A collection of essays from the visionary storyteller Gianni Rodari about fairy tales and folk tales and their great advantages in teaching creative storytelling. "Rodari grasped children's need to play with life's rules by using the grammar of their own imaginations. They must be encouraged to question, challenge, destroy, mock, eliminate, generate, and reproduce their own language and meanings through stories that will enable them to narrate their own lives." --Jack Zipes "I hope this small book," writes renowned children's author Gianni Rodari, "can be useful for all those people who believe it is necessary for the imagination to have a place in education; for all those who trust in the creativity of children; and for all those who know the liberating value of the word." Full of ideas, glosses on fairytales, stories, and wide-ranging activities, including the fantastic binomial, this book changed how creative arts were taught in Italian schools. Translated into English by acclaimed children's historian Jack Zipes and illustrated for the first time ever by Matthew Forsythe, this edition of The Grammar of Fantasy is one to live with and return to for its humor, intelligence, and truly deep understanding of children. A groundbreaking pedagogical work that is also a handbook for writers of all ages and kinds, The Grammar of Fantasy gives each of us a playful, practical path to finding our own voice through the power of storytelling. Gianni Rodari (1920-1980) grew up in Northern Italy and wrote hundreds of stories, poems, and songs for children. In 1960, he collaborated with the Education Cooperation Movement to develop exercises to encourage children's creative and critical thinking abilities. Jack Zipes is a renowned children's historian and folklorist who has written, translated, and edited dozens of books on fairytales. He is a professor at the University of Minnesota. Matthew Forsythe lives in Montreal where he draws and paints for picture books, comics, and animations.

This indispensable book for drummers of all types includes hundreds of basic to advanced rhythms and moves through categories of single-beat combinations, triplets, short roll combinations, flam beats, flam triplets and dotted notes, and short roll progressions.

Hard Times - For These Times (commonly known as Hard Times) is the tenth novel by Charles Dickens, first published in 1854. The book surveys English society and satirises the social and economic conditions of the era.Hard Times is unusual in several ways. It is by far the shortest of Dickens' novels, barely a quarter of the length of those written immediately before and after it.Also, unlike all but one of his other novels, Hard Times has neither a preface nor illustrations. Moreover, it is his only novel not to have scenes set in London.Instead the story is set in the fictitious Victorian industrial Coketown, a generic Northern English mill-town, in some ways similar to Manchester, though smaller. Coketown may be partially based on 19th-century Preston.

EDUCARE ALLA MUSICA... EDUCARE CON LA MUSICA ha come tema principale la preparazione alla disciplina musicale non limitandosi a esposizioni teoriche, ma inserendo tale disciplina in un dibattito complesso che richiama la dicotomia tra i concetti d’istruzione ed educazione. E esso riassume le conoscenze dei due autori, acquisite dall’esperienza didattica e coadiuvate dagli studi specifici. Grazie alla scelta di uno stile semplice, insieme ad un lessico in prevalenza colloquiale, si vuole fornire al lettore dei consigli pratici per l’apprendimento della disciplina in oggetto. La prima parte prevalentemente teorica, trova immediata attuazione nella seconda, proponendo a tutti coloro che si apprestano ad entrare nel mondo della didattica, un modello pratico di insegnamento strumentale, in particolare del Saxofono, nella Scuola Secondaria di I Grado. Gli autori si augurano di aver creato oltre che un valido supporto a coloro che si avvicineranno al mondo dell’insegnamento, un interessante argomento per tutti gli appassionati del meraviglioso mondo della musica.
