Shortlisted for the Man Booker Prize: In postwar Liverpool, a teenager joins a theater troupe to escape her working-class life—and is drawn into a darker world. From one of Britain's best-loved novelists, this is the story of Stella Bradshaw, an orphaned sixteen-year-old with dreams of getting out of her boardinghouse in the slums. Unwilling to resign herself to a job at

Woolworth's, she finds a place at the Liverpool Repertory Company instead. She quickly falls head over heels for the rundown theater's dissolute director, Meredith Potter, but he has no interest in her. And Stella is too naïve to understand why. As she tries to gain experience with other colleagues in the hope of one day seducing Meredith, the director is faced with a crisis when a cast member is injured just as the company's production of *Peter Pan* is about to open. The replacement is an older man, a war hero and a prominent actor—and he's instantly drawn to Stella. But while the romance that follows may be innocent, its implications are far from wholesome. Named by the *Times* (London) as one of the "fifty greatest British writers since 1945," author Beryl Bainbridge portrays working-class England in the aftermath of World War II with her signature dark humor and dry wit. Adapted into a 1995 film starring Hugh Grant and Alan Rickman, *An Awfully Big Adventure* is an atmospheric historical novel about the loss of innocence with a definitively

modern—and chilling—twist. This ebook features an illustrated biography of Beryl Bainbridge including rare images from the author's estate.

davidquantick.com This is a literary quiz
book with a difference. Rather than basic
sets of questions, The Book Lover's Quiz
Book mirrors the format of Gary's live
quizzes, at the Betsey Trotwood in
London and elsewhere. So, there are lots
of multiple-choice questions, some
amusing answers, clever red herrings,
little-known facts about authors and
some of the much-loved Say What You
See picture round. Also, there are fixed
and variable rounds - fixed ones include
'Blankety Books' (one word missing from
the title - always with a theme), 'Literary
Links and lists' (what connects/next in
the list etc.) and '2 of a Kind' (name the
character and the author that share the
same initials). The changeable rounds
keep the quizzes fresh and include 'What
the Dickens?' (real or made-up Dickens
names), 'RomeNo or JuliYess' (real or
made-up Shakespearian insults) and
'Book Bingo!' (identify the correct
number). There are also more standard
rounds such as 'First Lines', 'Working
Titles' and 'Banned Books'. The aim of all
Gary's quizzes, and this book, is that
people should have fun and be able to**

guess (if they don't know) as much as possible.

A good book can make a bad day good, and a good day great! Books can turn a rainy day into a sunny one, a sad day into a happy one, a boring day into one filled with magic and possibilities. Whether you are a seasoned, experienced reader, who ends up reading hundreds of books every single year, or someone who has recently started consuming a lot of literature, either as a language improvement tool, or because you want to fill your free time with a pleasurable new pastime, you will enjoy this book, since it caters to a very wide range of audience members, and also serves a dual purpose - both as a test of how much you know about books, writers, authors, and literature, and as a tool to discover new works of fiction and nonfiction that are similar to books that you already love or own. This huge quiz book will help you relive the memories of some of the greatest works of literature of all time. In the pages of this volume, you will be asked to match the name of a successful work of fiction or nonfiction to the person who wrote that book. The twist: you will have to find a needle in a haystack, since you have to pick the correct answer out of a set of choices. The difficulty level of the puzzles in the book increases slowly: you will definitely be able to ease in with the first few easy questions before getting to the harder bits. This book is definitely the ultimate workout for both your memory and your reasoning skills. At the most basic level - you will be able to guess the correct answer to a given question if you know who wrote the book that is a part of the main clue. However, even if you don't, you can go through the list of potential authors given in the options for that puzzle, and try to

eliminate a few based on the style of the language used in the title of the book, and your knowledge of some of those authors, and the topics they write about. In this way, you will whittle down the option set to a relatively small number, and will substantially increase the probability that your guess will be correct. In this way, you can consistently post high scores even on questions where you are not sure of the correct answer at all. This book is especially great if read with a friend or friends; this way, you can put your brains together, and use your knowledge of diverse genres of fiction and nonfiction to come up with the perfect answer in every single case, and dramatically improve your performance in the end-of-chapter scores. The puzzles in this book deal with hundreds and hundreds of legendary literary figures; they will also introduce you to some of their most famous works. Some of the writers you will read about are very prominent, and everyone knows them; some are more obscure, and you will be able to use this book partly as a book discovery tool; as a virtual book club or reading list, if you will! By the end, your mind will have had a thorough workout, and you will have discovered a few new intriguing literature creators to check out. Libraries and bookstores - whether online or offline - are slowly opening again. The future is bright, the future is interesting, and your literary future starts right now, with the book you have in your hands at this very moment!! wish you the best.
