

Atalanta

Retells the myth of the Greek princess, rejected by her father, raised by bears, won in marriage in a race by Melanion, and then changed into a lioness by an angry Aphrodite.

Atalanta was one of the most intriguing Greek heroes. Armed with incredible strength and skill, she amazed everyone with her hunting prowess and athletic ability. Despite her talents, Atalanta faced many challenges and difficulties, most of all competing against a man who wanted to claim her as his wife. This book explores

Atalanta's legend, how her story still connects with today's world through literature and other media, and cultural traditions involving women in the ancient world. Using sidebars and facts, this volume ultimately explores this ancient figure's importance during her time and highlights how she still inspires today's young women and men.

The Race Against Destiny : a Greek Myth

A Dramatic Version of Greek Myths and Hero Tales

Atalanta's Race

Before Atalanta became a Greek legend, she encountered a beast . . . Abandoned by her parents and raised by bears until the age of four, Atalanta has led a life of adventure. After her adoptive father is slain by a ferocious beast, the twelve-year-old Atalanta sets off on a journey that treats a brother. She discovers that a monster is terrorizing the land of Arcadia and that the king has assembled a party to track it down—led by the legendary huntsman Orion. Atalanta wins a place at Orion's side, but the hunt for the beast is also a hunt to uncover the secret of the greatest danger of all. This ebook features personal histories by Jane Yolen and Robert J. Harris including rare images from the authors' personal collections, as well as a timeline of the Heroic Age and a conversation between the two authors about the making of the series.

Employing close reading of a kind usually associated with the study of lyric poetry, this book offers a general framework for reading African-American (and American) literature.

Readers Theatre from Greek Mythology

A Poem. Canto 1

Celebrating the pleasure and pain of sensual love in all its aspects, this collection of poetry and ballads by the renowned Pre-Raphaelite poet is accompanied by his verse drama, *Atalanta in Calydon*, a play in classical Greek form, as well as commentary on the poems. Reprint.

Susan B. Matheson has written the first detailed analysis of Polygnotos, a major vase painter of classical Athens whose workshop flourished for fifty years, from the the golden age of

Pericles to the end of the fifth century. Inspired by the monumental art of Pheidias and other sculptors who defined fifth-century classical style, Polygnotos and his workshop reflected

this style as it emerged from the sculptures of the Parthenon. Matheson provides the first comprehensive chronology for Polygnotos s own works, and then analyzes the distinctive, evolving

Polygnotan style first isolated by Sir John Beazley, comparing this style to that of contemporary Athenian workshops and demonstrating its seminal influence on the later vase painting of

southern Italy. She then surveys Polygnotan iconography to show its relation to contemporary vase painting and sculpture, emphasizing both its originality and its continuity with Athenian

iconographic traditions. The more than 600 pieces discussed here, 171 of which are illustrated, reflect the diverse religious, historical, and intellectual trends in Periclean Athens. Some

vases bear innovative representations of myths from the dramas of Sophocles and Aeschylus, while others portray the religious sacrifices and rituals of Athenian civic life. Perhaps the most

arresting, though, reveal the private life of Athens drunken revelers at symposia, women conversing together, a somber young man departing for war. The diverse subjects represented by the

Polygnotan group of vase painters, comprehensively analyzed and extensively illustrated, offer an enlightening glimpse into Athenian life for students and scholars alike, leading to a

broader understanding of art, religion, and society in classical Greece. "

Atalanta in the South

The Wings of Atalanta

A Romance

Few classical stories are as exciting as that of Jason and the Golden Fleece. The legend of the boy, who discovers a new identity as son of a usurped king and leads a crew of demi-gods and famous heroes, has resonated through the ages, rumbling like the clashing rocks, which almost pulverised the Argo. The myth and its reception inspires endless engagements: while it tells of a quest to the ends of the earth, of the tyrants Pelias and Aetes, of dragons' teeth, of the loss of Hylas (beloved of Hercules) stolen away by nymphs, and of Jason's seduction

of the powerful witch Medea (later betrayed for a more useful princess), it speaks to us of more: of gender and sexuality; of heroism and lost integrity; of powerful gods and terrifying monsters; of identity and otherness; of exploration and exploitation. The Argonauts are emblems of collective heroism, yet also of the emptiness of glory. From Pindar to J. W. Waterhouse, Apollonius of Rhodes to Ray Harryhausen, and Robert Graves to Mary Zimmerman, the Argonaut myth has produced later interpretations as rich, salty and complex as the ancient versions. Helen Lovatt here unravels, like untangled sea-kelp, the diverse strands of the narrative and its numerous and fascinating afterlives. Her book will prove both informative and endlessly entertaining to those who love classical literature and myth.

A significant part (if not a cornerstone) of most any middle school literature curriculum, Greek mythology lends itself to exploration through readers theatre distinctly because of its trademark high drama and action. Each of these 26 scripts introduces a character or characters

from Greek mythology and chronicles some of the important surrounding mythical events. Students get to know heroes, such as Heracles and Athena, in addition to lesser-known but equally fascinating figures, such as Chiron and Asclepius.
