**'Raw, frank and utterly heartfelt, but full of love and joy too, one of the most moving and uplifting memoirs I've ever read.'** Daisy Buchanan **'Evanna's account of overcoming an eating disorder gives an unsparing insight into the mental health system, and the journey to true recovery. A beautifully courageous and honest memoir.'** Bonnie Wright **'As well as charting her adolescent battle with anorexia, it offers a darkly compelling, highly topical account of journeying from girlhood to womanhood in the spotlight of global celebrity.'** The Mail on Sunday **'A raw and powerful memoir, it shares lessons banishing self-hatred.'** The Sunday Telegraph **'Gradually, I began to feel this dawning awareness that womanhood was coming for me, that it was looming inevitably, and it didn't feel safe...'** Evanna Lynch has long been viewed as a role model for people recovering from anorexia and the story of her casting as Luna Lovegood in the Harry Potter films has reached almost mythic proportions. Here, in her fascinating new memoir, Evanna confronts all the complexities and contradictions within herself and reveals how she overcame a life-threatening eating disorder, began to conquer her self-hate and confronted her fear of leaving the neatness and safety of girlhood for the unpredictable journey of being a woman, all in the glare of the spotlight of international fame. Delving into the very heart of a woman's relationship with her own body, Evanna explores the pivotal moments and choices in her life that led her down the path of creativity and dreaming and away from the empty pursuit of perfection, and reaches towards acceptance of the wild, sensual and unpredictable reality of womanhood. This is a story of the tragedy and the glory of growing up, of mourning girlhood and stepping into the unknown, and how that act of courage is the most magical and creatively liberating thing a woman can do.

Are they human, or are they beast? Over the past several decades, the world has seen a new phenomenon on the rise, a group of people identifying as "furries." They have appeared in the news and popular TV shows as adults wearing fursuits and participating in sex parties, but what are they really? As a sequel to the award-winning first volume, this collection of essays on the furry fandom reveals furries through their own eyes, with bestselling novelists Bill Kieffer and Phil Geusz, celebrity social media characters Jesus Fox and Satan Fox, the International Anthropomorphic Research Project, and so many more, covering topics from anthropomorphic animal science fiction to furry clubs to furry gender identity and the psychology behind furries. Some of the essays are comical and playful, while others are serious and academic. On one paw, this is a work for non-furries to get a glimpse into the anthropomorphic world. On the other, this is a chance for furries to hear from many of their favorite furries.

Will love be enough to save them from the coming storm? After a rocky start, David is settling into his new life with Khazak, the orc who is his... Owner? Friend? Lover? He's still figuring that out, and with his friends in jail for the next two months, he's got time. Or at least he will when he's not working with Khazak and the other rangers to keep the city of V'rok'sh Tah'lj safe. It would also be nice if the weird dreams he's been having would stop. He's done a lot of growing (and not just emotionally), but he can't say this is where he saw himself winding up after leaving the knight academy. At least it's only temporary, right? For his part, Khazak has been all too happy to have David around. It's not that his life was boring, he was just used to his routine before the troublesome human entered his life and shook things up. Now he has someone to talk to, share his meals with; they're even working together. Plus, he finally has someone to take to the upcoming Uzu'gor festival like he's always wanted. Unfortunately, what starts with a simple robbery leads to the uncovering of a plot far more sinister, one that threatens not just the limited time he has left with David, but the entire city. A story full of humor, romance, mystery, and kinky outdoor orc festivals! Readers new and old will love this chapter in the continuing tale of David & Khazak and their developing relationship. If you love gay/male-on-male romances that feature kink, BDSM, and Dom/Sub elements, all set in an anachronistic fantasy world, this book is for you!

**Jason, Piper, and Leo, three students from a school for "bad kids," find themselves at Camp Half-Blood, where they learn that they are demigods and begin a quest to free Hera, who has been imprisoned by Mother Earth herself. Suggested level: intermediate, junior secondary. Although the short story has existed in various forms for centuries, it has particularly flourished during the last hundred years. Reader's Companion to the Short Story in English includes alphabetically-arranged entries for 50 English-language short story writers from around the world. Most of these writers have been active since 1960, and they reflect a wide range of experiences and perspectives in their works. Each entry is written by an expert contributor and includes biography, a review of existing criticism, a lengthier analysis of specific works, and a selected bibliography of primary and secondary sources. The volume begins with a detailed introduction to the short story genre and concludes with an annotated bibliography of major works on short story theory.**

**Seven Deadly Sins has been a literary trope for centuries, popularized by Italian poet Dante. They are as follows: pride, greed, lust, wrath, gluttony, envy, and sloth. This collection is divided respectively into the seven parts. You will see anthro-animal characters at their darkest and weakest moments: at the whorehouse, at the chopping block, in the morgue, in the dining room with the candlestick. There is horror-especially in Wrath-and erotica-especially in Lust. Experience these characters' sins. Then, stand and judge...or fall and be judged.**

**Zeus has punished his son Apollo--god of the sun, music, archery, poetry, and more--by casting him down to earth in the form of a gawky, acne-covered sixteen-year-old mortal named Lester. The only way Apollo can reclaim his rightful place on Mount Olympus is by restoring several Oracles that have gone dark. What is affecting the Oracles, and how can Apollo/Lester do anything about them without his powers? After experiencing a series of dangerous--and frankly, humiliating--trials at Camp Half-Blood, Lester must now leave the relative safety of the demigod training ground and embark on a hair-raising journey across North America.**

**Somewhere in the American Midwest, he and his companions must find the most dangerous Oracle from ancient times: a haunted cave that may hold answers for Apollo in his quest to become a god again--if it doesn't kill him or drive him insane first. Standing in Apollo's way is the second member of the evil Triumvirate, a Roman emperor whose love of bloodshed and spectacle makes even Nero look tame. To survive the encounter, Apollo will need the help of son of Hephaestus Leo Valdez, the now-mortal sorceress Calypso, the bronze dragon Festus, and other unexpected allies--some familiar, some new--from the world of demigods. Come along for what promises to be a harrowing, hilarious, and haiku-filled ride. . . . Includes the first chapter of The Trials of Apollo Book 3: THE BURNING MAZE, plus the first chapters of two Rick Riordan Presents novels: THE STORM RUNNER by J. C. Cervantes, based on Mayan mythology, and DRAGON PEARL by Yoon Ha Lee, a space opera with elements of Korean mythology.**

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Written in the context of critical dialogues about the war on terror and the global crisis in human rights violations, authors of this collected volume discuss aspects of terror with regard to human rights events across the globe, but especially in the United States, Latin America, and Europe. Their discussion and reflection demonstrate that the need to question continuously and to engage in permanent critique does not contradict the need to seek answers, to advocate social change, and to intervene critically. With contributions by scholars, activists, and artists, the articles collected here offer strategies for intervening critically in debates about the connections between terror and human rights as they are taking place across contemporary society. The work presented in the volume is intended for scholars, as well as undergraduate and graduate students in the fields of the humanities and social sciences, including political science, sociology, history, literary study, cultural studies, and cultural anthropology.
