Surgeons have always been technologists, in the sense that since surgery began they have always needed technology, beginning with a scalpel and

They have  
always

However, in  
the new

***This study proposes  
a new view of  
glossing as a  
universal  
phenomenon.  
Starting from the  
Psalter, a  
centrepiece of  
devotion and  
education in early  
medieval Europe, it  
combines historical  
sociolinguistics,***
