Written by the Chair of Examiners for a major exam board, GCSE Citizenship Studies Britain offers a 15 week guided revision programme for students of all abilities studying the new GCSE Citizenship Studies course.

Revise for AS & A2 Biology with confidence! Providing complete study support throughout the two A Level years, this Edexcel Chemistry study guide matches the curriculum content and provides in-depth course coverage. Written by experienced AS and A2 examiners this book includes invaluable advice on how to get the best results in the exams. Providing plenty of exam practice and frequent progress checks and questions to consolidate learning, this AS & A2 Edexcel Chemistry study guide contains invaluable advice and preparation for the exam. Extensive coverage of the Edexcel course: * AS & A2 specification checklists to organise your studies * tick boxes to record your progress and plan your revision * in-depth coverage of core AS & A2 topics Also included in this book: * examiner's tips that reveal how to achieve higher marks * exam board labels that allow students to identify content relevant to their course * topics subdivided into short, manageable sections * highlighted key points and terminology, and examiner's hints to offer guidance * progress check questions to test recall and understanding * sample questions and model answers that reveal what examiners are looking for * exam-style questions and answers that provide crucial exam practice

Andrew Gillespie has established a well-earned reputation as an examiner and author in Business Studies. In this exciting new book he summarises a number of A Level topics and engages the reader in a series of exercises designed to test knowledge and increase exam skills. There is guidance on the precise requirements of AQA, Edexcel and OCR, and each topic provides: * Questions for self-testing with answers at the back * Examination questions and answers for students to analyse * An analysis of how the author himself would mark the answers

The Bloomsbury Handbook of Rock Music Research is the first comprehensive academic survey of the field of rock music as it stands today. More than 50 years into its life and we still ask - what is rock music, why is it studied, and how does it work, both as music and as cultural activity? This volume draws together 37 of the leading academics working on rock to provide answers to these questions and many more. The text is divided into four major sections: practice of rock (analysis, performance, and recording); theories; business of rock; and social and culture issues. Each chapter combines two approaches, providing a summary of current knowledge of the area concerned as well as the consequences of that research and suggesting profitable subsequent directions to take. This text investigates and presents the field at a level of depth worthy of something which has had such a pervasive influence on the lives of millions.

Written by a senior examiner, Mary Jones, this Edexcel AS Biology Student Unit Guide is the essential study companion for Unit 2: Development, Plants and the Environment. This full-colour book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index examiner's advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade. Improve your grades by focusing revision and build confidence and strengthen exam technique. Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit requirements, summarises the relevant unit content and includes a series of specimen questions and answers. There are three sections to each guide: Introduction - includes advice on how to use the guide, an explanation of the skills being tested by the assessment objectives, an outline of the unit or module and, depending on the unit, suggestions for how to revise effectively and prepare for the examination questions, Content Guidance - provides an examiner's overview of the module's key terms and concepts and identifies opportunities to exhibit the skills required by the unit. It is designed to help students to structure their revision and make them aware of the concepts they need to understand the exam and how they might analyse and evaluate topics and Question and Answers - sample questions and with graded answers which have been carefully written to reflect the style of the unit. All responses are accompanied by commentaries which highlight their respective strengths and weaknesses, giving students an insight into the mind of the examiner.

Reinforce students' geographical understanding throughout their course; clear topic summaries with sample questions and answers help students improve their exam technique and achieve their best. Written by a teacher with extensive examining experience, this guide: - Helps students identify what they need to know with a concise summary of the topics examined at AS and A-level - Consolidates understanding through assessment tips and knowledge-check questions - Offers opportunities for students to improve their exam technique by consulting sample graded answers to exam-style questions - Develops independent learning and research skills - Provides the content students need to produce their own revision notes

The first book of two, Advanced Subsidiary Psychology seeks to develop an understanding of the principles of Psychology and to illustrate these by reference examples relevant to students' own interests and experience. Fully in line with the AS Edexcel specifications, Book 1 covers the first three units of the award and provides a thorough preparation for the AS examination.

The Edexcel AS/A2 Music Technology Study Guide, 2nd Edition, is an essential guide to what students should expect in the AS and A Level Music Technology exams - For exams 2010 to 2013. This clear and comprehensive guide covers popular music styles since 1910, how to use sequencing software, information about production techniques, MIDI, processing, using effects, varied recording equipment, how to create and mix a professional recording, and advice on composing music for film, TV, electro-acoustic music, and popular songs. Most importantly, students will discover what to expect in the exam: What they need to know and how best to answer the questions.

A good grade at A Level or Scottish Higher Grade can depend on the student's ability to tackle exam questions confidently and to understand the technique involved in answering questions accurately. The aim of this text is to help students learn how to answer questions in an exam environment. It provides an insight into the mind of the examiner, highlighting what makes a good answer, how marks are allocated, and what the most common mistakes are. Questions are taken from past papers, or newly written by the authors, with revision summaries, answers with full working and examiner's tips. They are an ideal complement to A Level study guides.

Board-specific Teacher Support Packs provide advice and assistance on how to approach this new qualification. This Pack is appropriate for Edexcel and includes information on how to prepare students for external assessment and how to assist them in preparing their portfolios.
