player receives the same training as his or her teammates, even though they are asked to perform different functions. As a result, players do not receive specific feedback and lack the ability to produce functional skills in the heat of a game. Aimed at football coaches of all levels, and players of all ages and abilities, *The Modern Soccer Coach: Position-Specific Training* seeks to identify, develop, and enhance the skills and functions of the modern soccer player whatever their position and role on the pitch. This book offers unique insight into how to develop an elite program that can both

diagnosis. Barbara M. Sourkes, Ph.D. describes how she works with these children, using drawings, soft toys and dolls, stories and real medical objects, to allow them to communicate their feelings about the treatment they undergo, their relationship with their families, their experience of the illness and living with the threat of loss. Making extensive use of the words of children, offering astute interpretations and sound practical advice, this is a book that will be welcomed by all those concerned with the care of children with life-threatening illnesses.
